SECURITAS TREASURY IRELAND DESIGNATED ACTIVITY COMPANY

(incorporated with limited liability in Ireland)

as Issuer

€5,000,000,000

Euro Medium Term Note Programme

Under this €5,000,000,000 Euro Medium Term Note Programme (the "Programme"), Securitas AB (publ) ("Securitas AB") and Securitas Treasury Ireland Designated Activity Company ("STI") (each an "Issuer" and together, the "Issuers") may from time to time issue notes (the "Notes") denominated in any currency agreed between the relevant Issuer and the relevant Dealer (as defined below). Any Notes issued under the Programme on or after the date of this Base Prospectus are issued subject to the provisions herein. This does not affect any Notes already issued.

Payments under the Notes issued by STI will be unconditionally and irrevocably guaranteed by Securitas AB (in such capacity, the "Guarantor").

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €5,000,000,000 (or its equivalent in other currencies calculated as described herein), subject to increase as described herein.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under "Overview of the Programme" and any additional Dealer appointed under the Programme from time to time by the Issuers (each a "Dealer" and together the "Dealers"), which appointment may be for a specific issue or on an ongoing basis. References in this Base Prospectus to the "relevant Dealer" shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to purchase such Notes.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks, see "Risk Factors".

This Base Prospectus is valid for a period of twelve months from the date of approval. Such approval relates only to the Notes which are to be admitted to trading on the Regulated Market (as defined below) or other regulated markets for the purposes of Directive 2014/65/EU of the European Parliament and of the Council on markets in financial instruments (as amended, "MiFID II") and/or which are to be offered to the public in any member state of the European Economic Area ("EEA"). The Issuers will, in the event of any significant new factor, material mistake or material inaccuracy relating to information included in this Base Prospectus which may affect the assessment of any Notes, prepare a supplement to this Base Prospectus or publish a new Base Prospectus for use in connection with any subsequent issue of Notes. The obligation to prepare a supplement to this Base Prospectus in the event of any significant new factor, material mistake or material inaccuracy does not apply when the Base Prospectus is no longer valid.

This Base Prospectus has been approved by the Central Bank of Ireland (the "Central Bank"), as competent authority under the Prospectus Regulation (as defined below). The Central Bank only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of either the Issuers, the Guarantor or the quality of the Notes that are the subject of this Base Prospectus and investors should make their own assessment as to the suitability of investing in the Notes.

Application has been made to the Irish Stock Exchange plc, trading as Euronext Dublin ("Euronext Dublin"), for the Notes to be admitted to the Official List of Euronext Dublin (the "Official List") and to trading on its regulated market (the "Regulated Market"). There can be no assurance that any such listing will be maintained.

References in this Base Prospectus to Notes being "listed" (and all related references) shall mean that such Notes have been admitted to trading on the Regulated Market and have been admitted to the Official List. The Regulated Market is a regulated market for the purposes of MiFID II.

The requirement to publish a prospectus under the Prospectus Regulation only applies to Notes which are to be admitted to trading on a regulated market in the EEA and/or offered to the public in the EEA, other than in circumstances where an exemption is available under the Prospectus Regulation. References in this Base Prospectus to "Exempt Notes" are to Notes for which no prospectus is required to be published under the Prospectus Regulation. The Central Bank has neither approved nor reviewed information contained in this Base Prospectus in connection with Exempt Notes.

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche (as defined under "Terms and Conditions of the Notes") of Notes will, with respect to all Notes other than Exempt Notes, be set out in a final terms document (the "Final Terms") which will be filed with the Central Bank. Copies of Final Terms in relation to Notes to be listed on the Official List will also be published on the website of Euronext Dublin (<https://live.euronext.com/en/markets/dublin>). In the case of Exempt Notes, notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche will be set out in a pricing supplement document (the "Pricing Supplement").

Amounts payable on Floating Rate Notes will be calculated by reference to one of SONIA, EURIBOR, STIBOR or NIBOR as specified in the applicable Final Terms. As at the date of this Base Prospectus, each of the European Money Markets Institute (as administrator of EURIBOR), Swedish Financial Benchmark Facility (as administrator of STIBOR) and Norske Finansielle Referanser AS (as administrator of NIBOR) is included on the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority ("ESMA") under Article 36 of the Regulation (EU) No. 2016/1011 (the "Benchmarks Regulation"). As at the date of this Base Prospectus, the Bank of England (as administrator of SONIA) is not included in the register of administrators established and maintained by the ESMA under Article 36 of the Benchmarks Regulation. As far as the Issuers are aware, SONIA does not fall within the scope of the Benchmarks Regulation by virtue of Article 2 of the Benchmarks Regulation.

The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchanges or markets as may be agreed between the relevant Issuer and the relevant Dealer. The Issuers may also issue unlisted Notes and/or Notes not admitted to trading on any market.

Securitas AB has been rated BBB by S&P Global Ratings Europe Limited ("S&P"). S&P is established in the European Union and is registered under the Regulation (EC) No. 1060/2009, as amended (the "CRA Regulation"). As such S&P is included in the list of credit rating agencies published by ESMA on its website (<https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>) in accordance with the CRA Regulation. Notes issued under the

Programme may be rated by S&P or unrated. Where a Tranche of Notes is rated, such rating will be disclosed in the Final Terms (or Pricing Supplement, in the case of Exempt Notes). A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

The date of this Base Prospectus is 11 February 2025

This Base Prospectus comprises a base prospectus in respect of all Notes other than Exempt Notes issued under the Programme for the purposes of Article 8 of the Prospectus Regulation. When used in this Base Prospectus, “Prospectus Regulation” means Regulation (EU) 2017/1129 and “UK Prospectus Regulation” means Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“EUWA”).

PRIIPs / IMPORTANT – EEA RETAIL INVESTORS – If the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) includes a legend entitled “*Prohibition of Sales to EEA Retail Investors*”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97 (the “Insurance Distribution Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) No. 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

UK PRIIPs / IMPORTANT – UK RETAIL INVESTORS – If the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) includes a legend entitled “*Prohibition of Sales to UK Retail Investors*”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (the “UK”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (8) of Article 2 of Regulation (EU) No. 2017/565 as it forms part of domestic law by virtue of the EUWA; (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement the Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (8) of Article 2(1) of Regulation (EU) No. 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of the UK Prospectus Regulation. Consequently no key information document required by the PRIIPs Regulation as it forms part of domestic law by virtue of the EUWA (the “UK PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

MIFID II PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) may include a legend entitled “*MiFID II Product Governance/Target Market*” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the “MiFID Product Governance Rules”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

UK MIFIR PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) may include a legend entitled “*UK MiFIR Product Governance/Target Market*” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “UK MiFIR Product Governance Rules”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but

otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

SINGAPORE SFA PRODUCT CLASSIFICATION – The Final Terms (or Pricing Supplement, in the case of Exempt Notes) in respect of any Notes may include a legend entitled “Singapore Securities and Futures Act Product Classification” which will state the product classification of the Notes pursuant to Section 309B(1) of the Securities and Futures Act 2001 of Singapore, as modified or amended from time to time (the “SFA”). If applicable, the relevant Issuer will make a determination and provide the appropriate written notification to “relevant persons” in relation to each issue about the classification of the Notes being offered for the purposes of Section 309B(1)(a) and Section 309B(1)(c) of the SFA.

The Notes and the Guarantee have not been and will not be registered under the United States Securities Act of 1933, as amended (the “Securities Act”) and are subject to U.S. tax law requirements. Subject to certain exceptions, the Notes and the Guarantee may not be offered, sold or delivered within the United States or to, or for the benefit of, U.S. persons (see “*Subscription and Sale*”).

None of the Issuers is or will be regulated by the Central Bank as a result of issuing any Notes. Any investment in the Notes does not have the status of a bank deposit and is not within the scope of the deposit protection scheme operated by the Central Bank.

Each of the Issuers and the Guarantor accepts responsibility for the information contained in this Base Prospectus and the Final Terms for each Tranche of Notes issued under the Programme. To the best of the knowledge of each of the Issuers and the Guarantor the information contained in this Base Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

Certain information in the section entitled “*Description of Securitas AB and the Group*” has been extracted from the international research companies “Freedonia” and “Omdia” (part of Informa TechTarget, Inc.). Each of the Issuers and the Guarantor confirms that such information has been accurately reproduced and that, as far as it is aware and is able to ascertain from information published by Freedonia, no facts have been omitted which would render the reproduced information in this Base Prospectus inaccurate or misleading.

This Base Prospectus is to be read in conjunction with all documents which are deemed to be incorporated in it by reference (see “*Documents Incorporated by Reference*”). This Base Prospectus shall be read and construed on the basis that those documents are incorporated and form part of this Base Prospectus.

Save for the Issuers and the Guarantor, no other party has separately verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Arranger and the Dealers as to the accuracy or completeness of the information contained or incorporated in this Base Prospectus or any other information provided by the Issuers or the Guarantor in connection with the Programme. No Arranger or Dealer accepts any liability in relation to the information contained or incorporated by reference in this Base Prospectus or any other information provided by the Issuers or the Guarantor in connection with the Programme.

No person is or has been authorised by the Issuers or the Guarantor to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuers, the Guarantor, the Arranger or any of the Dealers.

Neither this Base Prospectus nor any other information supplied in connection with the Programme or any Notes (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation by the Issuers, the Guarantor, the Arranger or any of the Dealers that any recipient of this Base Prospectus or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuers and the Guarantor. Neither this Base Prospectus nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of the Issuers, the Guarantor, the Arranger or any of the Dealers to any person to subscribe for or to purchase any Notes.

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential

investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understands thoroughly the terms of the Notes and is familiar with the behaviour of financial markets; and
- (v) is able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

In connection with the issue of Notes which are specified as "Sustainability-Linked Notes" in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Notes), Securitas AB has requested Sustainability Analytics to provide a Second Party Opinion (defined below) in relation to the Group's Sustainability-Linked Finance Framework and its alignment with the Sustainability-Linked Bond Principles (the "SLBP"), established by the International Capital Market Association ("ICMA") in June 2024 and the Loan Market Association's ("LMA") Sustainability-Linked Loan Principles 2023 (the "SLLP") (see "*Risk Factors – Risks related to Sustainability-Linked Notes - Risks relating to sustainability characteristics*" and "*Risk Factors – Risks related to Sustainability-Linked Notes – Risks relating to failure by the Group to meet the Sustainability Performance Targets*").

The Sustainability-Linked Finance Framework, the Second Party Opinion and any Sustainability Performance Report, Verification Assurance Certificate and Limited Assurance Report (each such term as defined in the Terms and Conditions of the Notes) are accessible through the website of Securitas (<https://www.securitas.com/en/investors/funding/listing-documents/>). However, none of the Sustainability-Linked Finance Framework, the Second Party Opinion, any Sustainability Performance Report, Verification Assurance Certificate and Limited Assurance Report or any information on, or accessible through, such website and the information contained in any such opinion, report or certification is, nor shall it be deemed to be, incorporated in and/or form part of this Base Prospectus and should not be relied upon in connection with making any investment decision with respect to any Sustainability-Linked Notes to be issued under the Programme. In addition, no assurance or representation is given by the Issuers, the Arranger, any Dealer or any other person to investors as to the suitability or reliability for any purpose whatsoever of any opinion, report or certification of any third party in connection with the offering of any Sustainability-Linked Notes, nor is any such opinion or certification a recommendation by the Arranger or any Dealer to buy, sell or hold any Sustainability-Linked Notes. Any such opinion, report or certification and any other document related thereto is not, nor shall it be deemed to be, incorporated in and/or form part of this Base Prospectus.

None of the Issuers, the Arranger, the Dealers, the Agents or any of their respective directors, affiliates, advisers and agents accepts any responsibility for any sustainability assessment of any Sustainability-Linked Notes or makes any representation or warranty or assurance: (i) as to whether such Sustainability-Linked Notes will meet any investor expectations or requirements regarding such "green", "social", "sustainability" or similar labels (including Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment (the "EU Taxonomy") or the EU Taxonomy as it forms part of UK domestic law by

virtue of the EUWA or any requirements of Regulation (EU) 2023/2631 on European Green Bonds and optional disclosures for bonds marketed as environmentally sustainable and for sustainability-linked bonds (the “EU Green Bond Regulation”); (ii) as to the suitability of any Sustainability-Linked Notes; or (iii) as to whether such Sustainability-Linked Notes will fulfil any “green”, “social”, “sustainability” or “environmental” criteria or guidelines with which any prospective investors are required, or intend, to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates. None of the Arranger, the Dealers or the Agents is responsible for monitoring KPIs and the Sustainability Performance Targets (each as defined in the Sustainability-Linked Finance Framework) or any Sustainability Performance Report, Verification Assurance Certificate or Limited Assurance Report.

In addition, none of the Arranger, the Dealers, the Agents or any of their respective directors, affiliates, advisers and agents is responsible for or has undertaken or will undertake the assessment of the Sustainability-Linked Finance Framework. The Second Party Opinion provides an opinion on certain environmental and related considerations and is not intended to address any credit, market or other aspects of an investment in any Sustainability-Linked Notes, including without limitation market price, marketability, investor preference or suitability of any security. The Second Party Opinion is a statement of opinion, not a statement of fact. No representation or assurance is given by the Issuers, the Arranger, the Dealers, the Agents or any of their respective directors, affiliates, advisers and agents as to the suitability or reliability of the Second Party Opinion or any report, assessment, opinion or certification of any third party (whether or not solicited by the Issuers) which may be made available in connection with the Sustainability-Linked Finance Framework or any issue of any Sustainability-Linked Notes.

The Second Party Opinion and any other such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuers, the Arranger, the Dealers, the Agents, any of their respective directors, affiliates, advisers and agents or any other person to buy, sell or hold any Notes and is current only as of the date it is issued. The criteria and/or considerations that formed the basis of the Second Party Opinion or any such other opinion or certification may change at any time and the Second Party Opinion may be amended, updated, supplemented, replaced and/or withdrawn. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein. The Sustainability-Linked Finance Framework may also be subject to review and change and may be amended, updated, supplemented, replaced and/or withdrawn from time to time and any subsequent version(s) may differ from any description given in this Base Prospectus.

In the event any such Sustainability-Linked Notes are, or are intended to be, listed, or admitted to trading on a dedicated “green”, “sustainable”, “social” or other equivalently-labelled segment of a stock exchange or securities market, no representation or assurance is given by the Issuers, the Arranger, the Dealers, the Agents or any of their respective directors, affiliates, advisers and agents: (i) that such listing or admission will be obtained or maintained for the lifetime of the Sustainability-Linked Notes; or (ii) as to the suitability of any Sustainability-Linked Notes for the listing or admission to trading thereof on any dedicated “green”, “environmental”, “sustainable”, “social” or other equivalently-labelled segment of any stock exchange or securities market.

Neither the delivery of this Base Prospectus nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained in it concerning the Issuers or the Guarantor is correct at any time subsequent to its date or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Arranger and the Dealers expressly do not undertake to review the financial condition or affairs of the Issuers and the Guarantor during the life of the Programme or to advise any investor in Notes issued under the Programme of any information coming to their attention.

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction.

The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuers, the Guarantor, the Arranger and the Dealers do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuers, the Guarantor, the Arranger or the Dealers which is intended to permit a public offering of any Notes or distribution of this document in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any

jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the EEA, the UK, Sweden, Ireland, Japan, France, Belgium and Singapore (see "*Subscription and Sale*").

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

DRAWDOWN PROSPECTUS

The relevant Issuer and the Guarantor (where Securitas AB is not the relevant Issuer) may agree with any Dealer to issue Notes in a form not contemplated in the section of this Base Prospectus entitled "Form of Final Terms". To the extent that the information relating to that Tranche of Notes constitutes a significant new factor in relation to the information contained in this Base Prospectus, a separate prospectus specific to such Tranche (a "Drawdown Prospectus") will be made available and will contain such information.

Each Drawdown Prospectus will be constituted by a single document containing the necessary information relating to the relevant Issuer and the Group, and the relevant Notes. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, references in this Base Prospectus to information specified or identified in the Final Terms shall (unless the context requires otherwise) be read and construed as information specified or identified in the relevant Drawdown Prospectus.

DEFINITIONS

All references in this Base Prospectus to (i) "U.S. dollars", "USD" and "\$" are to the lawful currency for the time being of the United States of America, its territories and possessions, any state of the United States of America and the District of Columbia (the "U.S." and the "United States"); (ii) "SEK" is to the lawful currency for the time being of the Kingdom of Sweden; (iii) "Sterling" and "£" are to the lawful currency for the time being of Great Britain and Northern Ireland; (iv) "EUR", "euro" and "€" are to the currency introduced at the start of the third stage of European economic and monetary union as defined in Article 2 of Council Regulation (EC) No 974/98 of 3 May 1998 on the introduction of the euro.

OVERVIEW OF THE PROGRAMME

The following overview does not purport to be complete and is taken from, and is qualified in its entirety by, the remainder of this Base Prospectus and, in relation to the terms and conditions of any particular Tranche of Notes, the applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement). The Issuers and (if applicable) the Guarantor may agree with any relevant Dealer that the Notes shall be issued in a form other than that contemplated in the Terms and Conditions, in which event, in the case of Notes other than Exempt Notes and if appropriate, a Drawdown Prospectus, a new Base Prospectus or a supplement to the Base Prospectus will be published.

Words and expressions defined in “Form of the Notes” and “Terms and Conditions of the Notes” shall have the same meanings in this Overview.

Certain Restrictions: Each issue of Notes denominated in a currency in respect of which particular laws, guidelines, regulations, restrictions or reporting requirements apply will only be issued in circumstances which comply with such laws, guidelines, regulations, restrictions or reporting requirements

from time to time (see “*Subscription and Sale*”) including the following restrictions applicable at the date of this Base Prospectus.

Notes having a maturity of less than one year

Notes having a maturity of less than one year will, if the proceeds of the issue are accepted in the UK, constitute deposits for the purposes of the prohibition on accepting deposits contained in section 19 of the Financial Services and Markets Act 2000 unless they are issued to a limited class of professional investors and have a denomination of at least the higher of €125,000 and £100,000, or such an equivalent amount in any other currency (see “*Subscription and Sale*”).

Notes issued by STI having a maturity of less than one year from the date of their issue will be issued only in accordance with one of the exemptions from the requirement to hold a banking licence provided by Notice BSD C 01/02 issued by the Central Bank pursuant to section 8(2) of the Central Bank Act 1971 of Ireland, inserted by section 31 of the Central Bank Act 1989 of Ireland, as amended by section 70(d) of the Central Bank Act 1997 of Ireland. Any such Notes will not have the status of a bank deposit and will not be within the scope of the Deposit Protection Scheme operated by the Central Bank.

Programme Size:	Up to €5,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement) outstanding at any time. The Issuers and the Guarantor may increase the maximum amount of the Programme in accordance with the terms of the Programme Agreement.
Distribution:	Notes may be distributed by way of private placement or public offering and in each case on a syndicated or non-syndicated basis.
Currencies:	Subject to any applicable legal or regulatory restrictions, Notes may be denominated in any currency agreed between the relevant Issuer and the relevant Dealer.
Maturities:	Notes will have such maturities as may be agreed between the relevant Issuer and the relevant Dealer, subject to such minimum or maximum maturities as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to each of the Issuers or the relevant Specified Currency.
Issue Price:	Notes may be issued at an issue price which is at par or at a discount to, or premium over, par.
Form of Notes:	The Notes will be issued in bearer form as described in “ <i>Form of the Notes</i> ”.
Fixed Rate Notes:	Fixed interest will be payable on such date or dates as may be agreed between the relevant Issuer and the relevant Dealer (as indicated in the applicable Final Terms, or, in the case of Exempt Notes, the Pricing Supplement) and on redemption, and will be calculated on the basis of such Day Count Fraction as may be agreed between the relevant Issuer and the relevant Dealer.
Floating Rate Notes:	Floating Rate Notes will bear interest at a rate determined:

- (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions (as published by the International Swaps and Derivatives Association, Inc., and as amended and updated as at the Issue Date of the first Tranche of the Notes of the relevant Series); or
- (ii) on the basis of the reference rate set out in the applicable Final Terms (or, in the case of Exempt Notes, Pricing Supplement).

Interest on Floating Rate Notes in respect of each Interest Period, as agreed prior to issue by the relevant Issuer and the relevant Dealer, will be payable on such Interest Payment Dates, and will be calculated on the basis of such Day Count Fraction, as may be agreed between the relevant Issuer and the relevant Dealer.

The margin (if any) relating to such floating rate will be agreed between the relevant Issuer and the relevant Dealer for each Series of Floating Rate Notes.

Floating Rate Notes may also have a maximum interest rate, a minimum interest rate or both.

**Benchmark
Discontinuation:**

On the occurrence of a Benchmark Event, the relevant Issuer may (subject to certain conditions and following consultation with an Independent Adviser) determine a Successor Rate, failing which an Alternative Rate and, in either case, an Adjustment Spread, if any, and any Benchmark Amendments in accordance with Condition 4(b)(iii).

**Step Up/Step Down
Rating Change:**

In the case of Fixed Rate Notes or Floating Rate Notes, and if so specified in the applicable Final Terms (or, in the case of Exempt Notes, Pricing Supplement), the Rate of Interest payable on the Notes will be subject to adjustment from time to time following a Step Up Rating Change or Step Down Rating Change (as the case may be).

**Sustainability-Linked
Notes:**

The relevant Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement) will state whether a Sustainability-Linked Trigger Event will be “Applicable” to the Notes, in which case, if Sustainability-Linked Trigger Event (Interest) applies, the Rate of Interest in respect of the Notes may be subject to upward adjustment as specified in the relevant Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement) or, if Sustainability-Linked Trigger Event (Premium) applies, a premium amount may be payable as specified in the relevant Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement). A Sustainability-Linked Trigger Event is linked to the failure of the Group to achieve certain specified Sustainability Performance Target(s) in relation to any relevant key performance indicator or the failure of Securitas AB to publish the Verification Assurance Certificate on or before the Notification Deadline.

For the avoidance of doubt, (i) an increase in the Rate of Interest may occur no more than once in respect of any Series of Sustainability-Linked Notes as a result of the relevant Sustainability-Linked Trigger Event (or, if more than one Sustainability-Linked Trigger Event is specified in the applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement) as being applicable, no more than once as a result of each Sustainability-Linked Trigger Event), (ii) no more than one Sustainability-Linked Premium Amount shall be payable as a result of the relevant Sustainability-Linked Trigger Event (or, if more than one Sustainability-Linked Trigger Event is specified in the applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement) as being applicable, no more than one Sustainability-Linked Premium Amount shall be payable as a result of each Sustainability-Linked Trigger Event), (iii) if

Sustainability-Linked Trigger Event (Interest) is specified in the applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement) as being applicable, no Sustainability-Linked Premium Amount shall be payable as a result of a Sustainability-Linked Trigger Event, and (iv) if Sustainability-Linked Trigger Event (Premium) is specified in the applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement) as being applicable, no increase in the Rate of Interest shall occur as a result of a Sustainability-Linked Trigger Event.

For the avoidance of doubt, any Step Up Rating Change or Step Down Rating Change is in addition to change(s) caused by any Sustainability-Linked Trigger Event.

Zero Coupon Notes:

Zero Coupon Notes will be offered and sold at a discount to their nominal amount and will not bear interest.

Exempt Notes:

The Issuers may issue Exempt Notes which are Index Linked Notes or Dual Currency Notes.

Index Linked Notes: Payments of principal in respect of Index Linked Redemption Notes or of interest in respect of Index Linked Interest Notes will be calculated by reference to such index and/or formula or to changes in the prices of securities or commodities or to such other factors as the relevant Issuer and the relevant Dealer may agree.

Dual Currency Notes: Payments (whether in respect of principal or interest and whether at maturity or otherwise) in respect of Dual Currency Notes will be made in such currencies, and based on such rates of exchange, as the relevant Issuer and the relevant Dealer may agree.

The Issuers may agree with any Dealer that Exempt Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes, in which event the relevant provisions will be included in the applicable Pricing Supplement.

Redemption:

The applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement) will indicate either that the relevant Notes cannot be redeemed prior to their stated maturity (other than for taxation reasons or following an Event of Default) or that such Notes will be redeemable at the option of the relevant Issuer and/or the Noteholders upon giving notice to the Noteholders or the relevant Issuer, as the case may be, on a date or dates specified prior to such stated maturity and at a price or prices and on such other terms as may be agreed between the relevant Issuer and the relevant Dealer.

In addition, the applicable Final Terms may provide that Notes may be redeemable at the option of the Noteholders upon the occurrence of a Change of Control and a consequential rating downgrade or withdrawal (or refusal to provide a rating) in the circumstances set out in Condition 6(e)(B).

Unless previously redeemed or purchased and cancelled, each Note, which is not a Zero Coupon Note or an Exempt Note, will be redeemed at an amount equal to at least 100 per cent. of its nominal amount on its scheduled maturity date.

Notes having a maturity of less than one year may be subject to restrictions on their denomination and distribution (see "*Certain Restrictions – Notes having a maturity of less than one year*").

Denomination of Notes:

The Notes will be issued in such denominations as may be agreed between the relevant Issuer and the relevant Dealer save that the minimum

denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency (see “*Certain Restrictions – Notes having a maturity of less than one year*”) and save that the minimum denomination of each Note (other than an Exempt Note issued by Securitas AB) will be €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency).

Taxation: All payments in respect of the Notes will be made without deduction for or on account of withholding taxes imposed by any Tax Jurisdiction, subject as provided in Condition 7. In the event that any such deduction is made, the relevant Issuer will or, as the case may be, the Guarantor may, save in certain limited circumstances provided in Condition 7, be required to pay additional amounts to cover the amounts so deducted.

Negative Pledge: The terms of the Notes will contain a negative pledge provision as further described in Condition 3.

Cross Default: The terms of the Notes will contain a cross default provision as further described in Condition 9.

Status of the Notes: The Notes will constitute direct, unconditional, unsubordinated and, subject to the provisions of Condition 3, unsecured obligations of the relevant Issuer and will rank *pari passu* among themselves and (save for certain obligations required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the relevant Issuer, from time to time outstanding.

Status of the Guarantee: Payments in respect of the Notes issued by STI will be unconditionally and irrevocably guaranteed by the Guarantor under the Guarantee. The obligations of the Guarantor under the Guarantee constitute direct, unconditional, unsubordinated and (subject to the provisions of Condition 3) unsecured obligations of the Guarantor and shall at all times rank *pari passu* among themselves and (save for certain obligations required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Guarantor, from time to time outstanding.

Rating: Series of Notes issued under the Programme may be rated or unrated. Where a Series of Notes is rated, such rating will be disclosed in the applicable Final Terms (or applicable Pricing Supplement, in the case of Exempt Notes). A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Listing and Admission to Trading: Application has been made to Euronext Dublin for Notes issued under the Programme to be admitted to trading on the Regulated Market and to be listed on the Official List. Notes may be listed or admitted to trading, as the case may be, on other or further stock exchanges or markets agreed between the relevant Issuer and the relevant Dealer in relation to the Series. Notes which are neither listed nor admitted to trading on any market may also be issued.

The applicable Final Terms (or applicable Pricing Supplement, in the case of Exempt Notes) will state whether or not the relevant Notes are to be listed and/or admitted to trading and, if so, on which stock exchanges and/or markets.

Governing Law:	The Notes and the Guarantee and any non-contractual obligations arising out of or in connection with the Notes and the Guarantee will be governed by, and shall be construed in accordance with, English law.
Selling Restrictions:	There are specific restrictions on the offer, sale and transfer of the Notes in the United States, the EEA, the UK, Sweden, Ireland, Japan, France, Belgium, Singapore and such other restrictions as may be required in connection with the offering and sale of a particular Tranche of Notes (see " <i>Subscription and Sale</i> ").
United States Selling Restrictions:	Regulation S, Category 2, TEFRA D/TEFRA C/TEFRA not applicable, as specified in the Final Terms (or applicable Pricing Supplement, in the case of Exempt Notes).

RISK FACTORS

In this section, material risk factors are illustrated and discussed, including risks related to the Group's market and industry, risks associated with the Group's operations, legal risks, financial risks and risks relating to the Notes issued under the Programme. The Group's assessment of the materiality of each risk factor is based on its assessment of the probability of their occurrence and the expected magnitude of their negative impact. The description of the risk factors below is based on information available and estimates made on the date of this Base Prospectus. The risk factors are presented in categories and where a risk factor may be categorised in more than one category, such risk factor appears only once and in the most relevant category for such risk factor. The most material risk factors in a category is presented first under that category. Subsequent risk factors in the same category are not ranked in order of materiality or probability of occurrence.

In this section, the "Group" refers to, depending on the context, Securitas AB (publ), Securitas Treasury Ireland Designated Activity Company or the group in which Securitas AB (publ) is the parent company, and "STI" refers to Securitas Treasury Ireland Designated Activity Company.

Factors related to STI's business that may affect STI's ability to fulfil its obligations under Notes issued under the Programme

STI, via its group treasury centre function (GTC), supports the Group by providing treasury and financial services to Securitas AB and other Group companies, including cash management, lending to and borrowing from companies within the Group, international cash pooling and foreign exchange hedging, group liquidity/debt management, interest rate risk management, management of banking and rating agency relationships. STI's operations are carried out according to centrally determined risk mandates and limits designed to minimise the credit, currency, interest rate and liquidity risks to which the Group is exposed. In conducting its operations, STI is exposed to various types of financial risks (see "*Financial risks*" below).

STI is a treasury company with limited assets which concentrates on financing activities for the Group. It is a directly wholly owned subsidiary of Securitas AB and will, if acting as Issuer, either adjust its capital structure or on-lend the proceeds from the sale of the Notes under one or more intercompany loans. It intends to service and repay the Notes out of the payments it receives under such intercompany loans. Other than the receivables under the intercompany loans and any other proceeds from loans made in connection with other financing transactions, it has no material assets or sources of revenue. Its ability to service and repay the Notes therefore depends on the ability of Securitas AB and other entities within the Group to service in full all such intercompany loans and fees. Accordingly, if Securitas AB or any other entities within the Group do not service in full such intercompany loans and fees, this would have a material adverse effect on STI's ability to fulfil its obligations under the Notes.

Factors related to the Group's business that may affect the Group's ability to fulfil its obligations under Notes issued under the Programme and/or the Guarantee

Risks related to the Group's operations

Adverse macroeconomic factors and geopolitical conditions

The Group's business and results are dependent on its clients, both in the public and the private sector, having sufficient resources to purchase services from the Group. Clients may in the future reduce their purchases of the Group's services due to, among other things, difficulties in obtaining credits, financial insecurity, budget deficits, concerns for the stability of the market in general, or overall changed global economic conditions, all of which may reduce or delay the purchase of the Group's services. The demand for the Group's services depends on the general economic climate within the security services industry, which in turn is affected by macroeconomic factors in the countries and regions as well as client segments for which the Group conducts operations. The macroeconomic factors include, among other things, the rate of growth in the global economy, employment levels, political conditions and levels of public spending for security services, currency rate fluctuations, customs duty which may depend on different political administrations and price level changes. Significant negative economic developments, political uncertainty or geopolitical deteriorations in the markets in which the Group operates could trigger a significant industry-wide decline in

sales. For example, while the Group does not operate directly either in Russia or in Ukraine, the Russian invasion of Ukraine in February 2022 and the ongoing war in Ukraine could lead to unforeseeable consequences, including outside the two directly implicated countries. As a result of the ongoing war in Ukraine and associated increased geopolitical tensions, the United States, the European Union (the "EU") and other jurisdictions have imposed sanctions on certain Russian and Belarusian persons and entities and have imposed restrictions on exports of various items to Russia, and may impose increasingly stringent sanctions going forward. Any sanctions imposed and other ramifications of geopolitical escalation or other events could restrict the Group's ability to perform its services and affect the security services industry as well as global economic and key economic factors, such as gross domestic product (GDP) growth rates, employment levels, interest rates and inflation in a negative manner. The war in Ukraine intensified supply disruptions, adding to inflationary pressure. Even before Russia invaded Ukraine, broad price pressures led central banks to tighten their respective monetary policies. Further, the outbreak of the military conflict between Israel and Palestine following an attack in early October 2023 has contributed to further instability in the global economy and destabilisation in the Middle-East. As a result of these instabilities, inflation increased in many countries globally in 2022 and 2023, leading to a significant increase in central bank interest rates after a period of low or negative rates. In 2024, however, the trend has reversed and inflation levels have fallen and central bank interest rates appear to have stabilised and/or decreased, but it cannot be ruled out that global interest rates will remain at higher levels for a prolonged period, or be increased again. Continued and/or intensified military action and geopolitical tensions, as well as sanctions and protectionist tendencies, could have an adverse effect on the Group's business, financial condition and results of operations to the extent these have an impact on the macro-economic context in which the Group operates. Long term effects on the financial market caused by these conflicts may also have a material adverse effect on the Group.

In addition, any future pandemic may cause repercussions on people, societies, businesses and financial markets across the world, including in all of the Group's core markets (North America, Europe, Ibero-America, Africa, the Middle East, Asia and Australia) and some of the Group's segments, especially airport security and events and could materially adversely affect the Group's sales and results. It may also lead to longer payment cycles, difficulties in securing payment of accounts receivable, and thereby an increased risk of credit losses, thus adversely affecting the Group's cash flows and liquidity. In addition, it may also affect the supply chains of the Group and its clients, potentially affecting the supply and demand of the Group's services. The Group's ability to conduct its operations is highly dependent on the availability and timely delivery of certain products, for example uniforms and technologic equipment.

The Group is also exposed to risks related to inflation, for example inflation of salary and pension levels. Since salaries and social benefits for the Group's approximately 341,000 employees accounted for 75 per cent. of the Group's total operating expenses in 2023, as of 31 December 2023, a salary increase by 1 per cent. would increase the Group's expenses for salaries and social benefits by approximately SEK 1,144 million. Given the ongoing military conflicts and global instability, there is a risk that inflation and market interest rates will remain at higher levels or be increased again. A higher level of inflation poses a risk that the costs of inflation on salaries and pensions may exceed the rate of price increases for the Group's services, which would have a negative effect on the Group's profit margins. Furthermore, the global economy and certain regions may be impacted by trade disputes and other specific conditions, such as political instability, deterioration in diplomatic relations, terrorism, protectionism as well as regional and/or cross-border conflicts.

Any of the adverse macroeconomic factors and geopolitical conditions described above could have an adverse effect on the Group's business, financial condition and results of operations.

Ability to swiftly and efficiently respond to market developments

The market for the Group's services is characterised by technical developments, changes in industry standards, changes in regulatory frameworks, and rapid changes of the requirements of clients. Some of the current market trends include digital transformation, economic globalisation, increasing urbanisation and industrialisation, economic and political development, an increased use of technology, customised and cost-effective services, as well as a greater focus on risk management. In order to compete in the current market, the Group must be able to adapt its business to these market trends and it may require repositioning of its offering. The introduction of products and services utilising new technology in the market and the emergence

of new industry standards and practices may make the Group's existing services difficult to sell. However, the introduction of products and services utilising new technology in the market and the emergence of new industry standards and practices may take market share from the Group's existing services. There is a risk that the Group will lose clients and market share if its products, services or software fail to meet the clients' expectations in terms of cost, quality, reliability or function. In order to compete effectively, the Group must continue to ongoingly invest in and implement new technology. Furthermore, the Group must regularly adapt and update its products, services and software as well as business models and strategies to prevailing technological and digital conditions and trends. In that context, there is a risk that the Group does not adapt quickly enough to the disruption of existing business models and markets brought on by the commercial introduction of artificial intelligence ("AI") and other technical advancements. Late or inefficient adaptation could, if competitors adapt more quickly or efficiently to the new technology than the Group, result in loss of clients and loss of footprint.

If the Group does not act swiftly and efficiently with regard to changing technology and fails to implement updated strategies and improve its existing services and products as well as to develop and introduce new services and products that are in line with technical advances and new industry standards, there is a risk that the Group may not be able to compete effectively and will lose clients and market share, in turn negatively affecting the Group's sales and results.

Ability to attract and retain qualified staff

The security services that the Group offers its clients require qualified security officers and technicians and staff with key skills with respect to, among other things, business development, marketing, sales, technical support and legal, risk management, financial, tax, treasury, HR, communication and IT/IS development and support. Consequently, the Group's success depends on its ability to attract, train and retain qualified security officers and technicians and personnel within all of these areas. For example, one of the current market trends that has a great impact on the Group's business is digital transformation of the security services market. To stay competitive, the Group is dependent on its employees having the relevant key skills to enable the Group's business to continue to adapt to the digital transformation. The competition for qualified staff within all of these areas mentioned above, especially with the relevant technical key skills, is tough, and there is therefore a risk that the Group will not be able to hire appropriate staff to achieve the Group's goals. For example, if the Group does not upskill and/or is unable to attract the right people to manage the quickly evolving AI technology, this could lead to financial, regulatory, and reputational damage. In addition, high employee turnover within the security services industry may limit the Group's ability to maintain appropriate levels of know-how and experience. If the Group fails to attract and retain qualified staff, this could negatively impact the Group's business by impairing its ability to successfully develop prospective solutions, identify new business opportunities and execute its strategy successfully. Furthermore, the Group's success is in large part dependent on its ability to attract, train and retain qualified security officers within all geographic regions in which the Group operates. Security officers represent the largest employment category within the Group, and several factors, such as requirements in respect of minimum levels of training and security officer licenses in various countries as well as increasing levels of regulation may limit the Group's ability to recruit qualified security officers and replace leaving security officers effectively. Accordingly, if the Group fails to attract and retain qualified staff, it could have an adverse effect on the development of the Group, its growth and profitability. Additionally, there is risk of the Group not having a diversified workforce which could result in reduced innovation, efficiency, financial results and competitiveness, loss of clients or investors that require diversity, increased business ethics risks, loss of existing and potential employees, risk of losing or not utilising competence efficiently and missing important perspectives, as well as lower ESG ratings.

To attract and retain appropriate staff, the Group may also need to increase its levels of remuneration, which could adversely affect the Group's results of operations. In 2023, salaries and social benefits amounted to SEK 93,831 million and SEK 20,557 million, respectively, and together accounted for 75 per cent. of the Group's total operating expenses. There is a risk that the Group may not be able to increase the prices of its services to compensate for increases in salaries and costs related thereto. Moreover, nominal salary growth could accelerate in case of elevated consumer price inflation as employees seek higher salaries to account for increased living costs. Conversely, if the Group were to offer lower remuneration levels, it may lead to employees choosing to terminate their employment, which could result in a lack of resources and competence

and would adversely affect the Group's current and future operations. In addition, if the Group were to hire unsuitable staff in permanent or temporary positions, or recruit such personnel as subcontractors, there is an increased risk of mistakes or incidents which could result in claims and/or a risk that this could damage the Group's reputation and have an adverse effect on the growth and profitability of the Group.

Sales and operations on international markets

A major part of the Group's sales is carried out in markets outside Sweden. In 2024, sales outside Sweden represented approximately 95 per cent. of the Group's total sales and an important part of the Group's strategy is to continue to expand on international markets. The international sales of the Group are affected by costs and risks related to business on international markets, amongst others the following:

- the different and varying requirements and cultural factors of the jurisdictions in which the Group operates or may operate in the future;
- foreign exchange fluctuations;
- trade barriers;
- difficulties in supporting, managing and recruiting staff for operations abroad;
- longer payment cycles;
- difficulties with collecting accounts receivable and bad debt losses;
- economic or political change or disturbance in the regions where the Group operates; and
- risks of non-compliance and business integrity issues within different jurisdictions.

The Group operates in 44 jurisdictions and must therefore adapt its business to the abovementioned factors in a large number of different regions. A negative development of the abovementioned factors, in one or more jurisdictions in which the Group operates, could lead to a reduction in the demand for the Group's services, cancelled or changed client agreements, difficulties in collecting receivables and a higher cost of doing business, all of which would negatively affect the business, the operating result and the financial position of the Group.

Further, a part of the Group's strategy for growth is to expand in new markets. Such new markets include the Middle East, Asia and Africa, and the risk of political, economic and/or military instability is deemed higher in these regions. The consequences of such instability is hard to predict, and is something that could further affect the business and the results of the Group in a negative manner. For example, there is a risk that non-compliance and business integrity issues within one jurisdiction could affect also risks for non-compliance with established requirements for corporate compliance programmes required by other jurisdictions.

Business continuity and IT risks

For its day-to-day operations, the Group is dependent on well-functioning key business processes to ensure business continuity. The Group offers protective services solutions and its key processes primarily relate to IT infrastructure, protection of company assets and HR-related processes. If these processes do not function efficiently, it could have an adverse effect on the Group's overall business (for example, if the monitoring centres do not receive relevant information timely or if the employee scheduling systems do not work). Accordingly, the Group is exposed to risks related to outages and disruptions in its key business processes, which may be caused by, among other things, data viruses, power outages, human or technical errors, sabotage, weather and nature-related events, pandemics or problems due to deficient care and maintenance. For example, one of the key business processes the Group is dependent on is a well-functioning IT infrastructure, which is necessary in order to sell and perform the Group's services. The requirement of a well-functioning IT infrastructure has become more important in the last few years following the trend of increased digitalisation of the business. Accordingly, IT attacks, errors and damage to IT systems, operational disruptions or defective or incorrect deliveries of IT services from the Group's IT providers that lead to

extensive disruptions to its services or result in breaches of regulations such as the General Data Protection Regulation (regulation (EU) 2016/679, the “GDPR”) would adversely affect the Group’s business and results.

Further, as the Group is responsible for its clients’ security and is operating within areas involving the handling of sensitive or confidential information (for example, provisions of guarding services of data centres or security services at airports), the Group is particularly vulnerable to cyber security incidents such as data breaches, intrusions, espionage and data privacy infringements and leakage. These incidents could be related to external threat actors, unintentional actions or intentional actions (see also “*Criminal actions and insider threats*” below). If such cyber security incidents are not handled in an efficient manner, there is a risk that this would negatively affect the Group’s business and operations as it could cause breach of client contracts and lead to damage to the Group’s reputation.

Additionally, in its operations, the Group processes personal data about, for example, individuals, clients, employees and suppliers. Accordingly, the Group is subject to data protection laws, rules and regulations in several jurisdictions, such as the GDPR. In addition, the nature of the Group’s operations entails that the Group collects, processes and retains sensitive, confidential or classified information relating to its clients, which is necessary for the Group’s ability to conduct its services securely and efficiently. Any non-compliance by the Group of applicable laws, regulations and rules regarding data protection, for example by developing products or services with inappropriate processing of personal data (i.e. without legal grounds), could lead to negative publicity and seriously damage the Group’s reputation and lead to loss of clients and sales. It may also lead to fines and injunctions from authorities to address the deficiency as well as damage claims from individuals. Failure to comply with the GDPR may result in administrative fines up to the higher amount of EUR 20 million, or 4.0 per cent. of the Group’s total annual sales. Non-compliance with the data protection laws, rules and regulations applicable in the markets in which the Group operates may thus have an adverse negative effect on the Group’s reputation, operations and results.

Company acquisitions, mergers and divestments

Part of the Group’s strategy is to grow through acquisitions and during the last few years the Group has completed a number of acquisitions of companies within the technology market. For example, the Group acquired Electronic Security Solutions business from Stanley Black & Decker Inc. (“STANLEY Security”) in July 2022 for USD 3,200 million. However, there is a risk that the Group may not be able to carry out all its desired acquisitions or investments in the future, due to, for example, competition from other potential industrial or private equity sponsored buyers, merger control issues or increased indebtedness or other circumstances beyond the Group’s control. For example, the Group is currently involved in a dispute relating to its possible acquisition of a guarding company in Brazil, Estrela Azul, in 2005. The limited number of companies within the segments that fulfil the Group’s strategical requirements may also be an impeding factor. If the Group fails to carry out acquisitions in accordance with its strategic goals, there is a risk that the Group’s expansion and growth may be adversely affected. The Group may also decide to divest business areas or operations in certain countries based on strategic, financial or other reasons. There is a risk that such divestments cannot be carried out in a timely manner or on terms that are favourable for the Group, or that they are prevented or impeded due to requirements of regulatory approval (for example for competitive reasons) or due to contractual obligations in, for example, financing agreements, which may ultimately have a negative effect on the Group’s results and financial position. As an example, the Group signed a put option agreement to divest its airport security business in France to local management in December 2024, exercisable upon completion of the mandatory consultation process with the relevant works councils.

When acquiring other companies, there is a risk that the due diligence review performed by the Group does not include all the information that is required in order to make an optimal decision from a financial and cultural perspective. There is also a risk that the acquisition agreement is not correctly designed for managing the risks discovered during the due diligence review.

Furthermore, the carve-out and integration processes of an acquired company involve certain risks and uncertainties, and there can be no assurance that the carve-out and integration can be accomplished in the manner or within the timeframe anticipated. The integration process may also divert the attention of the Group’s management away from the Group’s daily operations. Moreover, there is a risk that the integration of acquired companies may result in unforeseen operational difficulties and costs. For example, with the

acquisition of STANLEY Security, the Group expanded its operations in certain market segments such as healthcare and the provisioning of certain security hardware and software, involving a greater element of product manufacturing and cross border transactions than previously conducted by the Group. Apart from the traditional markets in Europe and North America, acquisitions have been made in markets such as Latin America, the Middle East, Asia and Africa, and/or have been related to security companies that are active within the technology segment, all of which could be even more difficult to integrate due to (for example) cultural differences. Additional risks associated with acquisitions outside the traditional markets in Europe and North America includes an increased risk of non-compliance and business integrity issues. Acquisitions of technology driven companies are also, by their nature, considered to entail a higher risk than traditional guarding acquisitions. By way of example, the technology used might become obsolete or may no longer be competitive, or there may be a higher dependency on key personnel with certain technology experience or skills. Given the Group's current strategy to focus on the acquisition of technology companies, this increases the risks connected to company acquisitions. Another integration related risk is that dissatisfaction arise among the personnel of the acquired business and the Group's personnel, ultimately leading to key employees choosing to terminate their employment. Failing to successfully integrate acquired businesses within the Group, from an operational, commercial, financial as well as a business integrity perspective, or to retain key personnel in acquired businesses, may have a significant negative effect on the Group's operations, results and financial position.

There is also a risk that the Group may not be able to realise the expected benefits and synergies from a certain acquisition and that the profitability of the acquired company is lower than expected. Furthermore, there is also a risk that the Group may not be able to satisfy the expectations from existing clients resulting in loss of important parts of the acquired business. Future acquisitions may also lead to incurrence of liabilities and contingent liabilities, as well as depreciation costs related to intangible assets. If such risks were to materialise, this could result in a significant adverse effect on the Group's results and financial position.

Price risk related to cost increases

The Group operates in an open market, where the price of various products and services constantly fluctuates. There is a risk of lower margins if the Group is not able to manage increases in prices/salaries in a desirable manner, which could be the case, for example, if wage increases are not appropriately reflected in client contracts causing the Group's costs to increase at a faster pace than its revenues. Since salaries and social benefits for the Group's approximately 341,000 employees accounted for 75 per cent. of the Group's total operating expenses in 2023, this risk could have a material adverse effect on the Group's margins.

Sustainability risks

The Group is active in 44 markets throughout the world and is subject to a variety of sustainability risks, including, among other things, risks related to working conditions, occupational health and safety, ethical business standards, security practices, environment and risks related to not meeting the clients' and investors' sustainability requirements. Among other things, the Group has implemented a Values and Ethics Code to guide the performance of its employees in all countries in ethical behaviour. However, there is a risk that the measures taken are not sufficient to reduce these risks. For example, should the Group not comply with applicable labour practices and human rights and non-discrimination regulations, this could lead to the Group losing licenses to conduct security operations, and there is a risk that this would result in loss of business, a negative financial impact and brand damage as well as difficulties in recruiting and retaining employees. Further, the Group has committed to certain climate targets, Science Based Targets validated by the Science Based Targets initiative (SBTi), to reduce its greenhouse gas emissions. If the Group fails to reach the Science Based Targets, or fails to comply with environmental requirements in the jurisdictions in which it operates, this could lead to brand damage, loss of clients and difficulties in recruiting and retaining employees.

Since the Group had approximately 341,000 employees globally as at 31 December 2023, it is required to comply with several employment-related laws and regulations with various levels of employee protection, for example laws and regulations relating to the health and safety. The Group's employees, subcontractors and other parties working with the Group may face exposure to high-risk scenarios, including guarding assets or

facilities which could be targeted (such as airports and other critical infrastructures which are more exposed to terrorist attacks) and other high-risk related activities. The Group also operates a large vehicle fleet in a number of countries which increases the risk of road traffic accidents. If the Group's health and safety procedures (including relevant training, instructions and equipment) are inadequate, or not adhered to, there is a risk of employees being injured or falling ill as well as a risk of fatalities.

The degree to which sustainability risks may affect the Group is uncertain and there is a risk that the Group may be subject to, among other things, penalties, fines, loss of operating licenses, loss of investors, increased costs of financing, lost revenues, reputational harm and difficulties in recruiting employees. Any of these consequences could in turn have a material adverse effect on the Group's operations and results.

Criminal actions and insider threats

By offering protective services solutions, including on-site, mobile and remote guarding, the Group's business is inherently conducted within sectors that have an increased exposure to criminal actions. Thus, an operational risk in the Group's business is linked to external or internal threats in the form of criminal actions of various types, for example in connection with guarding and storing of valuable property, and also destruction and damage to life and property. Some of the Group's services and operations may be carried out in locations which are more exposed to terrorist attacks. The Group has a responsibility for the assets and facilities stored or guarded under an assignment from its clients. For many years, there has been a heightened risk of terrorism and similar activities around the world which potentially increases the risk of insider threats. If essential infrastructures and facilities where services of the Group are being rendered are subject to terrorist attacks, it could have severe and adverse consequences for a lot of people; it may also significantly reduce the market's confidence in the Group and thereby seriously damage the Group's reputation (see also "*Reputational risks*" below). Criminal actions may also pose a risk for the Group's employees. Furthermore, if the proportion of the value of assets that are lost or otherwise damaged through criminal actions increases, the costs of the Group's insurance may increase. Likewise, to the extent not covered by adequate insurance or exceeding the insured amounts, singular criminal events could result in the Group being liable for compensation and costs, which would have an adverse effect on the Group's results.

Due to the nature of the Group's business, there is a risk that individuals may use employment at the Group to prepare, and perform, terrorism or similar activities. For example, the Group's employees may have access to highly sensitive information, including confidential or classified information, which may be exploited in terrorism or other criminal activities. If an employee with access to such sensitive information were to exploit the information in terrorism or other criminal activities, it could have adverse consequences, as well as cause disruption to the Group's operations and expose the Group to risks of litigation and liability. If this risk were to materialise, it would have a significant negative impact on the Group's brand, reputation, business and results.

Strong competition

The security services industry consists of markets that are highly exposed to competition. The market for guarding services is particularly fragmented, with low financial barriers of entry for new entrants, resulting in the Group competing with a large number of companies of varying sizes. In many of the Group's markets, the Group's main competitors are small or medium-sized local companies. Among other things, the Group's competitiveness depends on the price of its services. In some markets, the Group's competitors may be willing to accept low margins, enabling them to outcompete the Group in terms of price for its services. As a result, the Group may have to make investments, restructurings and/or price reductions in order to adapt to a changed competitive situation, which could lead to a lowered margin for the Group's business and have a material adverse effect on the Group's business and profitability. There is a risk that the Group will not be able to successfully counteract the effects of competition, especially since the Group is competing with a large number of companies of varying sizes. If the Group is unable to successfully compete in terms of price for its services, or if competitors find better and more cost-efficient ways of providing security services than the Group, this may have an adverse effect on the Group's business, margins and profitability.

Implementation of the Group's strategy may not be possible

An important part of the Group's strategy is to focus on profitability and to differentiate itself from its competitors mainly through technology and through solutions. With the acquisition of STANLEY Security in 2022, the Group accelerated this strategy. For example, as part of the Group's previous strategy, the Group implemented a transformation programme regarding information security and information technology ("IS/IT") with the target to modernise the Group's global IS/IT foundation, as well as a business transformation programme in North America and Ibero-America. A similar business transformation programme is being implemented in Europe and a new business optimisation programme will also be launched in 2025, primarily in Europe. The implementation of such a programme always involves certain risks, such as that the expected savings may be lower than anticipated and that certain costs associated with the programme may be higher than expected.

Further, if the Group does not adapt its business and operations in line with its sustainability strategy, it could lead to, for example, loss of investors, increased costs of financing, lost revenues and reputational harm (see also "*Sustainability risks*" above).

In order to successfully implement its strategy, the Group may have to employ more staff, and there is a risk that the Group is not able to retain and recruit appropriate staff (see also "*Ability to attract and retain qualified staff*" above). The successful implementation of the Group's strategy could also be affected by a number of factors beyond the Group's control. For example, there is a risk that the Group's investments are not successful or that the Group will not be able to adhere to its established strategy, due to, for example, unexpected external factors, such as a changed regulatory environment or a strained business or geopolitical climate in a particular country or region, which would imply that the Group is not able to increase profitability or reach its strategic targets. Should this risk materialise, it would entail a negative effect on the Group's operating margin and results.

Unsatisfactory performance of assignments and services

When the Group performs its assignments and services, there is a risk that agreed contractual terms are not fulfilled, which could have a negative effect on the contract portfolio's turnover speed, growth, client relations and the Group's reputation. If, for example, the services do not correspond to established requirements, the result may be a loss of property or damage to property or person, which in turn could lead to compensation claims levied against the Group. In the financial year 2024, the Group had a client retention rate of approximately 90 per cent. However, should contractual terms not be met by the Group, there is a risk that the client retention rate would decline, which could have a negative effect on the Group's business and results. In addition, the Group is dependent on retaining its largest clients. Although the Group is not dependent on any single client, a simultaneous loss of several of its largest clients would have an adverse impact on the Group's financial condition and results of operations. If the Group does not fulfil operational requirements in relation to its clients, there is a risk that this would lead to compensation liabilities and also affect the Group's reputation, growth or ability to retain contracts, which may have an adverse effect on the Group's business and results.

Burdensome contractual obligations and potential client and third party liabilities

The Group has a large number of clients across numerous jurisdictions. Given the number of clients globally, the number of various jurisdictions involved and the strong competition in general, there is a risk that client contracts entail unrealistic undertakings and risks for the Group, resulting in unbalanced terms for the type of assignment in question. Examples of such terms are unreasonable liabilities, unrealistic levels of service, adverse pricing mechanisms and disproportionately high damages provisions. If client contracts contain such unreasonable terms, there is a risk that it may affect margins and profitability and therefore have a negative effect on the Group's business and results. As a result of the services performed or deficiencies in such services, there is a risk that the Group may become liable for damage caused either to the client or to third parties. If such liability is not covered by adequate insurances, this could have an adverse effect on the Group's reputation, business and financial standing.

Reputational risks

The Group's brands and trademarks, including Securitas and Pinkerton, have worldwide recognition, and the Group's success depends on its ability to maintain and enhance its reputation and brand image. The Group would be adversely affected if it fails to achieve these objectives or if, whether or not justified, the reputation or perception of any of its brands is materially tarnished or receives extensive negative publicity. Given the nature of the Group's operations and the high number of employees, the Group is under constant scrutiny and therefore from time to time subject to negative publicity. Certain actions of employees during or even outside their duties could harm the reputation of the Group. In addition, extensive adverse publicity about regulatory or legal actions against the Group would also damage its reputation and brand image, undermine its clients' confidence in the Group and reduce long-term demand for its products and services, even if the regulatory or legal action is unfounded or not material to the Group's operations. Moreover, the Group is occasionally a licensor of intellectual property. Consequently, the Group may not be able to exercise the same degree of control over the use of its trademark as within the Group, which poses an increased reputational risk for the Group. The degree to which a harmed reputation may affect the Group is uncertain and presents a significant risk to the demand for the Group's products and services.

In addition, the Group's success in maintaining, extending and expanding its brand image depends on the Group's ability to adapt to a rapidly changing media environment, including its increasing reliance on social media and online dissemination of advertising campaigns. Negative posts or comments about the Group on social media and other websites that spread rapidly through such forums could seriously damage the Group's reputation and brand image.

Legal risks

Compliance-related risks

The Group operates in a global environment, and its activities straddle multiple jurisdictions and complex regulatory frameworks at a time of increased enforcement activity worldwide in areas such as competition law, anti-bribery and anti-corruption. The threat of corruption, bribery, financial fraud and other illicit activities is omnipresent in several of the jurisdictions in which the Group operates, particularly insofar as it includes public procurement. The Group faces the risk of corruption, financial fraud and other illegal acts by its employees as well as violations at subsidiaries and other companies in which the Group has an interest. The Group's compliance processes and policies may thereby fail to prevent breaches of laws and governance standards at the Group, and there is a risk that there will be acts of corruption and other illegal acts involving employees in the Group. Violations of anti-corruption legislation that lead to extensive fines and other criminal, civil or administrative sanctions or lead to the Group being excluded from participating in public tenders would have a material adverse effect on the Group's reputation, business, results of operations and financial position.

The Group has a decentralised organisational model that promotes entrepreneurship and focuses on the approximately 1,500 branch managers who run the Group's daily operations in 44 markets. The Group's international operations are subject to world-wide relevant regulations, such as anti-corruption laws, as well as national and local regulations in many different markets where laws, regulations, environmental requirements and social conditions may differ. The decentralised organisational model entails that the branch managers do not involve group or central functions in all decisions. In addition, it is complex for the Group to monitor and control compliance by the entire Group with applicable laws and regulations, internal policies and codes of conduct, including in relation to accounting and financial reporting regulations. As an example, there is a risk that the Group may not be able to sufficiently monitor and hinder the occurrence of any anti-competitive, fraudulent or corrupt practices on a local or regional level. If such practices were to occur within the Group, and particularly if they involve any U.S. person or if there is an established link to the United States, the Group could be subject to significant fines.

Moreover, the Group has implemented internal controls to ensure that it does not conduct business with clients or other business partners who are the target of sanctions or located in certain sanctioned countries. However, the Group has a substantial number of clients and other business partners, some of which have global operations, and there is a risk that the Group's internal controls, regardless of implemented policies

and routines, will not successfully identify clients or business partners who are the target of sanctions or who are located in certain sanctioned countries in an efficient manner or at all. Sanctions laws are complex, and their applicability to a given circumstance can often be subject to interpretation and be difficult to determine with certainty. Sanction regimes are also subject to frequent changes, such as the sanctions imposed as a result of the Russian invasion of Ukraine in February 2022, which could require the Group to cease or limit its involvement in affected markets or countries. If the Group does not successfully identify clients or other business partners who are the target of sanctions or located in certain sanctioned countries, or otherwise pays remuneration, directly or indirectly, to such business partners, there is a risk that the Group will be subject to regulatory penalties, fines and reputational damage, which could have a material adverse effect on the Group's results of operations, reputation, business and prospects.

The Group is exposed to risks relating to anti-trust violations. The security services industry in which the Group operates consists of markets that are highly exposed to competition, and the Group is subject to competition laws and regulations in several markets globally. Given the size and nature of the Group's operations, the Group is dependent on its operatives and employees complying with applicable competition laws and regulations. For example, in 2022 the Group was fined EUR 10 million as a result of the Portuguese competition authority concluding that several Portuguese security companies, among them a Portuguese subsidiary of Securitas, have violated regulations for public tenders. The Group has carefully assessed the information and has appealed the Portuguese competition authority's decision. Furthermore, the Group is aware that competition authorities are currently conducting investigations into the security sector in Belgium. Any anti-trust violations could have severe consequences for the Group, including significant administrative fines imposed by competition or regulatory authorities, as well as claims for damages being made by clients or third parties. Any regulatory actions taken may also limit the Group's possibilities to conduct and expand its operations in certain countries, and thus presents a significant risk to the Group's growth opportunities.

There is also a risk that employees, business partners or other parties with which the Group is involved might not comply with its Values and Ethics Code, Business Partner Code of Conduct or the Group's other policies or might otherwise operate or behave in an unethical manner. In addition, the measures taken by the Group may not be sufficient to reduce the risks that the nature of the Group's operations entail. For example, following internal whistleblowing a few years ago the Group conducted an investigation in Argentina into potentially improper conduct through specialised external parties. The findings revealed that certain individuals had engaged in local business practices in violation of the Group's Values and Ethics Code. The investigation indicated compliance issues, including conflicts of interest and irregular supplier and other business relationships. Disciplinary measures against these individuals, including terminations where appropriate, were taken. Ultimately, in 2023, the Argentinian business was divested from the Group. Unlawful or illicit actions or otherwise unethical behaviour by the Group's operatives and employees in the past may thus pose a risk to the Group also in the future. If the Group is unable to successfully implement compliance policies and control procedures in the future, or if the Group were to experience incidents of local, country or regional managers not complying with all requirements in the jurisdictions in which it operates, this could have a significant negative impact on the Group's brand, reputation, business and results. The use of AI could also pose a risk to the Group if it is not used in a compliant manner, resulting in fines or reputational damage.

Legislation and other regulatory framework

The Group's business is directly and indirectly affected by legislation, regulations and special requirements from authorities and other entities, such as insurance companies and industry organisations. Certain parts of the Group's business are subject to licensing. There is a risk that legislation, regulations and requirements issued by authorities and other applicable entities may change in the future and thus change the conditions for the Group's business. New directives from the authorities may be issued with regards to requirements for specific practices, security solutions, and training and certification of staff. There is a risk that the Group does not manage to fulfil changed criteria for issuance of permits and authorisations. Such changed criteria may also lead to increased costs for the Group during a possible adjustment period to retain the required permissions, which could have a negative effect on the Group's business and results. Non-compliance could also result in lower quality, lost income, delays, penalties, fines or reputational damage. There is also a risk that the Group may not be able to obtain required and adequate insurances for its operations, or that the cost of these insurances increases. The Group's external insurance premiums are partly determined by the historic

loss record, and an unfavourable loss record would contribute to higher premiums and a higher cost of risk. If the Group does not fulfil these different requirements, there is a risk that this could have an adverse effect on the Group's business.

Further, there is a risk that the Group's tax situation may be adversely affected as a result of new tax regulations or changed evaluations of tax authorities. The Group is active in 44 jurisdictions throughout the world. The operations are conducted in accordance with the Group's understanding and interpretation of applicable tax legislation, tax treaties and other tax law provisions. However, there is a risk that the Group's understanding and interpretation of the aforementioned laws, tax treaties and other provisions is not correct in all respects. There is a risk that amended laws, tax treaties or other provisions, which may apply retroactively, may lead to increased tax expenses and a higher effective tax rate for the Group, which may in turn negatively affect its results and financial position.

Risks related to intellectual property rights

The Group's intellectual property rights are a significant and valuable part of the Group's business. Failure to obtain, renew or maintain protection for the Group's intellectual property rights would have adverse consequences for the Group's competitiveness, for example, if the Group is no longer able to use certain trademarks or if another actor sells low-quality products or services using any of the Group's trademarks or otherwise misrepresents those trademarks. There is also a risk that trademarks and other intellectual property rights are limited in geographical scope. Furthermore, there is a risk that the intellectual property rights owned by the Group may be challenged, invalidated or circumvented. A significant deterioration in the protection of intellectual property rights would weaken the Group's competitive advantage with respect of its products, services and brands in the jurisdictions concerned.

Furthermore, there is a risk that other parties may assert intellectual property rights covering certain of the Group's trademarks or other intellectual property rights. There is also a risk that litigation and claims relating to, for example, product designs, trademarks or other intellectual property rights will be costly and take the focus of management and key employees away from the Group's business activities. The Group may also be required to pay royalties in order to be able to continue using certain patents or trademarks in the event the Group infringes another party's intellectual property rights. The Group also risks being required to pay significant damages or being subject to injunctions prohibiting the manufacture and sale of certain products or services, which would have a material adverse effect on the Group's profit and financial position.

The Group's ability to adequately maintain, enforce and protect intellectual property rights in connection with acquisitions, including patents, trademarks, domain names and other intellectual property owned by the acquired company and which may be exclusively used or held for use in the operations, which may also include copyrights, rights in social media handles and accounts, trade secrets and other similar or equivalent intellectual property rights is a significant part of the integration of an acquired company and thus a valuable part of the Group's operations after the acquisition. Failure to obtain, renew or maintain protection for the Group's intellectual property rights could have a negative effect on the Group's ability to conduct operations.

Disputes and regulatory investigations

The Group conducts its business globally in both well-developed countries and countries that are less politically stable. Accordingly, the Group may be subject to a number of different disputes and regulatory investigations in a number of various jurisdictions. Disputes may be based on claims from clients that the Group's service are inadequate and fail to deliver the level of quality, security and reliability that the client has expected. There is also a risk that the Group faces disputes with third parties following delivery of its services, especially when the Group's services are inadequate and fail to deliver the general level of quality, security and reliability expected. The operating landscape in the U.S. has witnessed a growing trend towards heightened litigation activities across various industries and sectors, resulting in an increased number of claims and increased amounts of disputes and settlements. In 2024, the Group's business segment North America accounted for 40 per cent of the Group's total sales. Hence, the increasingly litigious environment in the U.S. could have a negative impact on the Group's business model, as the risk of litigation and increased costs may affect the type of contracts and clients the Group takes on, which in turn may affect the market share in the U.S. market and the business and results of the Group. Further, the Group has approximately

341,000 employees and as such from time to time faces labour-related disputes with current or former employees in relation to various matters. Since the Group's business is directly and indirectly affected by laws and regulations (see also "*Legislation and other regulatory framework*"), it is also subject to regulatory oversight which may lead to regulatory investigations. For example, the Group has become aware that the relevant competition authorities are conducting investigations into the security sector in Belgium. There is a risk that the outcome of one or more disputes and/or regulatory investigations may be unfavourable for the Group and have a negative effect on the Group in terms of liability for damages, fines and/or deteriorated reputation, which in turn may adversely affect the business and results of the Group.

The financial, reputational and legal outcomes of material disputes are uncertain and presents a significant risk to Securitas, since a disadvantageous outcome of such disputes or investigations could have a material adverse effect on the Group's business, results of operations or financial position.

Financial risks

Financing and liquidity risk

The Group's short-term liquidity is secured by maintaining a liquidity reserve (cash and bank deposits, short-term investments and the unutilised portion of committed credit facilities), which according to the Group's policy should correspond to a minimum of 5 per cent. of consolidated annual sales. As at 31 December 2023, the short-term liquidity reserve corresponded to 9 per cent. of the Group's annual sales. Unforeseen cost increases and/or unforeseen income reductions may result in the Group's liquidity reserve being insufficient, which could have significant consequences for the Group's operations and results.

The Group's long-term financing risk is managed by ensuring that the level of long-term financing (shareholders' equity, long-term committed loan facilities and long-term bond loans) at least matches the Group's capital employed. As at 31 December 2023, long-term financing corresponded to 107 per cent. of the Group's capital employed. If, due to adverse conditions on the financial markets, there are insufficient or only very expensive financial resources available, there is a risk that the Group will not be able to implement its strategy or acquisitions and other investments, which could have a negative effect on its growth and profitability. This includes, *inter alia*, possible bankruptcy of banks, adverse foreign exchange rate fluctuations, lack of financing options through banks, bonds or other sources of financing, and downgrading of the Group's credit rating. For example, on 26 July 2022, Securitas AB was rated BBB- with stable outlook by S&P Global Ratings following the completion of the acquisition of STANLEY Security, and on 14 February 2024, the rating of Securitas was upgraded to BBB with stable outlook. Notwithstanding the upgrade, there is a risk that potential future negatively revisions of the Group's credit rating could negatively impact the Group's ability to secure financing on favourable terms, which would have a material negative effect on the Group's financial position and results.

Credit and counterparty risk

A large part of the Group's sales is based on contracts with medium-sized and large clients, where the relationship is established and long-term. Disruptions to these relationships may negatively impact the stability of the payment flows that the Group is dependent on. Various deficiencies in the assessment of the creditworthiness of new clients may lead to services being rendered and products sold without any payment to the Group, if the client experiences problems with payments or withholds payments. The Group is also subject to credit exposure in relation to financial institutions, where the Group's largest total exposure for all instrument types to any one institution amounted to SEK 1,910 million as at 31 December 2023. Disruptions and deficiencies as described above, or any counterparty's failure to fulfil its payment obligations in relation to the Group, may have an adverse effect on the Group's operations, financial position and results.

Interest rate risk

There is a risk that the Group's net income is affected as a result of changes in the general interest rate level. The Group has obtained loan financing in mainly USD, EUR and SEK, with both fixed and floating interest rates. Other external financing requirements may occasionally arise, for example in connection with acquisitions. Interest rates are sensitive to numerous factors beyond the Group's control, including

government and central bank monetary policy and inflation in the jurisdictions in which the Group operates. For example, in 2022 and 2023, inflation increased in many countries globally, leading to a significant increase in central bank interest rates after a period of low or negative rates. In 2024, however, the trend has reversed and inflation levels have fallen and central bank interest rates appear to have stabilised and/or decreased, but it cannot be ruled out that global interest rates will remain at higher levels for a prolonged period, or be increased again. As of 31 December 2023, a change of +/- 1 percentage point in the market interest rates for USD, EUR, GBP, SEK and the other currencies in which the Group's liabilities are denominated would result in a net impact of SEK -288 million and SEK 288 million, respectively, on the Group's income statement. The debt financing of the acquisition of STANLEY Security in 2022, and the subsequent refinancing of such agreements, has increased the impact of changes in market interest rates on the Group's income statement. There is a risk that changes in market interest rates will have a negative effect on the Group's assessments, financial position and results. In addition, changes in inflation rates may cause interest rates to change and consequently change the Group's interest liabilities, which may have a negative effect on the Group's financial position and results.

Currency risk

As a result of the Group having operations in different countries, with different currencies, the Group is exposed to currency risk. In addition, the Group is exposed to transaction risk, being the risk that the Group's net income will be affected by changes in the value of commercial flows in foreign currencies due to fluctuating exchange rates. The Group is also exposed to translation risk, being the risk that the SEK value of foreign currency equity will fluctuate due to changes in foreign exchange rates.

The Group's capital employed as at 31 December 2023 was SEK 74,228 million. Capital employed is financed by loans in local currency and shareholders' equity. This means that the Group, from a Group perspective, has shareholders' equity in foreign currency that is exposed to changes in exchange rates. This exposure gives rise to a translation risk and consequently unfavourable changes in exchange rates could have a negative effect on the Group's foreign net assets when translated into SEK. As at 31 December 2023, a change in the SEK exchange rate of +/-10 percentage points would have entailed a total capital employed of SEK 81,259 million and SEK 67,197 million, respectively.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

Risks related to the structure of a particular issue of Notes

A range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features, distinguishing between factors which may occur in relation to any Notes and those which might occur in relation to certain types of Exempt Notes:

Risks applicable to all Notes

- *Notes subject to optional redemption by the relevant Issuer*

An optional redemption feature of Notes is likely to limit their market value. During any period when the relevant Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The relevant Issuer may be expected to redeem Notes when the cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

- *Fixed/Floating Rate Notes*

Fixed/Floating Rate Notes are Notes which may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the relevant Issuer has the right to effect such a conversion, this will affect the secondary market in, and the market value of, the Notes since the Issuer may be expected to convert the rate when it is likely to result in a lower overall cost of borrowing for the Issuer. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than the prevailing market rates on its Notes.

- *Notes issued at a substantial discount or premium*

The market values of securities issued at a substantial discount (such as Zero Coupon Notes) or premium to their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

- *The regulation and reform of “benchmarks” and any discontinuance of “benchmarks” may adversely affect the value of Floating Rate Notes which reference EURIBOR or any other benchmark*

Interest rates and indices which are deemed to be “benchmarks” (including EURIBOR, STIBOR and NIBOR), are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a “benchmark”.

The Benchmarks Regulation applies, subject to certain transitional provisions, to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. Among other things, it (i) requires benchmark administrators to be authorised or registered (or, if non-EU based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities (as defined in defined in Article 3(1)(17) of the Benchmarks Regulation) of “benchmarks” of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

Regulation (EU) 2016/1011 as it forms part of domestic law by virtue of the EUWA (the “UK Benchmarks Regulation”), among other things, applies to the provision of benchmarks and the use of a benchmark in the UK. Similarly, it prohibits the use in the UK by UK supervised entities of “benchmarks” of administrators that are not authorised by the FCA or registered on the FCA register (or, if non-UK based, not deemed equivalent or recognised or endorsed).

Regulation (EU) 2019/2089 of the European Parliament and of the Council of 27 November 2019 has amended the existing provisions of the Benchmarks Regulation by extending the transitional provisions applicable to material benchmarks and third-country benchmarks until the end of 2021. The existing provisions of the Benchmarks Regulation were further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 published in the Official Journal of the European Union on 12 February 2021 (the “Amending Regulation”) and which has applied since 13 February 2021. The Amending Regulation introduces a harmonised approach to deal with the cessation or wind-down of certain benchmarks by conferring the power to designate a statutory replacement for certain benchmarks on the European Commission, such replacement being limited to contracts and financial instruments. In addition, the transitional provisions applicable to third-country benchmarks are extended until the end of 2025.

In light of the Benchmarks Regulation, the UK Benchmarks Regulation and the Amending Regulation, and benchmark reform more generally, other benchmarks could be subject to similar announcements. This may cause EURIBOR, STIBOR, NIBOR and other benchmarks to be administered differently, to perform differently than they did in the past, to be discontinued or there may be other consequences that cannot be predicted. Furthermore, even prior to the implementation of any changes, uncertainty as to the nature of alternative reference rates, and as to potential changes to such benchmarks or their administration may adversely affect such benchmarks during the term of the relevant Notes (such as Floating Rate Notes), the return on the relevant Notes and the trading market for securities based on the same benchmark.

Separately, the euro risk-free-rates working group for the euro area has published a set of guiding principles and high-level recommendations for fallback provisions in, amongst other things, new euro denominated cash products (including bonds) referencing EURIBOR. The guiding principles indicate, among other things, that continuing to reference EURIBOR in relevant contracts (without robust fallback provisions) may increase the risk to the euro area financial system. On 11 May 2021, the euro risk-free rate working group published its recommendation on EURIBOR fallback trigger events and fallback rates, and on 4 May 2023 published further guidance to supplement its earlier recommendations.

There is also a risk that STIBOR and/or NIBOR will be discontinued (although no cessation date has been announced), or that alternative benchmark rates will dominate market practice, leading to uncertainties in relation to the interest rate payable in relation to the Notes.

With respect to STIBOR, the SFBF assumed the administration of STIBOR in April 2020 and launched a comprehensive review of STIBOR. SFBF developed a revised calculation methodology and a new calculation system to accommodate the revised calculation methodology in an automated and controlled manner to safeguard the integrity and robustness of the benchmark, based on actual transactions from contributing panel banks in 2022. Any future changes of the calculation methodology could lead to uncertainties in relation to the interest rate payable in relation to the Notes.

The Swedish Bankers Association also held a consultation on a possible recommendation for a STIBOR fallback rate, Swedish krona Short Term Rate (“SWESTR”) in 2021. The Central Bank of Sweden (Riksbank) also recommended the transition from STIBOR to SWESTR in 2021 and has implemented changes to SWESTR’s framework, taking effect from 23 September 2024, with the aim to facilitate and increase incentives for the transition. Should STIBOR for any other reason cease to be calculated or administered and be replaced by SWESTR or another interest rate benchmark, there is a risk that such replacement is not made in an effective manner.

With respect to NIBOR, the authority responsible for administering NIBOR began work on proposing the necessary changes to NIBOR for it to comply with the Benchmarks Regulation. In addition, the Norwegian Central Bank (“Norges Bank”) convened a working group to consider alternative reference rate(s) if NIBOR should not be available in the future.

The Norwegian working group on alternative reference rates in September 2019 recommended a reformed version of Norwegian Overnight Weighted Average (“NOWA”) (which as of 1 January 2020 has been administered by the Norges Bank) as the alternative reference rate for NIBOR. In 2020, the working group published a consultation paper on fall back provisions and term and spread adjustments between NIBOR and NOWA upon a discontinuation of NIBOR. In December 2021, the working group published a guide on using NOWA in financial contracts and as a fallback solution.

Separately, in December 2021, the decision to recognise NIBOR as a critical benchmark was implemented in Norwegian law. The Financial Supervisory Authority of Norway has verified that the NIBOR Panel Bank Code of Conduct complies with the Benchmarks Regulation. In May 2022, the NIBOR Oversight Committee finalised its second annual review of the NIBOR Framework, including the NIBOR methodology. The review has identified the need for amendments in some policy documents, in particular following the recognition of NIBOR as a critical benchmark according to the Benchmark Regulation. The current calculation methodology has been assessed as still being suitable for its intended purpose.

These reforms (including the Benchmarks Regulation, the UK Benchmarks Regulation and the Amending Regulation, as applicable) could have a material impact on any Notes linked to or referencing a rate or index deemed to be a “benchmark”, in particular, if the methodology or other terms of the “benchmark” are changed in order to comply with the requirements of the Benchmarks Regulation and/or the UK Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the “benchmark”.

It is not possible to predict with certainty whether, and to what extent, EURIBOR, STIBOR, NIBOR or any other benchmark will continue to be supported going forwards. This may cause EURIBOR, STIBOR, NIBOR or any other such benchmark to perform differently than they have done in the past, and may have other consequences which cannot be predicted. The potential elimination of EURIBOR, STIBOR, NIBOR or any other benchmark, or changes in the manner of administration of any benchmark, could require an adjustment to the Conditions, or result in other consequences, in respect of any Notes referencing such benchmark.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of “benchmarks”, could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements. Such factors may (without limitation) have the following effects on certain “benchmarks”: (i) discourage market participants from continuing to administer or contribute to the “benchmark”; (ii) trigger changes in the rules or methodologies used in the “benchmark” or (iii) lead to the disappearance of the “benchmark”. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to, referencing, or otherwise dependent (in whole or in part) upon a “benchmark”.

Investors should be aware that, if EURIBOR, STIBOR, NIBOR or any other benchmark were discontinued or otherwise unavailable, the rate of interest on Floating Rate Notes which reference EURIBOR, STIBOR, NIBOR or such other benchmark will be determined for the relevant period by the fall-back provisions applicable to such Notes. This may have an adverse effect on the Floating Rate Notes.

Depending on the manner in which EURIBOR, STIBOR, NIBOR or such other benchmark is to be determined under the Terms and Conditions of the Notes, this may in certain circumstances (i) be reliant upon the provision by reference banks of offered quotations for the relevant rate or rates at which reference banks were offered deposits which, depending on market circumstances, may not be available at the relevant time or may provide a different result than if EURIBOR, STIBOR, NIBOR or such other benchmark had continued or continued to be administered in its previous form; or (ii) result in the effective application of a fixed rate based on the rate which applied in the previous period when EURIBOR, STIBOR, NIBOR or such other benchmark was available. In circumstances where EURIBOR, STIBOR, NIBOR or such other benchmark continues to be available but is administered differently or performs differently, this could result in adverse consequences for Notes linked to such benchmark (including Floating Rate Notes), including a material adverse effect on the value of and return on any such Notes.

Where Screen Rate Determination is specified in the applicable Final Terms (or in the case of Exempt Notes, the Pricing Supplement) as the manner in which the Rate of Interest in respect of an issue of Floating Rate Notes is to be determined, the Conditions provide that the Rate of Interest shall be determined by reference to the Relevant Screen Page (or its successor or replacement). In circumstances where the relevant reference rate is discontinued, neither the Relevant Screen Page, nor any successor or replacement may be available.

Where the Relevant Screen Page is not available, and no successor or replacement for the Relevant Screen Page is available, the Conditions provide for the Rate of Interest to be determined by the Agent by reference to quotations from banks communicated to the Agent.

Where such quotations are not available (as may be the case if the relevant banks are not submitting rates for the determination of the relevant Original Reference Rate), the Rate of Interest may ultimately revert to the Rate of Interest applicable as at the last preceding Interest Determination Date before the Original Reference Rate was discontinued. Uncertainty as to the continuation of the relevant Original Reference Rate, the availability of quotes from reference banks, and the rate that would be applicable if the relevant Original Reference Rate is discontinued may adversely affect the value of, and return on, the relevant Floating Rate Notes.

If a Benchmark Event (as defined in Condition 4(b)(iii)(G)) (which, amongst other events, includes the permanent discontinuation of an Original Reference Rate) occurs, the relevant Issuer shall use its reasonable endeavours to appoint an Independent Adviser (as defined in Condition 4(b)(iii)(G)). After consulting with the Independent Adviser, the relevant Issuer shall endeavour to determine a Successor Rate or, failing which, an Alternative Rate (each as defined in Condition 4(b)(iii)(G)) to be used in place of the relevant Original Reference Rate. The use of any such Successor Rate or Alternative Rate to determine the Rate of Interest will result in Notes linked to or referencing the relevant Original Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would do if the relevant Original Reference Rate were to continue to apply in its current form.

Furthermore, if a Successor Rate or Alternative Rate for the Original Reference Rate is determined by the relevant Issuer, the Conditions provide that the relevant Issuer may vary the Conditions, as necessary to ensure the proper operation of such Successor Rate or Alternative Rate, without any requirement for consent or approval of the Noteholders.

If a Successor Rate or Alternative Rate is determined by the relevant Issuer, the Conditions also provide that an Adjustment Spread (as defined in Condition 4(b)(iii)(G)) may be determined by the relevant Issuer and applied to such Successor Rate or Alternative Rate. The aim of the Adjustment Spread is to reduce or eliminate, to the extent reasonably practicable, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the relevant Original Reference Rate with the Successor Rate or the Alternative Rate. However, it may not be possible to determine or apply an Adjustment Spread and even if an Adjustment Spread is applied, such Adjustment Spread may not be effective to reduce or eliminate economic prejudice to Noteholders. If no Adjustment Spread can be determined, a Successor Rate or Alternative Rate may nonetheless be used to determine the Rate of Interest. The use of any Successor Rate or Alternative Rate (including with the application of an Adjustment Spread) will still result in Notes linked to or referencing the relevant Original Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would if the relevant Original Reference Rate were to continue to apply in its current form. This may also in certain circumstances result in the application of a backward-looking, risk-free overnight rate, whereas the relevant benchmark is expressed on the basis of a forward-looking term and includes a risk-element based on inter-bank lending. This could have a material adverse impact on the value or liquidity of, and return on, any Notes linked to or referencing a “benchmark”.

Where the relevant Issuer is unable to appoint an Independent Adviser in a timely manner, or is unable to determine a Successor Rate or Alternative Rate before the next Interest Determination Date, the Rate of Interest for the next succeeding Interest Period will be the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event, or, where the Benchmark Event occurs before the first Interest Determination Date, the Rate of Interest will be the initial Rate of Interest.

Where the relevant Issuer has been unable to appoint an Independent Adviser or have failed to determine a Successor Rate or Alternative Rate in respect of any given Interest Period, they will continue to attempt to appoint an Independent Adviser in a timely manner before the next succeeding Interest Determination Date and/or to determine a Successor Rate or Alternative Rate to apply to the next succeeding and any subsequent Interest Periods, as necessary.

Applying the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event, will result in Notes linked to or referencing the relevant benchmark performing differently (which may include payment of a lower Rate of Interest) than they would do if the relevant benchmark were to continue to apply, or if a Successor Rate or Alternative Rate could be determined. If the relevant Issuer is unable to appoint an Independent Adviser or, fail to determine a Successor Rate or Alternative Rate for the life of the relevant Notes, the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event, will continue to apply to maturity. This will result in the relevant Floating Rate Notes, in effect, becoming fixed rate Notes.

Where ISDA Determination is specified in the applicable Final Terms (or in the case of Exempted Notes, the Pricing Supplements) as the manner in which the Rate of Interest in respect of an issue of Floating Rate Notes is to be determined, the Conditions provide that the Rate of Interest in respect of the relevant Notes shall be determined by reference to the relevant Floating Rate Option in the 2006 ISDA Definitions. Where the Floating Rate Option specified is an “IBOR” Floating Rate Option, the Rate of Interest may be determined by reference to the relevant screen rate or the rate determined on the basis of quotations from certain banks. If the relevant IBOR is permanently discontinued and the relevant screen rate or quotations from banks (as applicable) are not available, the operation of these provisions may lead to uncertainty as to the Rate of Interest that would be applicable, and may adversely affect the value of, and return on, the relevant Floating Rate Notes.

In view of the foregoing, investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation, the UK Benchmarks Regulation, the Amending Regulation or any of the international or national reforms and the possible application of the benchmark replacement provisions of the Notes in making any investment decision with respect to any Notes linked to or referencing a benchmark.

- *The market continues to develop in relation to SONIA as a reference rate for Floating Rate Notes*

Investors should be aware that the market continues to develop in relation to the Sterling Overnight Index Average (“SONIA”) as a reference rate in the capital markets and its adoption as an alternative to Sterling LIBOR. In particular, market participants and relevant working groups are exploring alternative reference rates based on SONIA, including term SONIA reference rates (which seek to measure the market’s forward

expectation of an average SONIA rate over a designated term). The market, or a significant part thereof, may adopt an application of SONIA that differs significantly from that set out in the Conditions as applicable to Notes referencing a SONIA rate that are issued under this Programme. As SONIA is published and calculated by the Bank of England based on data received from other sources, the Issuers have no control over its determination, calculation or publication. There can be no guarantee that SONIA will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of investors in SONIA-referenced Notes. If the manner in which SONIA is calculated is changed, that change may result in a reduction of the amount of interest payable on such Notes and the trading prices of such Notes.

The Issuers may in the future also issue Notes linked to or referencing SONIA that differ materially in terms of interest determination when compared with any previous SONIA-linked/referenced Notes issued by them under the Programme. In addition, some issuers have issued notes linked to Compounded Daily SONIA (as defined in Condition 4(b)(ii)(C)). The nascent development of Compounded Daily SONIA as an interest reference rate for the Eurobond markets, as well as continued development of SONIA-based rates for such markets and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of any SONIA-referenced Notes issued under the Programme from time to time.

Interest on Notes which reference Compounded Daily SONIA is only capable of being determined at the end of the relevant Observation Period, which will occur on (but exclude) such number of London Banking Days prior to the relevant Interest Payment Date as is specified in the applicable Final Terms or Pricing Supplement (as the case may be). It may be difficult for investors in Notes which reference Compounded Daily SONIA to estimate reliably the amount of interest which will be payable on such Notes, and some investors may be unable or unwilling to trade such Notes without changes to their IT or other operational systems, any of which could adversely impact the liquidity of such Notes. In addition, in contrast to Notes referenced to other interbank offered rates, if Notes referencing Compounded Daily SONIA become due and payable as a result of an Event of Default under Condition 9, or are otherwise redeemed early on a date other than an Interest Payment Date in accordance with Condition 6, the rate of interest payable for the final Interest Period in respect of such Notes will only be determined a number of London Banking Days prior to the date on which the Notes become due and payable (being the "Interest Determination Date") and will not be reset thereafter.

The terms of Notes which reference Compounded Daily SONIA provide that if the SONIA reference rate is not available or has not otherwise been published, the amount of interest payable on such Notes will be determined using the Bank of England's Bank Rate (the "Bank Rate") plus the mean of the spread of the SONIA reference rate to the Bank Rate. If these rate and spread calculation provisions of Notes which reference Compounded Daily SONIA become applicable, this could result in adverse consequences to the amount of interest payable on such Notes, which could adversely affect the return on, value of, and market for, such Notes. Further, there is no assurance that the characteristics of the Bank Rate and spread calculation will be similar to, or will produce the economic equivalent of, the SONIA reference rate upon which Compounded Daily SONIA is based. In addition, if the rate of interest on Notes which reference Compounded Daily SONIA cannot be determined using the Bank Rate, then the rate of interest will be that determined as at the last preceding Interest Determination Date, which would cause the rate of interest on such Notes to become fixed and could thereby adversely affect the return on, value of and market for such Notes.

The manner of adoption or application of SONIA reference rates in the Eurobond markets may differ materially compared with the application and adoption of SONIA in other markets, such as the derivatives and loan markets. Investors should carefully consider how any potential inconsistencies between the adoption of SONIA reference rates across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Notes referencing SONIA or Compounded Daily SONIA.

Further, if Compounded Daily SONIA does not prove to be widely used in securities like the Notes, the trading price of such Notes linked to or referencing Compounded Daily SONIA may be lower than those of Notes linked to indices that are more widely used. Investors in such Notes may not be able to sell such Notes at all or may not be able to sell such Notes at prices that will provide them with a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk.

Investors should consider these matters when making their investment decision with respect to any such Floating Rate Notes linked to or which reference a SONIA or Compounded Daily SONIA.

Risks related to Sustainability-Linked Notes

- *Risks relating to sustainability characteristics*

In February 2025, Securitas AB adopted a sustainability-linked finance framework to issue different types of sustainability-linked instruments, including bonds and loans (the “Sustainability-Linked Finance Framework”).

As provided in the Conditions, the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement for a Series of Notes may specify that the Notes will be issued as Sustainability-Linked Notes. In this case, an interest rate step-up or a payment of a premium amount will be triggered upon the occurrence of a Sustainability-Linked Trigger Event as selected and specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement. A Sustainability-Linked Trigger Event may occur (i) if the Group fails to achieve a Sustainability Performance Target on the relevant Target Observation Date or (ii) if Securitas AB fails to publish the applicable Sustainability Performance Report or the Limited Assurance Report in accordance with the Conditions.

Any Sustainability-Linked Notes issued under the Programme may not satisfy an investor’s requirements or any future legal or quasi-legal standards for investment in assets with sustainability characteristics. The Sustainability Performance Targets specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement for the relevant Series of Notes may be inconsistent with, or insufficient to satisfy, investors’ requirements or expectations. The Sustainability Performance Targets will be aimed at reducing greenhouse gas (GHG) emissions. The Group’s Sustainability Performance Targets are uniquely tailored to the Group’s business, operations and capabilities, and they do not easily lend themselves to benchmarking against similar sustainability performance targets of other issuers.

In addition, the Sustainability-Linked Notes are not being marketed as “green bonds”, “social bonds” or “sustainable bonds” as the relevant net proceeds of the issue of any Sustainability-Linked Notes will be used for (i) the refinancing of existing indebtedness of the Group and (ii) general corporate purposes of the Group, unless otherwise specified in the relevant Final Terms. Neither Securitas AB nor STI commits to allocating the relevant net proceeds specifically to projects or business activities meeting sustainability criteria, or any other limitations or requirements that may be associated with green bonds, social bonds or sustainability bonds in any particular market, except as specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement. In this context, there may be adverse environmental, social and/or other impacts resulting from the Group’s efforts to achieve any Sustainability Performance Target or from the use of the net proceeds from the offering of the Sustainability-Linked Notes.

There is currently neither a clear definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a “sustainability-linked”, “ESG-linked” or an equivalently labelled financial instrument, and legislative and non-governmental developments in respect of sustainable finance are numerous and continue to evolve. As a result, the Sustainability-Linked Notes as investments may not respect, or may cease during the life of the Sustainability-Linked Notes to respect, certain requirements, whether legislation, taxonomies, standards, guidelines, or other investment criteria or guidelines. In particular, the Sustainability-Linked Notes may not qualify, or may cease during the life of the Sustainability-Linked Notes to qualify, for certain dedicated sustainability-linked bond, ESG-related securities or other equivalently-labelled indices that may be important for the Noteholders to comply with, whether by any present or future applicable laws or regulations or by any such Noteholder’s own by-laws or investment portfolio mandates.

Furthermore, in the event that such Sustainability-Linked Notes are listed or admitted to trading on any dedicated green, environmental, sustainable or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), such listing or admission may not satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply. Additionally, the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another, and there is a risk that any such listing or admission to trading will not be obtained in respect of any such Sustainability-Linked Notes or, if obtained, that any such listing or admission to trading will not be maintained during the life of the Sustainability-Linked Notes.

Should any Sustainability-Linked Notes issued under the Programme not meet the requirements or expectations of an individual Noteholder, this could require such Noteholder to dispose of the Sustainability-Linked Notes at the then prevailing market price. If the Sustainability-Linked Notes generally fail to satisfy investors’ requirements or expectations, this may have a material negative effect on the market value and/or the liquidity of the Sustainability-Linked Notes.

- *Risks relating to failure by the Group to meet the Sustainability Performance Targets*

There is a risk that the Group will not be successful in meeting the Sustainability Performance Targets as specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement for any Sustainability-Linked Notes. In addition, the Group may in the future decide to discontinue the relevant Sustainability Performance Targets or otherwise to discontinue its current sustainability strategy as described in this Base Prospectus. Any failure to meet the Sustainability Performance Targets may occur due to a variety of factors, some of which are outside the Group's control, such as the development of new technological solutions as well as political support for and investments in renewable energy.

No Event of Default shall occur under the Sustainability-Linked Notes, nor will the relevant Issuer or, in the case of Notes issued by STI, the Guarantor, be required to repurchase or redeem such Notes if an interest rate step-up occurs or a premium amount becomes payable.

Certain investors may have portfolio mandates that require them, or they may otherwise wish, to dispose of their Sustainability-Linked Notes upon the occurrence of a Sustainability-Linked Trigger Event due to a failure by the Group to achieve any Sustainability Performance Target, even if the resulting interest rate step-up or payment of a premium amount has the effect of increasing the yield on the relevant Sustainability-Linked Notes. In addition, the Sustainability-Linked Notes may be excluded from any dedicated green, environmental, sustainable or other equivalently-labelled segment of any stock exchange or securities market and/or from any equivalently-labelled index which may have material consequences for the future trading prices of the Sustainability-Linked Notes and/or the liquidity of the Sustainability-Linked Notes.

If the Group fails to achieve its Sustainability Performance Targets in relation to any Sustainability-Linked Notes, Securitas AB does not publish the Verification Assurance Certificate on or before the Notification Deadline, or the Verification Assurance Certificate contains a reservation about whether or not the Sustainability Performance Target has been achieved, this will give rise to an interest rate step-up or payment of a premium amount and thereby have a direct negative impact on the Group's financial position. In addition to the economic impact, any failure by the Group to achieve its Sustainability Performance Targets could also harm the Group's reputation, brand value and customer relations, which in turn could have a significant negative impact on the demand for the Group's products and services and lead to revenue losses. This could have a material adverse effect on the Group's business prospects, financial condition and results of operations and thereby adversely impact the Group's ability to meet its obligations under the Sustainability-Linked Notes.

- *Risks relating to costs of achieving Sustainability Performance Targets*

The Group may need to expend significant economic resources in order to achieve the Sustainability Performance Targets in relation to any Sustainability-Linked Notes issued under the Programme and/or otherwise for purposes of pursuing the Group's sustainability strategy as in force from time to time. If the capital expenditures are substantially higher than anticipated in order to achieve the Sustainability Performance Targets, the financial and competitive position of the Group may be negatively affected.

- *Risks relating to change in standards and guidelines and recalculation*

The key performance indicators underlying the Sustainability Performance Targets of the Group are calculated in accordance with certain standards and guidelines, in particular the GHG Protocol Standard. These standards and guidelines may change over time and the Group will apply these as they may be amended and updated from time to time to calculate its key performance indicators. As a consequence, the way in which the Group calculates its key performance indicators may also change over time. Such change (in particular in the calculation methods) could lead to an increase or decrease of the performance of the Group in relation to any of its key performance indicators while still being able to satisfy the Sustainability Performance Targets and avoiding the occurrence of a Sustainability-Linked Trigger Event and the payment to the Noteholders of an increased interest rate or premium amount.

In addition, if (i) a significant change to the structure of the Group; (ii) a limited assurance exercise on (a) GHG Emissions (Scope 1 and 2) (where Sustainability Performance Target (SPT1) is specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement); and/or (b) GHG Emissions (Scope 3) (where Sustainability Performance Target (SPT2) is specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement); (iii) a significant change in methodology in calculation of (a) GHG Emissions (Scope 1 and 2) (where Sustainability Performance Target (SPT1) is specified in the applicable Final Terms); and/or (b) GHG Emissions (Scope 3) (where Sustainability Performance Target (SPT2) is specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement) that requires a recalculation of GHG Emissions (Scope 1 and 2) (where

Sustainability Performance Target (SPT1) is specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement) and/or GHG Emissions (Scope 3) (where Sustainability Performance Target (SPT2) is specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement) for any reporting year (including, for the avoidance of doubt, any past reporting year); or (iv) a change in Securitas AB's ability and autonomy to calculate any Sustainability Performance Target(s) and/or Sustainability Performance Baseline(s), including without limitation as a result of data accessibility, data quality, data error or a number of cumulative errors that together are significant; or where the use of a proxy may be required such as, but without limitation an extrapolation of earlier reported emissions if a supplier is not providing the figures in time occurs, it may give rise to a recalculation of the Sustainability Performance Baseline, a restatement of historical data and/or a recalculation of the Sustainability Performance Targets. Any such recalculation may be made unilaterally by Securitas AB without the prior consultation of the Noteholders, as further specified in the applicable Conditions.

Any changes to the standards, guidelines or calculation methodology applicable to any Sustainability-Linked Notes may have a negative effect on the market value of the Sustainability-Linked Notes.

- *Risks relating to third party opinions, reports, certification or validation*

In connection with the adoption of its Sustainability-Linked Finance Framework, Securitas AB has obtained an independent, ex-ante second party opinion from Sustainalytics regarding the Group's Sustainability-Linked Finance Framework. In addition, Securitas AB intends to obtain a verification by a qualified external and independent reviewer with relevant expertise of its actual performance level against the key performance indicators underlying the Sustainability Performance Targets on an annual basis. The verification shall be conducted with limited assurance by the external reviewer.

Second party opinion providers and providers of similar opinions, certifications and validations are not currently subject to any specific regulatory or other regime or oversight and such opinions may vary amongst such providers as the methodologies used to provide such opinions may differ. There is a risk that any such opinions, certifications or validations may not be accurate or otherwise reliable, which may have a negative effect on the market value of the Sustainability-Linked Notes. In addition, if any such opinions, certifications or validations are withdrawn or attest that the Group is not complying in whole or in part with any matters to which such opinions, certifications or validations relate, this may have a material adverse effect on the value of the Sustainability-Linked Notes and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

Risks applicable to certain types of Exempt Notes

- *Index Linked Notes and Dual Currency Notes*

The Issuers may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a "Relevant Factor"). In addition, the Issuers may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) they may lose all or a substantial portion of their principal;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and

- (i) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

The historical experience of an index or other Relevant Factor should not be viewed as an indication of the future performance of such Relevant Factor during the term of any Notes. Accordingly, each potential investor should consult its own financial and legal advisers about the risk entailed by an investment in any Notes linked to a Relevant Factor and the suitability of such Notes in light of its particular circumstances.

- *Inverse Floating Rate Notes*

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as EURIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Risks related to Notes generally

Set out below is a description of material risks relating to the Notes generally:

Notes subject to early redemption

Each of the Issuers has the option, if so provided in the applicable Final Terms or Pricing Supplement, to redeem the Notes issued by it, under a call option, a make-whole call option or a clean-up call option, as provided in Condition 6. With respect to the Clean-Up Call Option, there is no obligation under the Terms and Conditions of the Notes for the relevant Issuer to inform investors if and when not less than 75 per cent. of the Notes of the same Series (including any further Notes issued pursuant to Condition 15) have been redeemed or purchased by, or on behalf of, the relevant Issuer and cancelled, and the relevant Issuer's right to redeem will exist notwithstanding that immediately prior to the serving of a notice in respect of the exercise of the Clean-Up Call Option, the relevant Notes may have been trading significantly above par, thus potentially resulting in a loss of capital invested.

In addition, each of the Issuers may redeem the Notes issued by it in whole but not in part, further to the occurrence of certain withholding tax events described in Condition 7.

Any optional redemption feature where the relevant Issuer is given the right to redeem the Notes early might negatively affect the market value of such Notes. During any period when the relevant Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period. Furthermore, since the relevant Issuer may be expected to redeem the Notes when prevailing interest rates are relatively low, an investor might not be able to reinvest the redemption proceeds at an effective interest rate as high as the return that would have been received on such Notes had they not been redeemed.

As a consequence, the yield received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. In addition, investors that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

All of the above may reduce the profits potential investors in the Notes may have expected in subscribing the Notes and could have significant impact on the Noteholders.

Modification

The Conditions contain provisions for calling meetings of Noteholders to consider and vote upon matters affecting their interests generally, or to pass resolutions in writing or through the use of electronic consents. These provisions permit defined majorities to bind all Noteholders including (i) those Noteholders who did not attend and vote at the relevant meeting or, as the case may be, did not sign the written resolution or give

their consent electronically, and (ii) those Noteholders who voted in a manner contrary to the majority. To be bound in such a way could materially adversely affect the interests of (i) the Noteholders who did not attend and vote at the relevant meeting or, as the case may be, did not sign the written resolution or give their consent electronically and (ii) the Noteholders who voted in a matter contrary to the majority. In addition, the Conditions provide that the Paying Agents (as defined in the Conditions) shall be obliged to concur with the Issuer or the Guarantor (if applicable) in effecting any Benchmark Amendments (as defined in the Conditions) in the circumstances and as otherwise set out in Condition 4(b)(iii)(D) without the consent or approval of the Noteholders.

Enforceability of judgments

Each Issuer and the Guarantor (where applicable) has submitted to the jurisdiction of the courts of England in the Conditions, Agency Agreement, the Guarantee and the Deed of Covenant.

Absent any agreement, treaty or other instrument on mutual recognition and enforcement of judgments applicable in relation to the Notes and/or the Guarantee between the UK and Sweden as at the date of this Base Prospectus, a final judgment in civil or commercial matters obtained in the courts of England, against each Issuer and/or the Guarantor in relation to the Notes and/or the Guarantee, which is enforceable in the UK, will, in principle, neither be recognised nor enforceable in Sweden and the Noteholders would be required to re-litigate in the courts of Sweden. However, if any Noteholder brings a new action in a competent court in Sweden, the final judgment rendered in an English court may be submitted to the Swedish court, but will only be regarded as evidence of the outcome of the dispute to which it relates, and the Swedish court has full discretion to rehear the dispute *ab initio*.

Change of law

The Conditions are based on English law and administrative practice in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Base Prospectus and any such change could materially adversely impact the value of any Notes affected by it. A change in law or regulatory requirement could affect the ability of the Issuer to make payments under the Notes and could adversely impact the legal position of Noteholders and the market value and/or liquidity of the Notes in the secondary market. Furthermore, any change in either Issuer's tax status (or that of other members of the Group) or taxation legislation or practice could affect the Issuers' ability to provide returns to the Noteholders or alter post tax returns to the Noteholders. Commentaries in this Base Prospectus concerning the taxation of investors in the Notes are based on current tax law and practice in Sweden and Ireland, respectively, which is subject to change, possibly with retrospective effect. The taxation of an investment in either Issuer depends on the individual circumstances of investors.

Notes where denominations involve integral multiples: definitive Notes

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If such Notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Risks related to the market generally

Set out below is a description of the material market risks, including risks related to the liquidity on the secondary market, exchange rates and exchange controls, interest rates, inflation, calculation of the return on Floating Rate Notes, price fluctuations in Zero Coupon Notes and credit ratings.

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

In addition, Noteholders should be aware of the prevailing and widely reported global credit market conditions (which continue at the date of this Base Prospectus), whereby there is a general lack of liquidity in the secondary market for instruments similar to the Notes. Such lack of liquidity may result in investors suffering losses on the Notes in secondary re-sales even if there is no decline in the performance of the assets of the relevant Issuer. The Issuers cannot predict which of these circumstances will change and whether (if and when they do change) there will be a more liquid market for the Notes and instruments similar to the Notes at that time.

Exchange rate risks and exchange controls

Each Issuer will pay principal and interest on the Notes and (if applicable) the Guarantor will make any payment under the Guarantee in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the relevant Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

Inflation risk

The value of future payments of interest and principal may be reduced as a result of inflation as the real rate of interest on an investment in the Notes will be reduced at rising inflation rates and may be negative if the inflation rate rises above the nominal rate of interest on the Notes.

Investors will not be able to calculate in advance their rate of return on Floating Rate Notes

A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the terms and conditions of any Notes provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market

interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates than prevailing.

Zero Coupon Notes are subject to higher price fluctuations than non-discounted bonds

Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of Notes bearing fixed or floating rate interest because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Issuers or the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time. Each rating should be evaluated independently of any other ratings.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes in the EEA, unless such ratings are issued by a credit rating agency established in the EEA and registered under the CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by non-EEA credit rating agencies, unless the relevant credit ratings are endorsed by an EEA-registered credit rating agency or the relevant non-EEA rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances).

The list of registered and certified rating agencies published by the ESMA on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Base Prospectus.

Investors regulated in the UK are subject to similar restrictions under Regulation (EU) No 1060/2009 as it forms part of domestic law of the UK by virtue of the EUWA and the regulations made under the EUWA (as amended, the "UK CRA Regulation"). As such, UK regulated investors are required to use for UK regulatory purposes ratings issued by a credit rating agency established in the UK and registered under the UK CRA Regulation. In the case of ratings issued by third country non-UK credit rating agencies, third country credit ratings can either be: (a) endorsed by a UK-registered credit rating agency; or (b) issued by a third country credit rating agency that is certified in accordance with the UK CRA Regulation, in each case subject to (i) the relevant UK registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (ii) transitional provisions that apply in certain circumstances. In the case of third country ratings, for a certain limited period of time, transitional relief accommodates continued use for regulatory purposes in the UK, of existing pre-2021 ratings, provided the relevant conditions are satisfied.

If the status of the rating agency that rates the Notes changes for the purposes of the CRA Regulation or the UK CRA Regulation, relevant regulated investors may no longer be able to use the rating for regulatory purposes in the EEA or the UK (as applicable) and the Notes may have a different regulatory treatment. This may result in such regulated investors selling the Notes which may impact the value of the Notes and any secondary market.

Following the publication of this Base Prospectus a supplement may be prepared by the Issuers and the Guarantor and approved by the Central Bank in accordance with Article 23 of the Prospectus Regulation. Statements contained in any such supplement (or contained in any document incorporated by reference therein) shall, to the extent applicable (whether expressly, by implication or otherwise), be deemed to modify or supersede statements contained in this Base Prospectus or in a document which is incorporated by reference in this Base Prospectus. Any statement so modified or superseded shall not, except as so modified or superseded, constitute a part of this Base Prospectus.

Copies of this Base Prospectus and each of the documents incorporated by reference in this Base Prospectus will be published on the website of Euronext Dublin (<https://live.euronext.com/en/markets/dublin>) and can be

obtained from the offices of the Issuers set out at the end of this Base Prospectus and from the principal offices of the Issuing and Principal Paying Agent for the time being in Luxembourg.

Any information contained in any part of the documents referred to herein which is not incorporated by reference in this Base Prospectus is either deemed not relevant for an investor or is otherwise covered elsewhere in this Base Prospectus.

Each of the Issuers and the Guarantor will, in the event of any significant new factor, material mistake or material inaccuracy relating to information included in this Base Prospectus which may affect the assessment of any Notes, prepare a supplement to this Base Prospectus or publish a new Base Prospectus for use in connection with any subsequent issue of Notes.

FORM OF THE NOTES

Any reference in this section to "applicable Final Terms" shall be deemed to include a reference to "applicable Pricing Supplement" where relevant.

Each Tranche of Notes will be in bearer form and will, unless otherwise indicated in the applicable Final Terms, be initially issued in the form of a temporary global note (a "Temporary Global Note") which will:

- (i) if the Global Notes are intended to be issued in new global note ("NGN") form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the "Common Safekeeper") for Euroclear Bank SA/NV ("Euroclear") and Clearstream Banking S.A. ("Clearstream, Luxembourg"); and
- (ii) if the Global Notes are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to a common depository (the "Common Depository") for, Euroclear and Clearstream, Luxembourg.

Where the Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether or not such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg.

Whilst any Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made against presentation of the Temporary Global Note (if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Agent.

On and after the date (the "Exchange Date") which is 40 days after a Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a permanent global note (a "Permanent Global Note") of the same Series or (ii) for definitive Notes of the same Series with, where applicable, interest coupons and talons attached (as indicated in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, interest coupons and talons attached upon either (i) not less than 60 days' written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) to the Agent as described therein or (ii) only upon the occurrence of an Exchange Event. For these purposes, "Exchange Event" means that (i) an Event of Default (as defined in Condition 9) has occurred and is continuing, (ii) the relevant Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (iii) the relevant Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Global Note in definitive form. The relevant Issuer will promptly give notice to Noteholders in accordance with Condition 13 if an Exchange Event occurs. In the

event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) may give notice to the Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the relevant Issuer may also give notice to the Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Agent.

The following legend will appear on all Notes (other than Temporary Global Notes) and interest coupons relating to Notes where TEFRA D is specified in the applicable Final Terms:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes or interest coupons.

Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Pursuant to the Agency Agreement (as defined under “*Terms and Conditions of the Notes*”), the Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

A Note may be accelerated by the holder thereof in certain circumstances described in Condition 9. In such circumstances, where any Note is still represented by a Global Note and the Global Note (or any part thereof) has become due and repayable in accordance with the Terms and Conditions of such Notes and payment in full of the amount due has not been made in accordance with the provisions of the Global Note then from 8.00 p.m. (London time) on such day, holders of interests in such Global Note credited to their accounts with Euroclear and/or Clearstream, Luxembourg, as the case may be, will become entitled to proceed directly against the relevant Issuer on the basis of statements of account provided by Euroclear and/or Clearstream, Luxembourg on and subject to the terms of a deed of covenant (the “Deed of Covenant”) dated 11 February 2025, executed by the relevant Issuer.

FORM OF FINAL TERMS

Set out below is the form of Final Terms which will be completed for each Tranche of Notes which are not Exempt Notes issued under the Programme.

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“EEA”). For these purposes, a “retail investor” means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU, as amended (“MiFID II”); or (ii) a customer within the meaning of Directive 2016/97/EU (the “Insurance Distribution Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (the “PRIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIPs Regulation.]¹

[PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“UK”). For these purposes, a “retail investor” means a person who is one (or more) of: (i) a retail client as defined in point (8) of Article 2 of Regulation (EU) No. 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“EUWA”); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (the “FSMA”) and any rules or regulations made under the FSMA to implement [Directive (EU) 2016/97][the Insurance Distribution Directive], where that customer would not qualify as a professional client as defined in point (8) of Article 2(1) of Regulation (EU) No. 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No. 1286/2014 as it forms part of domestic law by virtue of the EUWA (the “UK PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.]²

[MIFID II PRODUCT GOVERNANCE / TARGET MARKET – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in [Directive 2014/65/EU, as amended (“MiFID II”)/MiFID II]; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels.]

[UK MIFIR PRODUCT GOVERNANCE / TARGET MARKET – [Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (“COBS”), and professional clients, as defined in Regulation (EU) No. 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“UK MiFIR”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [*Consider any negative target market*]³. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “UK MiFIR Product Governance Rules”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target

¹ Legend to be included on front of the Final Terms if the Notes potentially constitute “packaged” products or the issuer wishes to prohibit offers to EEA retail investors for any other reason, in which case the selling restriction should be specified to be “Applicable”.

² Legend to be included on front of the Final Terms if the Notes potentially constitute “packaged” products or the issuer wishes to prohibit offers to UK retail investors for any other reason, in which case the selling restriction should be specified to be “Applicable”.

³ If a negative target market is deemed necessary, wording along the following lines could be included: “The target market assessment indicates that Notes are incompatible with the needs, characteristic and objectives of clients which are [fully risk averse/have no risk tolerance or are seeking on-demand full repayment of the amounts invested]”.

market assessment) and determining appropriate distribution channels.][*Consider any relevant amendments based on the determination for each issue of Notes*]]⁴

[SINGAPORE SFA PRODUCT CLASSIFICATION – In connection with Section 309B of the Securities and Futures Act 2001, as modified or amended from time to time (the “SFA”) and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the “CMP Regulations 2018”), the Issuer has determined and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are [capital market products other than prescribed capital markets products][prescribed capital markets products] (as defined in the CMP Regulations 2018) and are [Specified][Excluded] Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).]⁵

PART A – CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth in the Base Prospectus dated 11 February 2025[, as supplemented by the supplement[s] to the Base Prospectus dated [date of supplement][and [date of supplement],] which [together] constitute[s] a base prospectus for the purposes of the Prospectus Regulation as amended (the “Base Prospectus”). This document constitutes the Final Terms of the Notes described herein for the purposes of Article 8 of the Prospectus Regulation and must be read in conjunction with the Base Prospectus in order to obtain all the relevant information. Full information on the Issuer[, the Guarantor] and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Base Prospectus. The Base Prospectus is available for viewing on the website of Euronext Dublin (<https://live.euronext.com/en/markets/dublin>) and during normal business hours at the registered office of the Issuer and from the specified office of the Issuing and Principal Paying Agent in Luxembourg.

[The following alternative language applies if the first Tranche of an issue which is being increased was issued under a Base Prospectus with an earlier date.]

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the “Conditions”) set forth in the Offering Circulars dated [21 February 2018 / 18 June 2020 / 9 April 2021 / 15 November 2022 / 13 February 2024]. This document constitutes the Final Terms of the Notes described herein for the purposes of Article 8 of the Prospectus Regulation and must be read in conjunction with the Base Prospectus dated 11 February 2025[, as supplemented by the supplement[s] to the Base Prospectus dated [date of supplement][and [date of supplement],] which [together] constitute[s] a base prospectus for the purposes of the Prospectus Regulation (the “Base Prospectus”), including the Conditions which are incorporated by reference into the Base Prospectus. Full information on the Issuer[, the Guarantor] and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Base Prospectus. Copies of the Base Prospectus are available for viewing on the website of Euronext Dublin

⁴ The reference to the UK MiFIR product governance legend may not be necessary if the managers in relation to the Notes are also not subject to UK MiFIR and therefore there are no UK MiFIR manufacturers. Depending on the location of the manufacturers, there may be situations where either the MiFID II product governance legend or the UK MiFIR product governance legend or both are included.

⁵ Legend to be included on the front of the Final Terms in the limited circumstances that the relevant Issuer needs to make a determination.

FORM OF PRICING SUPPLEMENT

Set out below is the form of Pricing Supplement which will be completed for each Tranche of Exempt Notes issued under the Programme.

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“EEA”). For these purposes, a “retail investor” means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU, as amended (“MiFID II”); or (ii) a customer within the meaning of Directive 2016/97/EU (the “Insurance Distribution Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]¹

[PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“UK”). For these purposes, a “retail investor” means a person who is one (or more) of: (i) a retail client as defined in point (8) of Article 2 of Regulation (EU) No. 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“EUWA”); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (the “FSMA”) and any rules or regulations made under the FSMA to implement [Directive (EU) 2016/97][the Insurance Distribution Directive], where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No. 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No. 1286/2014 as it forms part of domestic law by virtue of the EUWA (the “UK PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.]²

[MIFID II PRODUCT GOVERNANCE / TARGET MARKET – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in [Directive 2014/65/EU, as amended (“MiFID II”)/MiFID II]; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the manufacturer[’s/’s] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/’s] target market assessment) and determining appropriate distribution channels.]

[UK MIFIR PRODUCT GOVERNANCE / TARGET MARKET – [Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (“COBS”), and professional clients, as defined in Regulation (EU) No. 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“UK MiFIR”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [*Consider any negative target market*]³. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the manufacturer[’s/’s] target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “UK MiFIR Product Governance Rules”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/’s] target

Any person making or intending to make an offer of the Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 8 of the Prospectus Regulation or to supplement a prospectus pursuant to Article 23 of the Prospectus Regulation, in each case, in relation to such offer.

This document constitutes the Pricing Supplement for the Notes described herein. This document must be read in conjunction with the Base Prospectus dated 11 February 2025[, as supplemented by the supplement[s] dated [date[s]]] (the “Base Prospectus”). Full information on the Issuer[, the Guarantor] and the offer of the Notes is only available on the basis of the combination of this Pricing Supplement and the Base Prospectus. The Base Prospectus is available for viewing on the website of Euronext Dublin (<https://live.euronext.com/en/markets/dublin>) and during normal business hours at the registered office of the Issuer and from the specified office of the Issuing and Principal Paying Agent in Luxembourg.

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the “Conditions”) set forth in the Offering Circular [dated [21 February 2018 / 18 June 2020 / 9 April 2021 / 15 November 2022 / 13 February 2024] which is incorporated by reference in the Base Prospectus]⁶. Any reference in the Conditions to “applicable Final Terms” shall be deemed to include a reference to “applicable Pricing Supplement”, where relevant.

⁴ The reference to the UK MiFIR product governance legend may not be necessary if the managers in relation to the Notes are also not subject to UK MiFIR and therefore there are no UK MiFIR manufacturers. Depending on the location of the manufacturers, there may be situations where either the MiFID II product governance legend or the UK MiFIR product governance legend or both are included.

⁵ Legend to be included on the front of the Pricing Supplement in the limited circumstances that the relevant Issuer needs to make a determination.

⁶ Only include this language for a fungible issue where the original tranche was issued under an Offering Circular with a different date.

[Include whichever of the following apply or specify as “Not Applicable”. Note that the numbering should remain as set out below, even if “Not Applicable” is indicated for individual paragraphs or subparagraphs. Italics denote directions for completing the Pricing Supplement.]

[If the Notes have a maturity of less than one year from the date of their issue, the minimum denomination [must/may] need to be the higher of €125,000 and £100,000, or such an equivalent amount in any other currency.]

TERMS AND CONDITIONS OF THE NOTES

The following are the Terms and Conditions of the Notes which will be incorporated by reference into each Global Note (as defined below) and each definitive Note, in the latter case only if permitted by the rules of the relevant stock exchange (if any) and agreed by the relevant Issuer, the Guarantor (if applicable) and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Pricing Supplement in relation to any Tranche of Notes of Exempt Notes may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the following Terms and Conditions, replace or modify the following Terms and Conditions for the purpose of such Notes. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Note and definitive Note. Reference should be made to "Form of the Notes" for a description of the content of Final Terms which will specify which of such terms are to apply in relation to the relevant Notes.

This Note is one of a Series (as defined below) of Notes issued by Securitas AB (publ) ("Securitas AB" or the "Guarantor") or Securitas Treasury Ireland Designated Activity Company ("STI") pursuant to the Agency Agreement (as defined below). References to the Issuer shall mean the relevant issuer named in the applicable Final Terms or Pricing Supplement (the "Issuer", and Securitas AB and STI together, the "Issuers").

References herein to the "Notes" shall be references to the Notes of this Series and shall mean:

- (i) in relation to any Notes represented by a global Note (a "Global Note"), units of each Specified Denomination in the Specified Currency;
- (ii) any Global Note; and
- (iii) any definitive Notes issued in exchange for a Global Note.

The Notes and the Coupons (as defined below) have the benefit of an amended and restated Agency Agreement (such Agency Agreement as amended and/or supplemented and/or restated from time to time, the "Agency Agreement") dated 11 February 2025, and made between the Issuers, BNP Paribas, Luxembourg Branch as issuing and principal paying agent and agent bank (the "Agent", which expression shall include any successor agent) and the other paying agent named therein (together with the Agent, the "Paying Agents", which expression shall include any additional or successor paying agents).

Interest bearing definitive Notes have interest coupons ("Coupons") and, in the case of Notes, which, when issued in definitive form, have more than 27 interest payments remaining, talons for further Coupons ("Talons") attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons. Global Notes do not have Coupons or Talons attached on issue.

The Final Terms for this Note (or the relevant provisions thereof) are set out in Part A of the Final Terms attached to or endorsed on this Note which completes these Terms and Conditions (the "Conditions") or if this Note is a Note which is neither admitted to trading on a regulated market in the EEA nor offered in the EEA in circumstances where a prospectus is required to be published under the Prospectus Regulation (an "Exempt Note"), the final terms (or the relevant provisions thereof) of such Exempt Note are set out in Part A of the Pricing Supplement and may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with these Terms and Conditions, replace or modify these Terms and Conditions for the purposes of this Note. References to the "applicable Final Terms" are unless otherwise stated to Part A of the Final Terms (or the relevant provisions thereof) attached to, or endorsed on, this Note. Any reference in this section to "applicable Final Terms" shall be deemed to include a reference to "applicable Pricing Supplement" where relevant.

Any reference to "Noteholders" or "holders" in relation to any Notes shall mean the holders of the Notes and shall, in relation to any Notes represented by a global Note, be construed as provided below. Any reference herein to "Couponholders" shall mean the holders of the Coupons and shall, unless the context otherwise requires, include the holders of the Talons.

As used herein, "Tranche" means Notes which are identical in all respects (including as to listing and admission to trading) and "Series" means a Tranche of Notes together with any further Tranche or Tranches of Notes which are (i) expressed to be consolidated and form a single series and (ii) have the same terms

and conditions or terms and conditions which are the same in all respects save for the amount and date of the first payment of interest thereon and the date from which interest starts to accrue.

The Noteholders and the Couponholders are entitled to the benefit of the Deed of Covenant (such Deed of Covenant as modified and/or supplemented and/or restated from time to time, the "Deed of Covenant") dated 11 February 2025 and made by the Issuers and the Deed of Guarantee (the "Guarantee") dated 11 February 2025 and executed by the Guarantor. The original of the Deed of Covenant is held by the common depositary or common safekeeper, as the case may be, for Euroclear (as defined below) and Clearstream, Luxembourg (as defined below).

Copies of the Agency Agreement, the Guarantee and the Deed of Covenant are available for inspection during normal business hours at the specified office of the Agent. If the Notes are to be admitted to trading on the Regulated Market, the applicable Final Terms will be published on the website of Euronext Dublin. If this Note is an Exempt Note, the applicable Pricing Supplement will only be obtainable by a Noteholder holding one or more Notes and such Noteholder must produce evidence satisfactory to the Issuer and the relevant Paying Agent as to its holding of such Notes and identity. The Noteholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Agency Agreement, the Guarantee (only where Notes are issued by STI), the Deed of Covenant and the applicable Final Terms which are applicable to them. The statements in these Terms and Conditions include summaries of, and are subject to, the detailed provisions of the Agency Agreement.

Words and expressions defined in the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

1. **FORM, DENOMINATION AND TITLE**

The Notes are in bearer form and, in the case of definitive Notes, serially numbered, in the currency (the "Specified Currency") and the denominations (the "Specified Denomination(s)") specified in the applicable Final Terms. Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination.

Unless this Note is an Exempt Note, this Note may be a Fixed Rate Note, a Floating Rate Note or a Zero Coupon Note, or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Final Terms.

If this Note is an Exempt Note, this Note may be a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, an Index Linked Interest Note, a Dual Currency Interest Note or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Pricing Supplement.

If this Note is an Exempt Note, this Note may also be an Index Linked Redemption Note, a Dual Currency Redemption Note or a combination of the foregoing, depending on the Redemption/Payment Basis shown in the applicable Pricing Supplement.

Definitive Notes are issued with Coupons attached, unless they are Zero Coupon Notes in which case references to Coupons and Couponholders in these Terms and Conditions are not applicable.

Subject as set out below, title to the Notes and Coupons will pass by delivery. The Issuers, the Guarantor and the Paying Agents will (except as otherwise required by law) deem and treat the bearer of any Note or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear Bank SA/NV, ("Euroclear") and/or Clearstream Banking, S.A. ("Clearstream, Luxembourg"), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Guarantor (if applicable) and the Paying Agents

as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant Global Note shall be treated by the Issuer, the Guarantor (if applicable) and any Paying Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions “Noteholder” and “holder of Notes” and related expressions shall be construed accordingly. Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg, as the case may be.

References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in Part B of the applicable Final Terms.

2. STATUS OF THE NOTES AND THE GUARANTEE

(a) *Status of the Notes*

The Notes and any relative Coupons are direct, unconditional, unsubordinated and (subject to the provisions of Condition 3) unsecured obligations of the Issuer and rank *pari passu* among themselves and (save for certain obligations required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Issuer, from time to time outstanding.

The Issuer may use on any of the Notes the facsimile signature of any person who is a director of the Issuer on the date such signature is affixed notwithstanding the fact that when such Notes shall be delivered such person may have ceased to be a director.

(b) *Status of the Guarantee*

This Condition 2(b) is applicable only in relation to Notes issued by STI. The obligations of the Guarantor under the Guarantee constitute direct, unconditional, unsubordinated and (subject to the provisions of Condition 3) unsecured obligations of the Guarantor and shall at all times rank *pari passu* among themselves and (save for certain obligations required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Guarantor, from time to time outstanding.

3. NEGATIVE PLEDGE

(a) *Issuer's Negative Pledge*

So long as any of the Notes remains outstanding (as defined in the Agency Agreement), the Issuer will ensure that no Relevant Indebtedness (as defined below) of the Issuer or any of its Subsidiaries (as defined below) will be secured by any mortgage, charge, lien, pledge or other security interest (each a “Security Interest”) upon, or with respect to, any of the present or future business, undertaking, assets or revenues (including any uncalled capital) of the Issuer or any of its Subsidiaries unless the Issuer shall, in the case of the creation of the Security Interest, before or at the same time and, in any other case, promptly, take any and all action necessary to ensure that:

- (i) all amounts payable by it under the Notes and the Coupons are secured by the Security Interest equally and rateably with the Relevant Indebtedness; or
- (ii) such other Security Interest or other arrangement (whether or not it includes the giving of a Security Interest) is provided as shall be approved by an Extraordinary Resolution (which is defined in the Agency Agreement as a resolution duly passed by a majority of not less than three-fourths of the votes cast) of the Noteholders;

EXCEPT THAT the foregoing provision shall not apply to any Security Interest (i) arising by operation of law or (ii) created by an entity which becomes a Subsidiary of the Issuer after the date of the creation of such Security Interest, which Security Interest was not created in connection with or in contemplation of such entity becoming a Subsidiary of the Issuer and does not extend to or cover any assets of the Issuer or any of its other Subsidiaries PROVIDED THAT the amount of Relevant Indebtedness secured by such Security Interest shall not be increased after the date such entity becomes a Subsidiary of the Issuer.

(b) *Guarantor's Negative Pledge*

Where Notes are issued by STI, so long as any of such Notes remains outstanding (as defined in the Agency Agreement), the Guarantor will ensure that no Relevant Indebtedness (as defined below) of the Guarantor or any of its Subsidiaries (as defined below) will be secured by a Security Interest upon, or with respect to, any of the present or future business, undertaking, assets or revenues (including any uncalled capital) of the Guarantor or any of its Subsidiaries unless the Guarantor shall, in the case of the creation of the Security Interest, before or at the same time and, in any other case, promptly, take any and all action necessary to ensure that:

- (i) all amounts payable by it under the Notes and the Coupons are secured by the Security Interest equally and rateably with the Relevant Indebtedness; or
- (ii) such other Security Interest or other arrangement (whether or not it includes the giving of a Security Interest) is provided as shall be approved by an Extraordinary Resolution (which is defined in the Agency Agreement as a resolution duly passed by a majority of not less than three-fourths of the votes cast) of the Noteholders

EXCEPT THAT the foregoing provision shall not apply to any Security Interest (i) arising by operation of law or (ii) created by an entity which becomes a Subsidiary of the Guarantor after the date of the creation of such Security Interest, which Security Interest was not created in connection with or in contemplation of such entity becoming a Subsidiary of the Guarantor and does not extend to or cover any assets of the Guarantor or any of its other Subsidiaries PROVIDED THAT the amount of Relevant Indebtedness secured by such Security Interest shall not be increased after the date such entity becomes a Subsidiary of the Guarantor.

For the purposes of these Terms and Conditions:

"Relevant Indebtedness" means (i) any present or future indebtedness which has an initial maturity of more than 12 months (whether being principal, premium, interest or other amounts) represented or evidenced by notes, bonds, debentures, debenture stock, loan stock or other securities which for the time being are, or are intended to be, quoted, listed, dealt in or traded on any stock exchange, over-the-counter or other securities market and (ii) any guarantee or indemnity of any such indebtedness; and

"Subsidiary" means a subsidiary within the meaning of the Swedish Companies Act (2005:551) or, in the case of STI, a subsidiary within the meaning of section 7 of the Irish Companies Act, 2014.

4. **INTEREST**

(a) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Terms and Conditions, "Fixed Interest Period" means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note; or
- (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

“Day Count Fraction” means, in respect of the calculation of an amount of interest in accordance with this *Condition 4(a)*:

- (i) if “Actual/Actual (ICMA)” is specified in the applicable Final Terms:
 - (a) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the “Accrual Period”) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (b) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days specified in the applicable Final Terms that would occur in one calendar year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if “30/360” is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.

In these Terms and Conditions:

“Determination Period” means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

“sub-unit” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) *Interest on Floating Rate Notes*

(i) *Interest Payment Dates*

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an “Interest Payment Date”) which falls the number of months or other period specified as the Specified

Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day on the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(B), the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Terms and Conditions, "Business Day" means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in Luxembourg and each Additional Business Centre (other than T2) specified in the applicable Final Terms;
- (B) if T2 is specified as an Additional Business Centre in the applicable Final Terms, a day on which the real time gross settlement system operated by the Eurosystem or any successor thereto (the "T2") is open; and
- (C) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney or Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which the T2 is open.

(ii) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

(A) *ISDA Determination for Floating Rate Notes*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), "ISDA Rate" for an Interest Period means

a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the “ISDA Definitions”) and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is a period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is the day specified in the applicable Final Terms.

For the purposes of this sub-paragraph (A), “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity” and “Reset Date” have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

(B) *Screen Rate Determination for Floating Rate Notes – if the Reference Rate is not Compounded Daily SONIA*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, and if the Reference Rate is not specified in the applicable Final Terms as being Compounded Daily SONIA, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations

(expressed as a percentage rate per annum) for the Reference Rate (being EURIBOR, STIBOR or NIBOR, as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page or such replacement page on that service which displays the information as at 11.00 a.m. (“Relevant Financial Centre time”) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of Condition 4(b)(ii)(B)(1), no offered quotation appears or, in the case of Condition 4(b)(ii)(B)(2), fewer than three offered quotations appear, in each case as at the Specified Time, the Agent shall request each of the Reference Banks to provide the Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Agent with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in

the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the Euro-zone inter-bank market (if the Reference Rate is EURIBOR), the Stockholm inter-bank market (if the Reference Rate is STIBOR) or the Oslo inter-bank market (if the Reference Rate is NIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Agent with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for the purpose) informs the Agent it is quoting to leading banks in the Euro-zone inter-bank market (if the Reference Rate is EURIBOR), the Stockholm inter-bank market (if the Reference Rate is STIBOR) or the Oslo inter-bank market (if the Reference Rate is NIBOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

In the case of Exempt Notes, if the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Pricing Supplement as being other than EURIBOR, STIBOR or NIBOR, the Rate of Interest in respect of the Notes will be determined as provided in the applicable Pricing Supplement.

Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

For the purposes of this Condition 4(b)(ii):

“Reference Banks” means, in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank market, in each case selected by the Agent, in the case of a determination of STIBOR, the principal Stockholm office of four major banks in the Stockholm inter-bank market and in the case of a determination of NIBOR, the principal Oslo office of four major banks in the Oslo inter-bank market, in each case selected by the Agent.

“Specified Time” means 11.00 a.m. (London time, in the case of a determination of SONIA, or Brussels time, in the case of a determination of EURIBOR, or Stockholm time, in the case of determination of STIBOR), or 12:00 p.m. (Oslo time, in the case of a determination of NIBOR).

(C) *Screen Rate Determination for Floating Rate Notes – if the Reference Rate is Compounded Daily SONIA*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, and if the Reference Rate is specified in the applicable Final Terms as being Compounded Daily SONIA, then the Rate of Interest applicable to the Notes for each Interest Period will be Compounded Daily SONIA plus or minus (as indicated in the applicable Final Terms) the applicable Margin, all as determined by the Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) on the Interest Determination Date for such Interest Period.

If, in respect of any London Banking Day in the relevant Observation Period, the SONIA rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA rate shall be the sum of: (i) the Bank of England’s Bank Rate (the “Bank Rate”) prevailing at close of business on such London Banking Day; plus (ii) the mean of the spread of the SONIA rate to the Bank Rate over the previous five days on which a SONIA rate has been published, excluding the highest spread

(or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads).

If the Rate of Interest cannot be determined in accordance with the foregoing provisions, the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period, in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to the Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Period).

If the Notes become due and payable as a result of an Event of Default under Condition 9, or are otherwise redeemed early on a date other than an Interest Payment Date in accordance with Condition 6, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Final Terms, be deemed to be the date on which such Notes became due and payable or are to be redeemed, as applicable, and the Rate of Interest applicable to such Notes shall, for so long as any such Note remains outstanding, be that determined on such date.

For the purposes of this Condition 4(b)(ii)(C):

“Compounded Daily SONIA” means, in relation to any Interest Period, the rate of return of a daily compound interest investment (with the daily Sterling overnight reference rate as the reference rate for the calculation of interest) and will be calculated by the Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms), as follows, and the resulting percentage will be rounded (if necessary) to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{SONIA}_{i-p\text{LBD}} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

“d” means, in relation to any Interest Period, the number of calendar days in such Interest Period.

“d₀” means, in relation to any Interest Period, the number of London Banking Days in such Interest Period.

“i” means, in relation to any Interest Period, a series of whole numbers from one to d₀, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in such Interest Period to (and including) the last London Banking Day in such Interest Period.

“n_i” means, in relation to any London Banking Day “i”, the number of calendar days from and including such London Banking Day “i” up to but excluding the following London Banking Day.

“p” means the whole number specified as the Observation Look-back Period in the applicable Final Terms, such number representing a number of London Banking Days, which shall in any event be no less than five, or if no such number is specified, five London Banking Days.

“London Banking Day” or “LBD” means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London.

“Observation Period” means, in relation to an Interest Period, the period from and including the date which is “p” London Banking Days prior to the first day of such Interest Period and

ending on, but excluding, the date which is “p” London Banking Days prior to the Interest Payment Date for such Interest Period (or the date falling “p” London Banking Days prior to such earlier date, if any, on which the Notes become due and payable).

“SONIA” means the Sterling Overnight Index Average.

“SONIA rate” means, in respect of any London Banking Day, a reference rate equal to the daily SONIA rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page (or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors) on the London Banking Day immediately following such London Banking Day.

“SONIA_{i-pLBD}” means, in respect of any London Banking Day “i” falling in the relevant Interest Period, the SONIA rate for the London Banking Day falling “p” London Banking Days prior to such London Banking Day “i”.

(iii) **Benchmark Discontinuation**

This Condition 4(b)(iii) applies only where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined.

(A) *Independent Adviser*

Notwithstanding Condition 4(b)(ii)(B) and Condition 4(b)(ii)(C), if a Benchmark Event occurs in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, then the Issuer shall use its reasonable endeavours to appoint and consult with an Independent Adviser, as soon as reasonably practicable, with a view to the Issuer determining a Successor Rate, failing which an Alternative Rate (in accordance with Condition 4(b)(iii)(B)) and, in either case, an Adjustment Spread (if any) (in accordance with Condition 4(b)(iii)(C)) and any Benchmark Amendments (in accordance with Condition 4(b)(iii)(D)).

An Independent Adviser appointed pursuant to this Condition 4(b)(iii) shall act in good faith and in a commercially reasonable manner and in consultation with the Issuer. In the absence of bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Paying Agents or the Noteholders or Couponholders for any advice given to the Issuer in connection with any determination made by the Issuer pursuant to this Condition 4(b)(iii).

If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) the Issuer fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with this Condition 4(b)(iii)(A) prior to the relevant Interest Determination Date, the Rate of Interest applicable to the next succeeding Interest Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of the immediately preceding Interest Period. If there has not been a first Interest Payment Date, the Rate of Interest shall be the initial Rate of Interest. Where a different Margin (if any) or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin (if any) or Maximum or Minimum Rate of Interest relating to the relevant Interest Period shall be substituted in place of the Margin (if any) or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period. For the avoidance of doubt, this sub-paragraph shall apply to the relevant next succeeding Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustment as provided in, this Condition 4(b)(iii).

(B) *Successor Rate or Alternative Rate*

If the Issuer, following consultation with the Independent Adviser and acting in good faith and in a commercially reasonable manner, determines that:

- (i) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 4(b)(iii)(C)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the subsequent operation of this Condition 4(b)(iii)); or

- (ii) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 4(b)(iii)(C)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the subsequent operation of this Condition 4(b)(iii)).

(C) *Adjustment Spread*

If the Issuer, following consultation with the Independent Adviser and acting in good faith and in a commercially reasonable manner, determines (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be).

(D) *Benchmark Amendments*

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 4(b)(iii) and the Issuer, following consultation with the Independent Adviser and acting in good faith and in a commercially reasonable manner, determines (i) that amendments to these Conditions and/or the Agency Agreement are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "Benchmark Amendments") and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 4(b)(iii)(E), without any requirement for the consent or approval of Noteholders, vary these Conditions and/or the Agency Agreement to give effect to such Benchmark Amendments with effect from the date specified in such notice.

In connection with any such variation in accordance with this Condition 4(b)(iii)(D), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(E) *Notices, etc.*

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 4(b)(iii) will be notified promptly by the Issuer to the Agent, the Paying Agents and, in accordance with Condition 13, the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments (if any).

No later than notifying the Agent and the Paying Agents of the same, the Issuer shall deliver to the Agent and the Paying Agents a certificate signed by two directors of the Issuer:

- (i) confirming (a) that a Benchmark Event has occurred, (b) the Successor Rate or, as the case may be, the Alternative Rate, (c) where applicable, any Adjustment Spread and (d) the specific terms of any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 4(b)(iii); and
- (ii) certifying that the Benchmark Amendments are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread.

The Agent and the Paying Agents shall be entitled to rely on such certificate (without enquiry or liability to any person and without any obligation to verify or investigate the accuracy thereof) as sufficient evidence thereof. The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) and without prejudice to the ability of Agent and the Paying Agents to rely on such certificate as aforesaid) be binding on the Issuer, the Guarantor (if applicable), the Agent, the Paying Agents and the Noteholders.

(F) *Survival of Original Reference Rate*

Without prejudice to the obligations of the Issuer under Condition 4(b)(iii)(A), 4(b)(iii)(B), 4(b)(iii)(C) and 4(b)(iii)(D), the Original Reference Rate and the fallback provisions provided for in Condition 4(b)(ii) will continue to apply unless and until a Benchmark Event has occurred and the Agent has

been notified of the Successor Rate or the Alternative Rate (as the case may be), and any Adjustment Spread and Benchmark Amendments, in accordance with Condition 4(b)(iii)(E).

(G) *Definitions*

As used in this Condition 4(b)(iii):

“Adjustment Spread” means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Issuer or the Guarantor (if applicable), following consultation with the Independent Adviser and acting in good faith and in a commercially reasonable manner, determines is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (i) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or
- (ii) (if no such recommendation has been made, or in the case of an Alternative Rate) the Issuer or the Guarantor (if applicable), following consultation with the Independent Adviser and acting in good faith and in a commercially reasonable manner determines, is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or
- (iii) (if the Issuer or the Guarantor (if applicable) determines that no such industry standard is recognised or acknowledged) the Issuer or the Guarantor (if applicable), in its discretion, following consultation with the Independent Adviser and acting in good faith and in a commercially reasonable manner, determines to be appropriate;

“Alternative Rate” means an alternative benchmark or screen rate which the Issuer or the Guarantor (if applicable), following consultation with the Independent Adviser and acting in good faith and in a commercially reasonable manner, determines in accordance with Condition 4(b)(iii)(B) has replaced the Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining floating rates of interest (or the relevant component part thereof) in the same Specified Currency as the Notes;

“Benchmark Amendments” has the meaning given to it in Condition 4(b)(iii)(D);

“Benchmark Event” means:

- (i) the Original Reference Rate ceasing to be published for a period of at least 5 Business Days or ceasing to exist; or
- (ii) the later of (a) the making of a public statement by the administrator of the Original Reference Rate that it has ceased or will (on or before a specified date) cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (b) the date falling six months prior to the date specified in (a); or
- (iii) the later of (a) the making of a public statement by the supervisor of the administrator of the Original Reference Rate, that the Original Reference Rate has been or will (on or before a specified date) be permanently or indefinitely discontinued and (b) the date falling six months prior to the date specified in (a); or
- (iv) the later of (a) the making of a public statement by the supervisor of the administrator of the Original Reference Rate as a consequence of which the Original Reference Rate will (on or before a specified date) be prohibited from being used either generally, or in respect of the Notes and (b) the date falling six months prior to the date specified in (a); or
- (v) the later of (a) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate is no longer representative of an underlying market or will no longer be representative as of a specified date and such

representativeness will not be restored and (b) the date falling six months prior to the date specified in (a); or

- (vi) it has or will become unlawful for the Agent or the Issuer to calculate any payments due to be made to any Noteholders using the Original Reference Rate;

“Independent Adviser” means an independent financial institution of international repute or an independent financial adviser with appropriate expertise appointed by the Issuer or the Guarantor (if applicable) at its own expense under Condition 4(b)(iii)(A);

“Original Reference Rate” means the originally-specified benchmark or screen rate (as applicable) used to determine the Rate of Interest (or any component part thereof) on the Notes or, if applicable, any other successor or alternative rate (or any component part thereof) determined and applicable to the Notes pursuant to the earlier operation of this Condition 4(b)(iii);

“Relevant Nominating Body” means, in respect of a benchmark or screen rate (as applicable):

- (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or
- (ii) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (b) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (c) a group of the aforementioned central banks or other supervisory authorities or (d) the Financial Stability Board or any part thereof; and

“Successor Rate” means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body.

- (iv) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

- (v) Determination of Rate of Interest and calculation of Interest Amounts

The Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent will calculate the amount of interest (the “Interest Amount”) payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or
- (B) in the case of Floating Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the

Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

"Day Count Fraction" means, in respect of the calculation of an amount of interest for any Interest Period:

- (i) if "Actual/Actual(ISDA)" or "Actual/Actual" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if "Actual/365 (Fixed)" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if "Actual/365 (Sterling)" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iv) if "Actual/360" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if "30/360", "360/360" or "Bond Basis" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (vi) if "30E/360" or "Eurobond Basis" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30; and

- (vii) if "30E/360 (ISDA)" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30.

- (v) *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

"Designated Maturity" means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

- (vi) *Notification of Rate of Interest and Interest Amounts*

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate Notes are for the time being listed (by no later than the first day of each Interest Period) and notice thereof to be published in accordance with Condition 13 as soon as possible after their determination but in no event later than the fourth Luxembourg Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to

each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 13. For the purposes of this paragraph, the expression "Luxembourg Business Day" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in Luxembourg.

(vii) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(b) by the Agent shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuers, the Guarantor, the Agent, the other Paying Agents and all Noteholders and Couponholders and (in the absence of wilful default or bad faith) no liability to the Issuer, the Guarantor (if applicable), the Noteholders or the Couponholders shall attach to the Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) *Exempt Notes*

The rate or amount of interest payable in respect of Exempt Notes which are not also Fixed Rate Notes or Floating Rate Notes shall be determined in the manner specified in the applicable Pricing Supplement, provided that where such Notes are Index Linked Interest Notes the provisions of Condition 4.2 shall, save to the extent amended in the applicable Pricing Supplement, apply as if the references therein to Floating Rate Notes and to the Agent were references to Index Linked Interest Notes and the Calculation Agent, respectively, and provided further that the Calculation Agent will notify the Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

(d) *Accrual of interest*

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (1) the date on which all amounts due in respect of such Note have been paid; and
- (2) five days after the date on which the full amount of the moneys payable in respect of such Note has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 13.

(e) *Adjustment of Rate of Interest for Fixed Rate Notes and Floating Rate Notes due to Rating Change*

If a Step Up Rating Change and/or Step Down Rating Change is specified in the applicable Final Terms, the following terms relating to the Rate of Interest for the Notes shall apply:

- (1) The Rate of Interest payable on the Notes will be subject to adjustment from time to time in the event of a Step Up Rating Change or a Step Down Rating Change, as the case may be.
- (2) Subject to Conditions 4(e)(4) and 4(e)(9) below, from and including the first Interest Payment Date following the date of a Step Up Rating Change, if any, the Rate of Interest (in the case of Fixed Rate Notes) or the Margin (in the case of Floating Rate Notes) payable on the Notes shall be increased by the Rating Step Up Margin specified in the applicable Final Terms.
- (3) Subject to Conditions 4(e)(4) and 4(e)(9) below, in the event of a Step Down Rating Change following a Step Up Rating Change, with effect from and including the first Interest Payment Date following the date of such Step Down Rating Change, the Rate of Interest (in the case of Fixed Rate Notes) or the Margin (in the case of Floating Rate Notes) payable on the Notes shall be decreased by the Rating Step Up Margin back to the initial Rate of Interest (in the case of Fixed Rate Notes) or the initial Margin (in the case of Floating Rate Notes).
- (4) If a Step Up Rating Change and, subsequently, a Step Down Rating Change occur during the same Fixed Interest Period (in the case of Fixed Rate Notes) or the same Interest Period (in the case of Floating Rate Notes), the Rate of Interest (in the case of Fixed Rate Notes) or the Margin (in the case

of Floating Rate Notes) on the Notes shall be neither increased nor decreased as a result of either such event.

- (5) Securitas AB shall use all reasonable efforts to maintain credit ratings for its senior unsecured long-term debt from S&P. If, notwithstanding such reasonable efforts, S&P fails to or ceases to assign a credit rating to Securitas AB's senior unsecured long-term debt, Securitas AB shall use all reasonable efforts to obtain a credit rating of its senior unsecured long-term debt from a substitute rating agency that shall be a Statistical Rating Agency, and references in this Condition 4(e) to S&P or the credit ratings thereof shall be to such substitute rating agency or, as the case may be, the equivalent credit ratings thereof.
- (6) Securitas AB will cause the occurrence of a Step Up Rating Change or a Step Down Rating Change giving rise to an adjustment to the Rate of Interest payable on the Notes pursuant to this Condition 4(e) to be notified to the Agent and notice thereof to be published in accordance with Condition 13 as soon as reasonably practicable after the occurrence of such Step Up Rating Change or Step Down Rating Change, but in no event later than the fifth London Business Day thereafter.
- (7) If the rating designations employed by S&P are changed from those which are described in this Condition 4(e), or if a rating is procured from a Statistical Rating Agency and the rating designations employed by such Statistical Rating Agency are changed, Securitas AB shall determine the rating designations of S&P or such Statistical Rating Agency as are most equivalent to the prior rating designations of S&P or such Statistical Rating Agency, as the case may be.
- (8) No Agent is under any obligation to ascertain whether a change in the rating assigned to the Notes by S&P or any Additional Rating Agency has occurred or whether there has been a failure or a ceasing by S&P or any Additional Rating Agency to assign a credit rating to Securitas AB's senior unsecured long-term debt and (until it shall have actual knowledge or express notice to the contrary) any Agent may assume that no such change to the credit rating assigned to the Notes has occurred or no such failure or ceasing by S&P or any Additional Rating Agency has occurred.
- (9) Notwithstanding any other provision contained herein, there shall be no limit on the number of times that the Rate of Interest may be adjusted pursuant hereto during the term of the Notes provided that at no time during the term of the Notes will the Rate of Interest be (i) less than the initial Rate of Interest or (ii) more than the initial Rate of Interest plus the Rating Step Up Margin specified hereon.

For the purpose of this Condition 4(e):

"Additional Rating Agency" means a Statistical Rating Agency that at any time provides a solicited rating to Securitas AB's senior unsecured long-term debt obligations;

"S&P" means S&P Global Ratings Europe Limited, or its successor, established in the European Union and registered under Regulation (EU) No. 1060/2009 (as amended);

"Statistical Rating Agency" means Fitch Ratings Ireland Limited ("Fitch") or Moody's Investors Service Limited ("Moody's") or their respective successors or such other rating agency the Trustee may approve, such approval not to be unreasonably withheld or delayed;

"Step Down Rating Change" means the first public announcement after a Step Up Rating Change by S&P or an Additional Rating Agency of an increase in the credit rating of Securitas AB's senior unsecured long-term debt with the result that (following such public announcement(s)) Securitas AB's senior unsecured debt is rated BBB- or higher by S&P or a rating equivalent to BBB- or higher by an Additional Rating Agency. For the avoidance of doubt, any further increases in the credit rating of Securitas AB's senior unsecured long-term debt above BBB- (in the case of S&P) or above a rating equivalent to BBB- (in the case of an Additional Rating Agency) shall not constitute a Step Down Rating Change; and

"Step Up Rating Change" means the first public announcement by S&P or an Additional Rating Agency of a decrease in the credit rating of Securitas AB's senior unsecured long-term debt to below BBB- (in the case of S&P) or below a rating equivalent to BBB- (in the case of an Additional Rating Agency). For the avoidance of doubt, any further decrease in the credit rating of Securitas AB's senior unsecured long-term debt from below BBB- (in the case of S&P) or below a rating equivalent to BBB- (in the case of an Additional Rating Agency) shall not constitute a Step Up Rating Change.

- (f) *Sustainability-Linked Trigger Event*
- (i) If Sustainability-Linked Trigger Event (Interest) is specified in the applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement) as being applicable, the Rate of Interest for Sustainability-Linked Notes will be the Rate of Interest (in the case of Fixed Rate Notes) specified in the applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement) or otherwise determined in accordance with this Condition 4 and with the applicable Final Terms (in the case of Floating Rate Notes), PROVIDED THAT for any Fixed Interest Period (in the case of Fixed Rate Notes) or Interest Period (in the case of Floating Rate Notes) commencing on or after the Interest Payment Date immediately following the occurrence of a Sustainability-Linked Trigger Event, if any, the initial Rate of Interest (in the case of Fixed Rate Notes) or the initial Margin (in the case of Floating Rate Notes) shall be increased by the relevant Sustainability-Linked Step-Up Margin(s) specified in the applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement).
- (ii) If Sustainability-Linked Trigger Event (Premium) is specified in the applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement) as being applicable, if a Sustainability-Linked Trigger Event occurs the Issuer shall pay to the holder of each Note an amount equal to the relevant Sustainability-Linked Premium Amount(s) on the relevant Sustainability-Linked Premium Payment Date or (if applicable) any earlier redemption date in respect of such Sustainability-Linked Notes.
- (A) *Application:* This Condition 4(f) applies to Notes in respect of which the applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement) indicate that Sustainability-Linked Trigger Event (Interest) or Sustainability-Linked Trigger Event (Premium) is applicable (the “Sustainability-Linked Notes”).
- (B) *Occurrence of a Sustainability-Linked Trigger Event:* If a Sustainability-Linked Trigger Event has occurred, Securitas AB shall give notice of such Sustainability-Linked Trigger Event and (x) if Sustainability-Linked Trigger Event (Interest) is specified in the applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement) as being applicable, the relevant Sustainability-Linked Step-Up Margin(s); or (y) if Sustainability-Linked Trigger Event (Premium) is specified in the applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement) as being applicable, the relevant Sustainability-Linked Premium Amount(s), to the Agent and the Noteholders in accordance with Condition 13 as soon as reasonably practicable following the publication of the Verification Assurance Certificate for the year ending on the Target Observation Date in accordance with Condition 4(f), if applicable, and in any event such notice shall be given to the Agent and the Noteholders not later than the date falling 5 Business Days prior to the relevant Sustainability-Linked Reference Date.

Each Agent shall be bound to accept any determination of Securitas AB and any notice given pursuant to this Condition 4(f) and any determination, calculation or confirmation of the External Verifier (including, without limitation, the Limited Assurance Report) and no Agent shall have any liability to any person for so doing.

For the avoidance of doubt, (i) an increase in the Rate of Interest may occur no more than once in respect of any Series of Sustainability-Linked Notes as a result of the relevant Sustainability-Linked Trigger Event (or, if more than one Sustainability-Linked Trigger Event is specified in the applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement) as being applicable, no more than once as a result of each Sustainability-Linked Trigger Event), (ii) no more than one Sustainability-Linked Premium Amount shall be payable as a result of the relevant Sustainability-Linked Trigger Event (or, if more than one Sustainability-Linked Trigger Event is specified in the applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement) as being applicable, no more than one Sustainability-Linked Premium Amount shall be payable as a result of each Sustainability-Linked Trigger Event), (iii) if Sustainability-Linked Trigger Event (Interest) is specified in the applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement) as being applicable, no Sustainability-Linked Premium Amount shall be payable as a result of a Sustainability-Linked Trigger Event, and (iv) if Sustainability-Linked Trigger Event (Premium) is specified in the applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement) as being applicable, no increase in the Rate of Interest shall occur as a result of a Sustainability-Linked Trigger Event.

(C) *Annual reporting:* For each financial year ending on 31 December from and including the financial year during which the Issue Date of any Sustainability-Linked Notes falls up to and including the financial year in which the Target Observation Date falls in respect of such Notes, Securitas AB will in its annual and sustainability report published on its website or in another document (each such report or other document, a "Sustainability Performance Report") disclose the following:

(I) (a) the Group's GHG Emissions (Scope 1 and 2) (where Sustainability Performance Target (SPT1) is specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement); and/or (b) the Group's GHG Emissions (Scope 3) (where Sustainability Performance Target (SPT2) is specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement), in each case as of 31 December in each year and as determined by Securitas AB in accordance with these Conditions; and

(II) if applicable, the occurrence of any Recalculation Event and the related amended Sustainability Performance Baseline(s), historical data and/or Sustainability Performance Target(s) resulting from the occurrence of any such Recalculation Event.

Each such Sustainability Performance Report shall include or be accompanied by a limited assurance report issued by the External Verifier (a "Limited Assurance Report"). Each Sustainability Performance Report and related Limited Assurance Report will be made available in Securitas AB's annual and sustainability report published on Securitas AB's website.

(D) *Verification Assurance Certificate:* For the financial year in which the Target Observation Date falls, Securitas AB will publish on its website a verification assurance certificate by the External Verifier (such report, the "Verification Assurance Certificate"), which shall confirm whether Securitas AB has achieved the relevant Sustainability Performance Target(s) on the Target Observation Date and specify whether any amendments or recalculations were made following the occurrence of a Recalculation Event (if any). The Verification Assurance Certificate will be published no later than the Notification Deadline.

(E) *Definitions:* In this Condition 4(f):

"External Verifier" means any external independent accounting or appraisal firm or other independent expert of internationally recognised standing appointed by Securitas AB, in each case with the expertise necessary to perform the functions required to be performed by the External Verifier under these Conditions, as determined by Securitas AB;

"GHG Emissions (Scope 1 and 2)" relates to the greenhouse gas emissions of the Group and is equal to the sum of the Group's Scope 1 and Scope 2 emissions, as determined by Securitas AB, calculated in line with the GHG Protocol Standard and expressed in tCO₂e;

"GHG Emissions (Scope 3)" relates to the greenhouse gas emissions of the Group and is equal to the Group's Scope 3 emissions, as determined by Securitas AB, calculated in line with the GHG Protocol Standard and expressed in tCO₂e;

"GHG Protocol Standard" means the document entitled "The Greenhouse Gas Protocol, A Corporate Accounting and Reporting Standard (Revised Edition)" published by the World Business Council for Sustainable Development and the World Resources Institute (as amended, updated supplemented or replaced from time to time);

"Notification Deadline" is the date specified in the applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement) or the date falling 5 Business Days prior to the relevant Sustainability-Linked Reference Date;

"Recalculation Event" means the occurrence of:

- (i) a significant change to the structure of the Group; or
- (ii) a limited assurance exercise which reveals errors or results in the need to restate historical data, including the Sustainability Performance Baseline(s); or

- (iii) a significant change in methodology (including, but not limited to, technical changes, improvement of data quality and other quality improvements in accordance with applicable accounting principles and generally accepted industry standards) in calculation of (a) GHG Emissions (Scope 1 and 2) (where Sustainability Performance Target (SPT1) is specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement); and/or (b) GHG Emissions (Scope 3) (where Sustainability Performance Target (SPT2) is specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement) that requires a recalculation of GHG Emissions (Scope 1 and 2) (where Sustainability Performance Target (SPT1) is specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement) and/or GHG Emissions (Scope 3) (where Sustainability Performance Target (SPT2) is specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement) for any reporting year (including, for the avoidance of doubt, any past reporting year), in each case as determined in good faith by Securitas AB; or
- (iv) any change in Securitas AB's ability and autonomy to calculate any Sustainability Performance Target(s) and/or Sustainability Performance Baseline(s), including without limitation as a result of data accessibility, data quality, data error or a number of cumulative errors that together are significant; or where the use of a proxy may be required such as, but without limitation an extrapolation of earlier reported emissions if a supplier is not providing the figures in time.

“Scope 1” means the greenhouse gas emissions emitted by the Group in absolute value, expressed in tCO₂e, corresponding to direct emissions from the emissions fuel in the Group's vehicles, the fuel in the Group's backup generators and other energy sources used by the Group in its operations;

“Scope 2” means the greenhouse gas emissions emitted by the Group in absolute value, expressed in tCO₂e, corresponding to indirect emissions from the electricity the Group purchases to power its operations and the heat from district heating;

“Scope 3” means the greenhouse gas emissions corresponding to indirect emissions generated in the Group's upstream and downstream value chain that result from the Group's operations;

“Sustainability-Linked Premium Amount” means the Sustainability-Linked Premium Amount (SPT1) (where Sustainability Performance Target (SPT1) is specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement) or the Sustainability-Linked Premium Amount (SPT2) (where Sustainability Performance Target (SPT2) is specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement), as indicated in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement and, each such premium amount, the “relevant Sustainability-Linked Premium Amount”;

“Sustainability-Linked Premium Amount (SPT1)” is the amount specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement as being the Sustainability-Linked Premium Amount (SPT1);

“Sustainability-Linked Premium Amount (SPT2)” is the amount specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement as being the Sustainability-Linked Premium Amount (SPT2);

“Sustainability-Linked Premium Payment Date” is the date specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement as being the Sustainability-Linked Premium Payment Date;

“Sustainability-Linked Reference Date” means the Sustainability-Linked Reference Date (SPT1) (where Sustainability Performance Target (SPT1) is specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement) and/or Sustainability-Linked Reference Date (SPT2) (where Sustainability Performance Target (SPT2) is specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement), and each such date, the “relevant Sustainability-Linked Reference Date”;

“Sustainability-Linked Reference Date (SPT1)” is the date specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement as being the Sustainability-Linked Reference Date (SPT1);

“Sustainability-Linked Reference Date (SPT2)” is the date specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement as being the Sustainability-Linked Reference Date (SPT2);

“Sustainability-Linked Step Up Margin” means the Sustainability-Linked Step Up Margin (SPT1) (where Sustainability Performance Target (SPT1) is specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement) and/or the Sustainability-Linked Step Up Margin (SPT2) (where Sustainability Performance Target (SPT2) is specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement), as specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement and, each such margin, the “relevant Sustainability-Linked Step Up Margin”;

“Sustainability-Linked Step Up Margin (SPT1)” means the amount specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement as being the Sustainability-Linked Step Up Margin (SPT1);

“Sustainability-Linked Step Up Margin (SPT2)” means the amount specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement as being the Sustainability-Linked Step Up Margin (SPT2);

“Sustainability-Linked Trigger Event” means the occurrence of (i) a Sustainability-Linked Trigger Event (SPT1) (where Sustainability Performance Target (SPT1) is specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement) and/or (ii) a Sustainability-Linked Trigger Event (SPT2) (where Sustainability Performance Target (SPT2) is specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement), and each such event, the “relevant Sustainability-Linked Trigger Event”;

“Sustainability-Linked Trigger Event (SPT1)” means either (i) the Group does not achieve the Sustainability Performance Target (SPT1) on the Target Observation Date as determined by the External Verifier and confirmed in the Verification Assurance Certificate, (ii) Securitas AB has not published the Verification Assurance Certificate on or before the Notification Deadline, or (iii) the Verification Assurance Certificate contains a reservation about whether or not the Sustainability Performance Target has been achieved on the Target Observation Date;

“Sustainability-Linked Trigger Event (SPT2)” means either (i) the Group does not achieve the Sustainability Performance Target (SPT2) on the Target Observation Date as determined by the External Verifier and confirmed in the Verification Assurance Certificate, (ii) Securitas AB has not published the Verification Assurance Certificate on or before the Notification Deadline, or (iii) the Verification Assurance Certificate contains a reservation about whether or not the Sustainability Performance Target has been achieved on the Target Observation Date;

“Sustainability Performance Baseline” means (i) the Sustainability Performance Baseline (SPT1) (where Sustainability Performance Target (SPT1) is specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement), and/or (ii) the Sustainability Performance Baseline (SPT2) (where Sustainability Performance Target (SPT2) is specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement), as specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement and each such target, the “relevant Sustainability Performance Baseline”;

“Sustainability Performance Baseline (SPT1)” means the GHG Emissions (Scope 1 and 2) expressed in tCO₂e for the reporting year 2022, as most recently reported in Securitas AB’s annual and sustainability report for the year ended 31 December 2023 and as may be amended from time to time following the occurrence of a Recalculation Event and, if so amended, published in a Sustainability Performance Report in accordance with Condition 4(f)(C);

“Sustainability Performance Baseline (SPT2)” means the GHG Emissions (Scope 3) expressed in tCO₂e for the reporting year 2022, as most recently reported in the Securitas AB’s annual and

sustainability report for the year ended 31 December 2023 and as may be amended from time to time following the occurrence of a Recalculation Event and, if so amended, published in a Sustainability Performance Report in accordance with Condition 4(f)(C);

“Sustainability Performance Target” means the Sustainability Performance Target (SPT1) and/or the Sustainability Performance Target (SPT2), as specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement and each such target, the “relevant Sustainability Performance Target”;

“Sustainability Performance Target (SPT1)” means a reduction of GHG Emissions (Scope 1 and 2) from the Sustainability Performance Baseline (SPT1) equal to or higher than the percentage specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement as being the Sustainability Performance Target (SPT1);

“Sustainability Performance Target (SPT2)” means a reduction of GHG Emissions (Scope 3) from the Sustainability Performance Baseline (SPT2) equal to or higher than the percentage specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement as being the Sustainability Performance Target (SPT2);

“Target Observation Date” means 31 December 2030 or such other date specified in the applicable Final Terms or, in the case of Exempt Notes, the applicable Pricing Supplement as being the Target Observation Date; and

“tCO₂e” means metric tonnes of carbon dioxide equivalent.

5. PAYMENTS

(a) *Method of payment*

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively); and
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 7 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “Code”) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto.

(b) *Presentation of definitive Notes and Coupons*

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Fixed Rate Notes in definitive form (other than Long Maturity Notes (as defined below) and save as provided in Condition 5(d)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being

made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 7) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A "Long Maturity Note" is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

(c) *Payments in respect of Global Notes*

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant Global Note, where applicable against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made against presentation or surrender of any Global Note, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note either by the Paying Agent to which it was presented or in the records of Euroclear and Clearstream, Luxembourg, as applicable.

(d) *Specific provisions in relation to payments in respect of certain types of Exempt Notes*

Upon the date on which any Dual Currency Note or Index Linked Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

(e) *General provisions applicable to payments*

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer and the Guarantor (if applicable) will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer and the Guarantor (if applicable) to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (i) the Issuer and the Guarantor have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and

(iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer or the Guarantor, adverse tax consequences to the Issuer or the Guarantor.

(f) *Payment Day*

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, "Payment Day" means any day which (subject to Condition 8) is:

(i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:

(A) in the case of Notes in definitive form only, the relevant place of presentation;

(B) each Additional Financial Centre (other than T2) specified in the applicable Final Terms;

(C) if T2 is specified as an Additional Financial Centre in the applicable Final Terms, a day on which the T2 is open; and

(ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney or Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which the T2 is open.

(g) *Interpretation of principal and interest*

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

(i) any additional amounts which may be payable with respect to principal under Condition 7;

(ii) the Final Redemption Amount of the Notes;

(iii) the Early Redemption Amount of the Notes;

(iv) the Optional Redemption Amount(s) (if any) of the Notes;

(v) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 6(f)); and

(vi) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7.

6. **REDEMPTION AND PURCHASE**

(a) *Redemption at maturity*

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount (which, in the case of Notes other than Zero Coupon Notes or Exempt Notes, shall be an amount equal to at least 100 per cent. of its nominal amount) specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Maturity Date.

(b) *Redemption for tax reasons*

Subject to Condition 6(f), the Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note), on giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Agent and, in accordance with Condition 13, the Noteholders (which notice shall be irrevocable), if:

- (i) on the occasion of the next payment due under the Notes, the Issuer or the Guarantor (if applicable) has or will become obliged to pay additional amounts as provided or referred to in Condition 7 as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 7), or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes; and
- (ii) such obligation cannot be avoided by the Issuer or the Guarantor (if applicable) taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer or the Guarantor (if applicable) would be obliged to pay such additional amounts were a payment in respect of the Notes or the Guarantee (if applicable) then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Agent to make available at its specified office to the Noteholders (i) a certificate signed by two Directors of the Issuer or the Guarantor (if applicable) stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and (ii) an opinion of independent legal advisers of recognised standing to the effect that the Issuer or the Guarantor (if applicable) has or will become obliged to pay such additional amounts as a result of such change or amendment.

Notes redeemed pursuant to this Condition 6(b) will be redeemed at their Early Redemption Amount referred to in paragraph (e) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) *Redemption at the option of the Issuer (Issuer Call)*

If Issuer Call is specified as being applicable in the applicable Final Terms, the Issuer may, having given not less than the minimum period nor more than the maximum period of notice specified in applicable Final Terms to the Noteholders in accordance with Condition 13 and to the Agent (which notice shall be irrevocable (subject to the satisfaction of any applicable conditions precedents as described below) and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount or not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms.

In the case of a partial redemption of Notes, the Notes to be redeemed ("Redeemed Notes") will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg, to be reflected in the records of Euroclear and Clearstream Luxembourg as either a pool factor or a reduction in nominal amount at their discretion and in the case of Redeemed Notes represented by a Global Note, will be selected not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "Selection Date"). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 13 not less than 15 days prior to the date fixed for redemption. No exchange of the relevant Global Note will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this paragraph (c) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 13 at least five days prior to the Selection Date.

Any such redemption pursuant to this Condition 6(c) may, at the Issuer's discretion, be subject to one or more conditions precedent, in which case the notice of redemption shall state the applicable condition precedent(s) and that, in the Issuer's discretion, the Optional Redemption Date may be delayed until such time as any or all such conditions shall be satisfied (or waived by the Issuer in its sole discretion), or such redemption may

not occur in the event that any or all such conditions shall not have been satisfied (or waived by the Issuer in its sole discretion) by the Optional Redemption Date, or by the Optional Redemption Date so delayed.

For the purpose of this Condition 6(c):

“Gross Redemption Yield” means, with respect to a security, the gross redemption yield on such security, expressed as a percentage and calculated by the Independent Financial Adviser on the basis set out by the UK Debt Management Office in the paper “Formulae for Calculating Gilt Prices from Yields – 3rd edition”, page 5, Section One: Price/Yield Formulae “Conventional Gilts; Double-dated and Undated Gilts with Assumed (or Actual) Redemption on a Quasi-Coupon Date” (published 16 March 2005, as amended or updated from time to time) on a semi-annual compounding basis (converted to an annualised yield and rounded up (if necessary) to four decimal places).

“IFA Selected Bond” means a government security or securities selected by the Independent Financial Adviser as having an actual or interpolated maturity comparable with the remaining term of the Notes up to and including the Maturity Date or (if earlier) the Par Redemption Date specified in the applicable Final Terms, that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities denominated in the same currency as the Notes and of a comparable maturity to the remaining term of the Notes.

“Independent Financial Adviser” means an independent financial institution of international repute appointed by the Issuer at its own expense.

“Make-Whole Redemption Amount (Non-Sterling)” means an amount calculated by the Independent Financial Adviser equal to the higher of (i) 100 per cent. of the principal amount outstanding of the Notes to be redeemed; and (ii) the sum of the present values of the principal amount outstanding of such Notes to be redeemed and the Remaining Term Interest of such Notes (exclusive of interest accrued to the date of redemption) discounted to the date of redemption on an annual basis at the Reference Bond Rate, plus the Redemption Margin (if applicable), provided, however, that if the Optional Redemption Date occurs on or after the Par Redemption Date (if any) specified in the applicable Final Terms, the Make-Whole Redemption Amount (Non-Sterling) will be equal to 100 per cent. of the principal amount outstanding of the Notes to be redeemed.

“Make-Whole Redemption Amount (Sterling)” means an amount calculated by the Independent Financial Adviser equal to the higher of (i) 100 per cent. of the principal amount outstanding of the Notes to be redeemed; and (ii) the nominal amount outstanding of the Notes to be redeemed multiplied by the price, as reported to the Issuer by the Independent Financial Adviser, at which the Gross Redemption Yield on such Notes on the Make-Whole Reference Date is equal to the Gross Redemption Yield (determined by reference to the middle market price) at the Quotation Time specified in the applicable Pricing Supplement on the Make-Whole Reference Date of the Reference Bond, plus the Redemption Margin, all as determined by the Independent Financial Adviser, provided, however, that if the Optional Redemption Date occurs on or after the Par Redemption Date (if any) specified in the applicable Final Terms, the Make-Whole Redemption Amount (Sterling) will be equal to 100 per cent. of the principal amount outstanding of the Notes to be redeemed.

“Make-Whole Reference Date” will be set out in the relevant notice of redemption.

“Par Redemption Amount” means an amount equal to the principal amount of the Notes or (in case of a partial redemption of Notes) of the Redeemed Notes.

“Optional Redemption Amount” means (i) the Par Redemption Amount, (ii) the Make-Whole Redemption Amount (Sterling) or (iii) the Make-Whole Redemption Amount (Non-Sterling), in each case, as specified in the applicable Final Terms.

“Redemption Margin” will be set out in the applicable Final Terms.

“Reference Bond” shall be as set out in the applicable Final Terms or, if no such bond is set out or if such bond is no longer outstanding, the IFA Selected Bond.

“Reference Bond Price” means, with respect to any date of redemption, (A) the arithmetic average of the Reference Government Bond Dealer Quotations for such date of redemption, after excluding the highest and

lowest such Reference Government Bond Dealer Quotations, or (B) if the Independent Financial Adviser obtains fewer than four such Reference Government Bond Dealer Quotations, the arithmetic average of all such quotations.

“Reference Bond Rate” means, with respect to any date of redemption the rate per annum equal to the annual or semi-annual yield (as the case may be) to maturity or interpolated yield to maturity (on the relevant day count basis) of the Reference Bond, assuming a price for the Reference Bond (expressed as a percentage of its nominal amount) equal to the Reference Bond Price for such date of redemption.

“Reference Government Bond Dealer” means each of five banks selected by the Issuer (or the Independent Financial Adviser on its behalf), or their affiliates, which are (A) primary government securities dealers, and their respective successors, or (B) market makers in pricing corporate bond issues.

“Reference Government Bond Dealer Quotations” means, with respect to each Reference Government Bond Dealer and any date for redemption, the arithmetic average, as determined by the Independent Financial Adviser, of the bid and offered prices for the Reference Bond (expressed in each case as a percentage of its nominal amount) at the Quotation Time specified in the applicable Final Terms on the Reference Date quoted in writing to the Independent Financial Adviser by such Reference Government Bond Dealer.

“Remaining Term Interest” means, with respect to any Note, the aggregate amount of scheduled payment(s) of interest on such Note for the remaining term of such Note up to and including the Maturity Date or (if earlier) the Par Redemption Date specified in the applicable Final Terms, determined on the basis of the rate of interest applicable to such Note from (and including) the date on which such Note is to be redeemed by the Issuer pursuant to this Condition 6(c), PROVIDED THAT in the case of Sustainability-Linked Notes where Sustainability-Linked Trigger Event (Interest) is specified in the applicable Final Terms (or, in the case of Exempt Notes, the applicable Pricing Supplement) as being applicable, if any relevant Sustainability-Linked Trigger Event has occurred prior to the date on which the notice of redemption is delivered, such scheduled payment(s) of interest for Interest Periods commencing on and after the Interest Payment Date immediately following the occurrence of a Sustainability-Linked Trigger Event shall be calculated by reference to the Rate of Interest increased by the relevant Sustainability-Linked Step Up Margin).

(d) *Clean-Up Call Option*

If a Clean-Up Call Option is specified in the applicable Final Terms and if not less than 75 per cent. of the initial aggregate nominal amount of Notes of the same Series (including any further Notes issued pursuant to Condition 15) have been redeemed or purchased by, or on behalf of, the relevant Issuer and cancelled, the relevant Issuer may, on giving not less than fifteen (15) nor more than thirty (30) days' irrevocable notice in accordance with Condition 13 to the Noteholders redeem the Notes, in whole but not in part, at the Early Redemption Amount (as specified in the applicable Final Terms) together with interest accrued to, but excluding, the date fixed for redemption.

(e) *Redemption at the option of the Noteholders*

(A) *Investor Put (other than a Change of Control Put)*

If Investor Put is specified as being applicable in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 13 not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms (which notice shall be irrevocable) the Issuer will, upon the expiry of such notice, redeem such Note on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

To exercise the right to require redemption of this Note the holder of this Note must if this Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a “Put Notice”) and in which the holder must specify a bank account to which payment is to be made under this Condition and the Put Notice must be accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control.

If this Note is represented by a Global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period, give notice to the Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary or common safekeeper, as the case may be, for them to the Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time.

Any Put Notice or other notice given in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg given by a holder of any Note pursuant to this paragraph shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and be continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead to declare such Note forthwith due and payable pursuant to Condition 9.

(B) Change of Control Put

- (i) If Change of Control Put is specified as being applicable in the applicable Final Terms, this Condition 6(e)(B) shall apply.
- (ii) If, at any time while any Note remains outstanding, either of the following events shall occur (each, as applicable, a "Put Event"):
 - (a) a Change of Control occurs and, if at the start of the Change of Control Period the Notes or Securitas AB are rated by any Rating Agency, a Rating Downgrade in respect of that Change of Control occurs and continues within such Change of Control Period; or
 - (b) a Change of Control occurs and, on the occurrence of the Change of Control, none of the Notes or Securitas AB are rated by any Rating Agency and the Notes or the Issuer are not within the Change of Control Period assigned an investment grade rating (BBB-/Baa3, or their respective equivalents for the time being, or better) (an "Investment Grade Rating") by a Rating Agency,

the holder of each Note will have the option (the "Put Option") (unless, prior to the giving of the Put Event Notice (as defined below), the Issuer gives notice of its intention to redeem the Notes under Condition 6(b) or 6(c)) to require the Issuer to redeem or, at the Issuer's option, to purchase or procure the purchase of that Note on the Optional Redemption Date (as defined below), at its principal amount together with (or, where purchased, together with an amount equal to) accrued interest (if applicable) to but excluding the Optional Redemption Date.

- (iii) For the purposes of this Condition 6(e)(B):

A "Change of Control" shall be deemed to have occurred at each time (whether or not approved by the Board of Directors of Securitas AB) that any person or persons acting in concert or any person or persons acting on behalf of any such person(s) (the "Relevant Person(s)") at any time directly or indirectly come(s) to own or acquire(s) (A) more than 50 per cent. of the issued ordinary share capital of Securitas AB; or (B) such number of the shares in the capital of Securitas AB carrying more than 50 per cent. of the voting rights normally exercisable at a general meeting of Securitas AB, provided that a Change of Control shall be deemed not to have occurred if all or substantially all of the shareholders of the Relevant Person(s) are, or immediately prior to the event which would otherwise have constituted a Change of Control were, the shareholders of Securitas AB with the same (or substantially the same) pro rata interest in the share capital of the Relevant Person(s) as such shareholders have, or as the case may be, had in the share capital of Securitas AB;

"Change of Control Period" means the period (i) commencing on the date that is the earlier of (A) the date of the first public announcement of the relevant Change of Control and (B) the date of the earliest Potential Change of Control Announcement (as defined below) provided that this results in a Change of Control within 180 days, if any, and (ii) ending on the date which is 90 days after the date on which the relevant Change of Control occurs (such 90th day, the "Initial Longstop Date"); provided that, unless any other Rating Agency has on or prior to the Initial Longstop Date effected a Rating Downgrade in respect of its rating of the Notes or Securitas AB, if a Rating Agency publicly

announces, at any time prior to the Initial Longstop Date, that it has placed its rating of the Notes or Securitas AB under consideration for rating review as a result of the relevant public announcement of the Change of Control or Potential Change of Control Announcement, the Change of Control Period shall be extended to the date which falls 60 days after the Initial Longstop Date;

"Potential Change of Control Announcement" means any public announcement or statement by Securitas AB, any actual or potential bidder or any designated advisor thereto relating to any specific and near-term potential Change of Control (whereby "near-term" shall mean that such potential Change of Control is reasonably likely to occur, or is publicly stated by Securitas AB, any such actual or potential bidder or any such designated advisor to be intended to occur, within three months of the date of such announcement or statement);

"Put Option Receipt" means a receipt issued by a Paying Agent to a depositing Noteholder upon deposit of a Note with such Paying Agent by any Noteholder wanting to exercise a right to require the Issuer to redeem or, as the case may be, purchase or procure the purchase of a Note pursuant to this Condition 6(e)(B);

"Rating Agency" means any of the following: (i) S&P Global Ratings Europe Limited; (ii) Moody's Investors Service Limited; or (iii) any other rating agency of equivalent international standing specified from time to time by Securitas AB, and, in each case, their respective successors or affiliates; and

A "Rating Downgrade" shall be deemed to have occurred in respect of a Change of Control if within the Change of Control Period the rating previously assigned to the Notes or Securitas AB by any Rating Agency is (i) withdrawn and not reinstated during the Change of Control Period to an Investment Grade Rating by any Rating Agency or (ii) changed from an Investment Grade Rating to a non-investment grade rating (BB+/Ba1, or their respective equivalents for the time being, or worse) and is not raised again to an Investment Grade Rating within the Change of Control Period or (iii) if such rating previously assigned to the Notes or Securitas AB by any Rating Agency was below an Investment Grade Rating, lowered by at least one full rating notch (for example, from BB+ to BB or their respective equivalents) and is not raised again to its earlier credit rating or better by such Rating Agency within the Change of Control Period; provided that a Rating Downgrade otherwise arising by virtue of a particular change in rating shall be deemed not to have occurred in respect of a particular Change of Control if the Rating Agency making the change in rating does not confirm in writing to Securitas AB or publicly announce or publicly confirm that the reduction was the result, in whole or in part, of any event or circumstance comprised in or arising as a result of, or in respect of, the applicable Change of Control or Potential Change of Control Announcement.

- (iv) Promptly upon the Issuer becoming aware that a Put Event has occurred, the Issuer shall give notice (a "Put Event Notice") to the Noteholders in accordance with Condition 13 specifying the nature of the Put Event and the circumstances giving rise to it and the procedure for exercising the Put Option contained in this Condition 6(e)(B).
- (v) To exercise the Put Option to require the Issuer to redeem or, as the case may be, purchase or procure the purchase of a Note under this Condition 6(e)(B), the holder of this Note must, if this Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the period (the "Put Period") of 45 days after the Put Event Notice is given, a duly completed and signed Put Notice in the form (for the time being current) obtainable from the specified office of any Paying Agent and in which the holder must specify a bank account to which payment is to be made under this Condition and the Put Notice must be accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control.

If this Note is represented by a Global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the Put Option to require the Issuer to redeem or, as the case may be, purchase or procure the purchase of the Note under this Condition 6(e)(B), the holder of this Note must, within the Put Period, give notice to the Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary or common safekeeper, as the case may be, for them to the Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time.

The Paying Agent to whom a Note has been so delivered or, as applicable, the Agent shall deliver a duly completed Put Option Receipt to the relevant holder. Any Put Notice or other notice given in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg given by a holder of any Note pursuant to this Condition 6(e)(B) shall be irrevocable except where prior to the Optional Redemption Date an Event of Default shall have occurred and be continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this Condition 6(e)(B) and instead to declare such Note forthwith due and payable pursuant to Condition 9.

- (vi) The Issuer shall redeem or, at the option of the Issuer, purchase or procure the purchase of the Notes in respect of which the Put Option has been validly exercised as provided in Condition 6(e)(B)(v) on the date which is the fifth Payment Day following the end of the Put Period (the "Optional Redemption Date"). Payment in respect of any Note in respect of which the Put Option has been validly exercised will be made on the Optional Redemption Date to the Noteholder's bank account specified in the Put Notice (if any) or otherwise in accordance with Condition 5.
- (vii) For the avoidance of doubt, the Issuer shall not have any responsibility for any costs or loss of whatever kind (including breakage costs) which any Noteholder may incur as a result of or in connection with such Noteholder's exercise, or purported exercise, of, or otherwise in connection with, any Put Option, whether upon the occasion of any purchase or redemption arising therefrom or otherwise.
- (f) *Early Redemption Amounts*

For the purpose of paragraph (b) above and Condition 9:

- (i) each Note (other than a Zero Coupon Note) will be redeemed at the Early Redemption Amount; and
- (ii) each Zero Coupon Note will be redeemed at an amount (the "Amortised Face Amount") calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

RP means the Reference Price;

AY means the Accrual Yield; and

y is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (iii) Actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365),

or on such other calculation basis as may be specified in the applicable Final Terms.

- (g) *Specific redemption provisions applicable to certain types of Exempt Notes*

The Final Redemption Amount, any Optional Redemption Amount and the Early Redemption Amount in respect of Index Linked Redemption Notes and Dual Currency Redemption Notes may be specified in, or determined in the manner specified in, the applicable Pricing Supplement. For the purposes of Condition 6(b),

Index Linked Interest Notes and Dual Currency Interest Notes may be redeemed only on an Interest Payment Date.

(h) *Purchases*

The Issuer, the Guarantor (if applicable) or any Subsidiary of the Issuer or the Guarantor (if applicable) may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. All Notes so purchased will be surrendered to a Paying Agent for cancellation.

(i) *Cancellation*

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and any Notes purchased and cancelled pursuant to paragraph (g) above (together with all unmatured Coupons and Talons cancelled therewith) shall be forwarded to the Agent and cannot be reissued or resold.

(j) *Late payment on Zero Coupon Notes*

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c) (d) above or upon its becoming due and repayable as provided in Condition 9 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (e)(ii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 13.

7. **TAXATION**

All payments of principal and interest in respect of the Notes and Coupons by or on behalf of the Issuer or, if applicable, under the Guarantee by the Guarantor, will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law. In such event, the Issuer or the Guarantor (if applicable), as the case may be, will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (a) the holder of which is liable for such taxes or duties in respect of such Note or Coupon by reason of his having some connection with a Tax Jurisdiction other than the mere holding of such Note or Coupon; or
- (b) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 5(f)).

As used herein:

- (i) "Tax Jurisdiction" means Sweden (in the case of payments by Securitas AB), the Republic of Ireland (in the case of payments by STI) or any political subdivision or any authority thereof or therein having power to tax and/or any other territory or political subdivision to the taxing jurisdiction of which the Issuer becomes subject generally; and

- (ii) the Relevant Date means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 13.

Notwithstanding any other provision of these Conditions, in no event will the Issuer or the Guarantor (if applicable) be required to pay any additional amounts in respect of the Notes or Coupons for, or on account of, any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, or any official interpretations thereof, or any law implementing an intergovernmental approach thereto.

8. PRESCRIPTION

The Notes and Coupons will become void unless claims in respect of principal and/or interest are made within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 7) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 5(b) or any Talon which would be void pursuant to Condition 5(b).

9. EVENTS OF DEFAULT

(a) *Events of Default*

If any one or more of the following events (each an “Event of Default”) shall occur and be continuing:

- (i) if default is made in the payment in the Specified Currency of any principal or interest due in respect of the Notes or any of them and the default continues for a period of 14 days in either case; or
- (ii) if the Issuer or (if applicable) the Guarantor fails to perform or observe any of its other obligations under these Conditions or the Guarantee (if applicable) and (except in any case where the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 30 days next following the service by a Noteholder on the Issuer or the Guarantor (if applicable) of notice requiring the same to be remedied; or
- (iii) if (i) any Indebtedness for Borrowed Money (as defined below) of Securitas AB or any of its Principal Subsidiaries becomes due and repayable prematurely by reason of an event of default (however described); (ii) Securitas AB or any of its Principal Subsidiaries fails to make any payment in respect of any Indebtedness for Borrowed Money on the due date for payment; (iii) any security given by Securitas AB or any of its Principal Subsidiaries for any Indebtedness for Borrowed Money becomes enforceable; or (iv) default is made by Securitas AB or any of its Principal Subsidiaries in making any payment due under any guarantee and/or indemnity given by each of them (as applicable) in relation to any Indebtedness for Borrowed Money of any other person,

provided that no event described in this Condition 9(a)(iii) shall constitute an Event of Default unless the Indebtedness for Borrowed Money or other relative liability either alone or when aggregated with other Indebtedness for Borrowed Money and/or other liabilities relative to all (if any) other events which shall have occurred and be continuing shall amount to at least €50,000,000 (or its equivalent in any other currency); or

- (iv) if any order is made by any competent court or resolution passed for the winding up or dissolution of Securitas AB or any of its Principal Subsidiaries, save for the purposes of reorganisation on terms approved by an Extraordinary Resolution of the Noteholders; or
- (v) if Securitas AB or any of its Principal Subsidiaries ceases to carry on all or substantially all of its business, (save for the purposes of reorganisation on terms approved by an Extraordinary Resolution of the Noteholders) or Securitas AB or any of its Principal Subsidiaries stops or threatens to stop payment of, or is unable to, or admits inability to, pay, its debts (or any class of its debts) as they fall

due, or is deemed unable to pay its debts pursuant to or for the purposes of any applicable law, or is adjudicated or found bankrupt or insolvent; or

- (vi) if (A) an administrative or other receiver, examiner, manager, administrator or other similar official is appointed, in relation to Securitas AB or any of its Principal Subsidiaries or, as the case may be, in relation to the whole or a substantial part of the undertaking or assets of any of them, or an encumbrancer takes possession of the whole or a substantial part of the undertaking or assets of any of them, or a distress, execution, attachment, sequestration or other process is levied, enforced upon, sued out or put in force against the whole or a substantial part of the undertaking or assets of any of them and (B) in any case (other than the appointment of an administrator) is not discharged within 14 days; or
- (vii) if Securitas AB or any of its Principal Subsidiaries initiates or consents to judicial proceedings relating to itself under any applicable liquidation, examinership, insolvency, composition, reorganisation or other similar laws or makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors) or any meeting is convened to consider a proposal for an arrangement or composition with its creditors generally (or any class of its creditors); or
- (viii) in the case of Notes issued by STI, for any reason whatsoever the Guarantee is not (or is claimed by the Guarantor not to be) in full force and effect;

then any holder of a Note may, by written notice to the Issuer and the Guarantor (if applicable) at the specified office of the Agent, effective upon the date of receipt thereof by the Agent, declare any Notes held by the holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at the Early Redemption Amount (as described in Condition 6(f)), together with accrued interest (if any) to the date of repayment, without presentment, demand, protest or other notice of any kind.

(b) *Definitions*

For the purpose of these Terms and Conditions:

"Indebtedness for Borrowed Money" means any present or future indebtedness (whether being principal, premium, interest or other amounts) for or in respect of (i) money borrowed, (ii) liabilities under or in respect of any acceptance or acceptance credit or (iii) any notes, bonds, debentures, debenture stock, loan stock or other debt securities offered, issued or distributed whether by way of public offer, private placing, acquisition consideration or otherwise and whether issued for cash or in whole or in part for a consideration other than cash.

"Principal Subsidiary" at any time shall mean a Subsidiary of Securitas AB:

- (i) whose (a) total profits, before tax and extraordinary items, or (b) total assets represent ten (10) per cent. or more of the consolidated total profits, before tax and extraordinary items, of Securitas AB and its consolidated Subsidiaries, or, as the case may be, ten (10) per cent. or more of the consolidated total assets of Securitas AB and its consolidated Subsidiaries or (if applicable) the Guarantor and its consolidated Subsidiaries, in each case calculated by reference to the latest annual financial statements of such Subsidiary and the latest annual audited consolidated financial statements of Securitas AB and its consolidated Subsidiaries or (if applicable) the Guarantor and its consolidated Subsidiaries; or
- (ii) to which is transferred all or substantially all of the business, undertaking or assets of a Subsidiary which immediately prior to such transfer is a Principal Subsidiary, whereupon the transferor Subsidiary shall immediately cease to be a Principal Subsidiary and the transferee Subsidiary shall become a Principal Subsidiary under this sub-paragraph (ii) upon publication of its next annual financial statements.

A report by the independent auditors for the time being of Securitas AB that in their opinion a Subsidiary of Securitas AB is or is not or was or was not at any particular time or throughout any specified period a Principal Subsidiary shall, in the absence of manifest error, be conclusive and binding on all parties.

10. REPLACEMENT OF NOTES, COUPONS AND TALONS

Should any Note, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Agent upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Coupons or Talons must be surrendered before replacements will be issued.

11. PAYING AGENTS

The names of the initial Paying Agents and their initial specified offices are set out below. If any additional Paying Agents are appointed in connection with any Series, the names of such Paying Agents will be specified in Part B of the applicable Final Terms.

The Issuer and the Guarantor (if applicable) are entitled to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/or approve any change in the specified office through which any Paying Agent acts, provided that:

- (a) there will at all times be an Agent and a Paying Agent with its specified office in a country outside each Tax Jurisdiction; and
- (b) so long as the Notes are listed on any stock exchange, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange (or any other relevant authority).

In addition, the Issuer and the Guarantor (if applicable) shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 5(e). Notice of any variation, termination, appointment or change in Paying Agents will be given to the Noteholders promptly by the Issuer in accordance with Condition 13.

In acting under the Agency Agreement, the Paying Agents act solely as agents of the Issuer and the Guarantor (if applicable) and do not assume any obligation to, or relationship of agency or trust with, any Noteholders or Couponholders. The Agency Agreement contains provisions permitting any entity into which any Paying Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent.

12. EXCHANGE OF TALONS

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 8.

13. NOTICES

All notices regarding the Notes will be deemed to be validly given if published (i) in a leading English language daily newspaper of general circulation in London, and (ii) if and for so long as the Notes are admitted to trading on, and listed on the Official List, the website of Euronext Dublin. It is expected that any such publication in a newspaper will be made in the *Financial Times* in London. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange (or any other relevant authority) on which the Notes are for the time being listed or by which they have been admitted to trading. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers.

Until such time as any definitive Notes are issued, there may, so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Notes and, in addition, for so long as any Notes are listed or admitted to trading on a stock exchange and the rules of that stock exchange (or any other

relevant authority) so require, such notice will be published in a daily newspaper of general circulation in the place or places required by the rules of that stock exchange (or any other relevant authority) and/or on the website of Euronext Dublin. Any such notice shall be deemed to have been given to the holders of the Notes on the second day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Agent. Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Agent through Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

14. MEETINGS OF NOTEHOLDERS, MODIFICATION AND WAIVER

The Agency Agreement contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, the Coupons or any of the provisions of the Agency Agreement. Such a meeting may be convened by the Issuer, the Guarantor (if applicable) or Noteholders holding not less than five per cent. in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes or the Coupons (including modifying the date of maturity of the Notes or any date for payment of interest thereon, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes or the Coupons), the quorum shall be one or more persons holding or representing not less than two-thirds in nominal amount of the Notes for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing not less than one-third in nominal amount of the Notes for the time being outstanding. The Agency Agreement provides that (i) a resolution passed at a meeting duly convened and held in accordance with the Agency Agreement by a majority consisting of not less than three-quarters of the votes cast on such resolution, (ii) a resolution in writing signed by or on behalf of the holders of not less than three-quarters in nominal amount of the Notes for the time being outstanding or (iii) consent given by way of electronic consents through the relevant clearing system(s) (in a form satisfactory to the Agent) by or on behalf of the holders of not less than three-quarters in nominal amount of the Notes for the time being outstanding, shall, in each case, be effective as an Extraordinary Resolution of the Noteholders. An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting, and on all Couponholders.

The Agent, the Issuer and (if applicable) the Guarantor may agree, without the consent of the Noteholders or Couponholders, to:

- (a) any modification (except such modification in respect of which an increased quorum is required as mentioned above) of the Notes, the Coupons, the Deed of Covenant or the Agency Agreement which is not prejudicial to the interests of the Noteholders; or
- (b) any modification of the Notes, the Coupons, the Deed of Covenant or the Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of the law.

Any such modification shall be binding on the Noteholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 13 as soon as practicable thereafter.

15. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Noteholders or the Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and the date from which interest starts to accrue and so that the same shall be consolidated and form a single Series with the outstanding Notes.

16. **CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999**

No person shall have any right to enforce any term or condition of this Note under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

17. **GOVERNING LAW AND SUBMISSION TO JURISDICTION**

(a) *Governing law*

The Agency Agreement, the Deed of Covenant, the Guarantee, the Notes and the Coupons and any non-contractual obligations arising out of or in connection with the Agency Agreement, the Deed of Covenant, the Guarantee, the Notes and the Coupons shall be governed by, and shall be construed in accordance with, English law.

(b) *Submission to jurisdiction*

The Issuer and the Guarantor (if applicable) agree, for the exclusive benefit of the Noteholders and the Couponholders, that the courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with the Notes and/or the Coupons (including a dispute relating to any non-contractual obligations arising out of or in connection with the Notes and/or the Coupons) and that accordingly any suit, action or proceedings (together referred to as "Proceedings") arising out of or in connection with the Notes and the Coupons (including any Proceedings relating to any non-contractual obligations arising out of or in connection with the Notes and the Coupons) may be brought in such courts.

The Issuer and the Guarantor (if applicable) hereby irrevocably waive any objection which they may have now or hereafter to the laying of the venue of any such Proceedings in any such court and any claim that any such Proceedings have been brought in an inconvenient forum and hereby further irrevocably agrees that a judgment in any such Proceedings brought in the English courts shall be conclusive and binding upon it and may be enforced in the courts of any other jurisdiction.

To the extent permitted by law, nothing contained in this Condition shall limit any right to take Proceedings against the Issuer or Guarantor (if applicable) in any other court of competent jurisdiction, nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction, whether concurrently or not.

(c) *Appointment of Process Agent*

The Issuer and (where applicable) the Guarantor appoint Securitas Services Holding UK Limited at its registered office for the time being (currently at 24 Old Queen Street, London SW1H 9HP) as its agent for service of process, and undertakes that, in the event of Securitas Services Holding UK Limited ceasing so to act or ceasing to be registered in England, it will appoint another person as its agent for service of process in England in respect of any Proceedings. Nothing herein shall affect the right to serve proceedings in any other manner permitted by law.

(d) *Other documents*

The Issuer and (where applicable) the Guarantor have in the Agency Agreement, the Guarantee and the Deed of Covenant and with regard to any non-contractual obligations arising out of or in connection with them, submitted to the jurisdiction of the English courts and appointed an agent for service of process in terms substantially similar to those set out above.

USE OF PROCEEDS

The net proceeds from each issue of Notes will be applied by the Group for its general corporate purposes which includes making a profit.

GUARANTEE

The following is the Guarantee given by the Guarantor in respect of Notes issued by STI under the Programme:

THIS DEED OF GUARANTEE is made on 11 February 2025 by Securitas AB (publ) (the "Guarantor") in favour of the Relevant Account Holders (as defined in the Deed of Covenant referred to below).

WHEREAS:

- (A) Securitas AB (publ) ("Securitas AB", in its capacity as an "Issuer" and the Guarantor) and Securitas Treasury Ireland Designated Activity Company ("STI", in its capacity as an "Issuer" and, together with Securitas AB, the "Issuers") have entered into an Amended and Restated Programme Agreement (the "Programme Agreement", which expression includes the same as it may be amended, restated or supplemented from time to time) dated 11 February 2025 with the Dealers named therein under which STI proposes from time to time to issue notes (the "Notes", such expression to include each Definitive Note issued by the Issuers and each Global Note issued by the Issuers (where "Definitive Note" and "Global Note" have the meanings ascribed thereto in the Agency Agreement)).
- (B) STI has executed a Deed of Covenant dated 11 February 2025 (the "Deed of Covenant") relating to the Notes to be issued by it pursuant to the Programme Agreement.
- (C) The Issuers and the Guarantor have entered into an Amended and Restated Agency Agreement dated 11 February 2025), the "Agency Agreement", which expression includes the same as it may be amended, restated or supplemented from time to time, with the agents named therein.
- (D) In relation to any Tranche of Notes, terms defined in the Terms and Conditions of such Notes (the "Conditions", which term shall mean the Conditions set out in the Base Prospectus relating to the Programme as in force on the date of issue of the first Tranche of the relevant Notes (as completed by the applicable Final Terms or as supplemented, amended and/or replaced to the extent described in the applicable Pricing Supplement)) and in the Programme Agreement and not otherwise defined in this Deed of Guarantee (the "Guarantee") shall have the same meaning when used in this Guarantee.

NOW THIS DEED WITNESSES as follows:

1. **Subsequent Deed of Guarantee:** Any Notes issued on or after the date of this Guarantee shall have the benefit of this Guarantee but shall not have the benefit of any subsequent guarantee executed by the Guarantor (unless expressly so provided in any such subsequent guarantee). This does not affect any Notes issued prior to the date of this Guarantee or any Notes issued on or after the date of this Guarantee and which are consolidated with, and form a single Tranche with, the Notes of any Tranche issued prior to the date of this Guarantee.
2. **Guarantee:** The Guarantor irrevocably and unconditionally guarantees by way of deed poll to each Relevant Account Holder that if for any reason the relevant Issuer does not pay any sum payable by it to such Relevant Account Holder in respect of any Note or Coupon or under the Deed of Covenant (including any premium or any other amounts of whatever nature or additional amounts which may become payable under any of the foregoing) as and when the same shall become due under any of the foregoing, the Guarantor will pay to such Relevant Account Holder on demand the amount (as to which the certificate of such Relevant Account Holder shall in the absence of manifest error be conclusive) payable by the relevant Issuer to such Relevant Account Holder.
3. **Guarantor as Principal Debtor:** Without affecting the relevant Issuer's obligations, the Guarantor will be liable under this Guarantee as if it were the sole principal debtor and not merely a surety. Accordingly, it will not be discharged, nor will its liability be affected, by anything which but for this provision might operate to affect its liability (including (a) any time, indulgence, waiver or consent at any time given to the relevant Issuer or any other person, (b) any amendment to any Note, any Coupon or the Deed of Covenant or to any security or other guarantee or indemnity, (c) the making or absence of any demand on the relevant Issuer or any other person for payment, (d) the enforcement or absence of enforcement of any Note, any Coupon, the Deed of Covenant or of any security or other guarantee or indemnity, (e) the release of any such security, guarantee or indemnity,

(f) the dissolution, amalgamation, reconstruction or reorganisation of the relevant Issuer or any other person or (g) the illegality, invalidity or unenforceability of or any defect in any provision of any Note, any Coupon or the Deed of Covenant or any of the relevant Issuer's obligations under any of them).

4. **Guarantor's Obligations Continuing:** The Guarantor's obligations under this Guarantee are and will remain in full force and effect by way of continuing security until no sum remains, or is capable of remaining, payable under any Note, any Coupon or the Deed of Covenant. Furthermore, these obligations of the Guarantor are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of a Relevant Account Holder, whether from the Guarantor or otherwise. The Guarantor irrevocably waives all notices and demands whatsoever.
5. **Repayment to the Issuer:** If any payment received by a Relevant Account Holder is, on the subsequent liquidation or insolvency of any of the relevant Issuer, avoided under any laws relating to liquidation or insolvency, such payment will not be considered as having discharged or diminished the liability of the Guarantor and this Guarantee will continue to apply as if such payment had at all times remained owing by the relevant Issuer.
6. **Indemnity:** As a separate and alternative stipulation, the Guarantor unconditionally and irrevocably agrees that any sum expressed to be payable by the relevant Issuer under any Note, any Coupon or the Deed of Covenant but which is for any reason (whether or not now known or becoming known to the relevant Issuer, the Guarantor or any Relevant Account Holder) not recoverable from the Guarantor on the basis of a guarantee will nevertheless be recoverable from it as if it were the sole principal debtor and will be paid by it to the Relevant Account Holders on demand. This indemnity constitutes a separate and independent cause of action and will apply irrespective of any indulgence granted by any Relevant Account Holder.
7. **Status of Guarantee:** The obligations of the Guarantor under this Guarantee constitute direct, unconditional, unsubordinated and (subject to the provisions of Condition 3) unsecured obligations of the Guarantor and shall at all times rank *pari passu* among themselves and (save for certain obligations required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Guarantor, from time to time outstanding.
8. **Withholding or deduction:** All payments under this Guarantee by the Guarantor shall be made free and clear of, and without withholding or deduction for, or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by Sweden or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law. In such event, the Guarantor will pay such additional amounts as shall be necessary in order that the net amounts received by a Relevant Account Holder after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes or Coupons, as the case may be, in the absence of such withholding or deduction.
9. **Power to execute:** The Guarantor hereby warrants, represents and covenants with each Relevant Account Holder that it has all corporate power, and has taken all necessary corporate or other steps, to enable it to execute, deliver and perform this Guarantee, and that this Guarantee constitutes a legal, valid and binding obligation of the Guarantor in accordance with its terms.
10. **Deposit of Guarantee:** This Guarantee shall take effect as a Deed Poll for the benefit of the Relevant Account Holders from time to time and for the time being. This Guarantee shall be deposited with and held by BNP Paribas, Luxembourg Branch as Issuing and Principal Paying Agent until all the obligations of the Guarantor have been discharged in full.
11. **Production of Guarantee:** The Guarantor hereby acknowledges the right of every Relevant Account Holder to the production of, and the right of every Relevant Account Holder to obtain a copy (free of charge) of, this Guarantee, and further acknowledges and covenants that the obligations binding upon it contained herein are owed to, and shall be for the account of, each and every Relevant Account Holder, and that each Relevant Account Holder shall be entitled severally to enforce the said obligations against the Guarantor.

12. **Subrogation:** Until all amounts which may be payable under the Notes, the Coupons and/or the Deed of Covenant have been irrevocably paid in full, the Guarantor shall not by virtue of this Guarantee be subrogated to any rights of any Relevant Account Holder or claim in competition with the Relevant Account Holders against the relevant Issuer.
13. **Governing Law and Jurisdiction:** This Guarantee and any non-contractual obligations arising out of or in connection with this Guarantee shall be governed by, and construed in accordance with, English law. The Guarantor irrevocably agrees for the benefit of each Relevant Account Holder that the courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with this Guarantee (including a dispute relating to any non-contractual obligations arising out of or in connection with this Guarantee) and that accordingly any suit, action or proceedings (together referred to as "Proceedings") arising out of or in connection with this Guarantee (including any Proceedings relating to any non-contractual obligations arising out of or in connection with this Guarantee) may be brought in the courts of England.

The Guarantor irrevocably waives any objection which it may have now or hereafter to the laying of the venue of any Proceedings in the courts of England, irrevocably agrees that a final judgment in any Proceedings brought in the courts of England shall be conclusive and binding upon the Guarantor and irrevocably waives any objection to the enforcement of that judgment in the courts of any other jurisdiction. Nothing contained in this Clause shall limit any right to take Proceedings against the Guarantor in any other court of competent jurisdiction, nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction, whether concurrently or not.

The Guarantor has appointed Securitas Services Holding UK Limited at its registered office for the time being (currently at 24 Old Queen Street, London SW1H 9HP) as its agent for service of process in England in respect of any Proceedings and undertakes that in the event of it ceasing so to act it will appoint another person as its agent for that purpose. The Guarantor agrees that failure by a process agent to notify it of any process will not invalidate service. Nothing in this clause shall affect the right to serve process in any other manner permitted by law.

IN WITNESS whereof this Guarantee has been manually executed as a deed poll on behalf of the Guarantor.

DESCRIPTION OF SECURITAS AB AND THE GROUP

In this section, “Securitas”, the “Company” or the “Group” mean, depending on the context, Securitas AB (publ) (corporate ID No. 556302-7241) or the group in which Securitas AB (publ) is the parent company.

General

Securitas AB is a public limited liability company (*Sw. publikt aktiebolag*), established and registered in accordance with the Swedish Companies Act (2005:551), with the corporate name Securitas AB (publ), and with its headquarters and registered address at PO Box 12 307 (Lindhagensplan 70), 102 28 Stockholm, Sweden. Its telephone number is +46 (0)10 470 30 00. The website of the Group is www.securitas.com. The information on the Group’s website, or any other website referred to in this Base Prospectus, does not form part of the Base Prospectus unless that information is incorporated by reference into the Base Prospectus.

The Company was incorporated in Sweden on 29 June 1987 and registered on 19 August 1987 with the former Patent and Registration Office (*Sw. Patent- och registreringsverket*) under the laws of Sweden for an indefinite period. Securitas AB’s registration number is 556302-7241. The current corporate name, Securitas AB (publ), was registered on 2 June 1995 (previously having been Securitas Aktiebolag and prior to that Securitas Holding Aktiebolag). As stated in the Company’s articles of association at Article 3, Securitas AB’s corporate purpose is – directly or indirectly through its subsidiaries – to pursue guard business, offer services and products within the field of security, own and administer real and movable estate, as well as to pursue other compatible business.

Securitas AB is the holding company of all the companies in the Group, directly or indirectly, and the assets of Securitas AB are substantially comprised of shares in Group companies. Securitas AB does not conduct any business itself and is therefore dependent on the Group companies and the revenues received by them. Securitas AB operates under the Swedish Companies Act (2005:551).

History and developments

- 1934** Erik Philip-Sörensen acquires Hälsingborgs Nattvakt in Helsingborg, Sweden. Sörensen acquires additional security companies in southern Sweden and combines all companies to form Förenade Svenska Vakt AB.
- 1942** A department is started in Stockholm, making the Company nationwide in Sweden.
- 1949** Securitas Alarm is founded in Sweden to meet the demand for alarm technology as a complement to the guarding services.
- 1972** The company is renamed to Securitas and the logotype with the three red dots is created.
- 1981** Securitas is divided between Sörensen’s two sons. Securitas in Sweden is sold to Sven Philip-Sörensen. Securitas’ international operations, which later would become G4S, are sold to Jörgen Philip-Sörensen.
- 1983** Securitas in Sweden is sold to Skrinet.
- 1985** Investment AB Latour becomes Securitas’ new owner.
- 1987** Melker Schörling is appointed CEO of Securitas and acquires 17 per cent. of the company.
- 1989** Securitas initiates its international expansion with acquisitions in Norway, Denmark and Portugal.
- 1991** Securitas is listed on the Stockholm Stock Exchange (now Nasdaq Stockholm).
- 1994** The former division Assa is spun off and distributed to Securitas’ shareholders, Assa then acquires Abloy and is listed as Assa Abloy.
- 1999** The establishment of Securitas in the US starts with the acquisition of Pinkerton.

- 2006** Securitas announces its intention to spin off and distribute three companies to its shareholders; Securitas Systems (which later became Niscayah Group), Securitas Direct (which later became Verisure) and Securitas Cash Handling Services (which later became Loomis). Both Securitas Systems and Securitas Direct are distributed the same year and listed on the Stockholm Stock Exchange.
- 2008** The former division Loomis is spun off and distributed to the shareholders and listed as a separate company on the Stockholm Stock Exchange. After the spin-off, Securitas' operations mainly focused on guarding services.
- 2015** Securitas acquires Diebold's North American technology business, which was the Group's largest acquisition in 15 years.
- 2018** Securitas achieves a milestone of over SEK 100,000 million in sales.
- 2020** The COVID-19 pandemic affects companies and individuals worldwide. Despite societal lockdowns, including reduced activity in aviation and entertainment, Securitas shows resilience to the unprecedented challenges.
- 2021** Securitas announces its largest acquisition in history after entering an agreement to acquire the Electronic Security Solutions business ("STANLEY Security") from Stanley Black & Decker Inc , a global technology security provider.
- 2022** The acquisition of STANLEY Security is completed on 22 July 2022, after the Company received regulatory approvals from the relevant authorities.
- 2023** Intensive work on the integration of STANLEY Security and the transformation programmes in Europe and Ibero-America continued.
- 2024** Securitas reported a record-high operating margin of 7.5 per cent. in the third quarter, being the highest so far in the company's history.

Business overview

Over the past few decades, the Group has evolved from being a security services provider with a focus on guarding to being a security services provider with capabilities in technology-enabled security solutions. The Group's main service offerings are on-site, mobile and remote guarding, technology, fire and safety and corporate risk management. Collectively, these are referred to as the Group's six protective services.

Securitas is a global company with most of its business originating from North America and Europe. The Group is also present in Latin America, Africa, the Middle East, Asia and Australia. In 2023, the Group's approximately 341,000 employees served a large number of clients (excluding monitoring-only clients) in 44 markets and various types of industries and client categories. Client categories range from governments, airports, logistics, offices and real estate companies, banks, shopping centres, hotels, manufacturing industries, mining industries, hospitals and residential areas, to tech and IT companies. The size of the clients varies from small local to large global firms.

A growing global industry

In 2021, the global market for technology-enabled security services (excluding the market for private residences) is estimated to have amounted to USD 63.8 billion⁸, while the market for guarding services amounted to USD 128.1 billion⁹. Security services are in demand all over the world, in all industries and in both the public and private sectors, which means that the Group's total market is well diversified both from a geographical and a business segment perspective. Security needs must be fulfilled so that growth and development can prosper. Therefore, the demand for the Group's services is closely linked to global

economic development and social and demographic trends. As the global economy grows and develops, so does the Group. Besides general economic growth, the main driving forces for growth in the security services industry are:

- increased privatisation through the outsourcing of public security services needs to private actors is done to control or reduce public spending and, sometimes, to open the market for competition due to political decisions;
- continued industrialisation and increased global industrial activity leads to investments in factories, offices and other workplaces that all have specific security needs especially since social control reduces while at the same time people expect open and friendly environments where security is taken care of by professionals; moreover the industry works according to just-in-time principles where disturbances to the supply chain cannot be afforded;
- increased urbanisation leads to a higher population density and greater social differences. and this disparity causes social tension and insecurity, creating a need for additional security services;
- middle class growth in maturing and developing markets is continuing, and as disposable income and net worth rises there is more to protect and more customers that can afford to do so, which fuels demand for security services;
- infrastructure investments in, for example, real estate, public transport and public logistic hubs create a need to safeguard these assets and the flows that goes through these, which increases demand for security services;
- a heightened sense of terror alert is becoming more widespread globally, increasing demand for security consultation and services from both the public and private sectors; and
- large scale migration from developing countries into Europe is creating extra demand for private security to help ensure the safety and welfare of the migrants and their families.

Global Market Trends

The security services industry is evolving in response to various long-term trends. To remain competitive and meet client needs, security service providers must adapt to these trends.

The driving forces for the growth described above also create trends in the various security services requested by the Group's customers. The most important trends in the security services market today are technology-driven security, vertical integration of offerings, data-led applications, employee experience and productivity, and security across client value chain.

Technology-driven security

The increasingly complex security needs of clients are creating demand for complementary technology solutions, such as the use of robots, cloud-based security service models, edge computing for video surveillance, mobile surveillance units, the use of drones and anti-drones, body cameras and other wearable technologies, and biometric technology.

Vertical integration of offerings

The focus on integrated security services has increased.

Data-led applications

There is an increasing focus on the use of machine learning, AI and predictive analytics, as well as shared security services such as Securitas' Operation Center ("SOC") as a service.

Employee experience and productivity

There is an increasing focus on optimising security officer deployment, investments in training and development, virtual security consultations and digital reporting for security officers for higher productivity.

Security across client value chain

There is an increasing focus on supply chain security, zero-trust architecture, Internet of Things (IoT) security and blockchain in security.

Others

There are several other trends in the security market, such as an increasing focus on tailored solutions that address localised threats, regulatory compliance, cultural understanding, etc. In addition, there has been a shift from reactive to proactive security. Furthermore, there is an increase in the focus on the client experience, as well as the specialisation, for example, for a specific industry or group.

Business segments

The Group's business is organised in a flat, decentralised structure with three business segments: Securitas North America, Securitas Europe and Securitas Ibero-America. Securitas also has operations in Africa, the Middle East, Asia and Australia ("AMEA"), which is not classified as a separate business segment but forms its own division. Most of the Group's sales are generated in North America and Europe.

As of 3 May 2023, the business segments have been renamed. In addition, the Securitas Critical Infrastructure Services business unit has been moved from the business segment Securitas North America to Other as of the third quarter 2023.

Securitas North America

Securitas North America provides protective services in the US, Canada and Mexico and represented 40 per cent. of Group sales as at 31 December 2024. The operations in the US are organised in three specialised units - Guarding, Technology Security and Pinkerton Corporate Risk Management. Guarding includes on-site, mobile and remote guarding and the unit for global and national accounts, as well as Canada and Mexico. There are also specialised client segment units, such as aviation, healthcare, manufacturing and oil and gas. In total, there are approximately 96,000 employees.

Securitas Europe

Securitas Europe provides protective services across Europe with operations in 21 countries. It represented 43 per cent. of Group sales as at 31 December 2024. The full range of protective services includes on-site, mobile and remote guarding, technology, fire and safety services and corporate risk management. In addition, there are three specialised units for global clients, technology and security solutions. In total, Securitas Europe has approximately 120,000 employees.

Securitas Ibero-America

Securitas Ibero-America provides protective services in Spain, Portugal and six Latin American countries and represented 9 per cent. of Group sales as at 31 December 2024. The offered services include on-site, mobile and remote guarding, technology, fire and safety services and corporate risk management. Securitas Ibero-America has a combined total of approximately 48,000 employees.

New Markets

The Group is growing in new geographical markets to serve its global customers in these regions. The countries in these new markets are organised in the AMEA division.

Strategy

Securitas' strategy is to deliver comprehensive, scalable, and innovative security solutions to meet the clients' increasingly complex security needs. The strategy also involves becoming security solutions partner with world-leading technology and expertise, and the Group has taken significant industry-changing steps towards this goal. Over the last ten years, the Group has gradually enhanced its offering by adding additional security services and is now offering a strong and comprehensive portfolio of services. The Group's sustainability

strategy supports the overall business strategy, and the Group has ambitious targets for the sustainability focus areas. The Group strives to improve its six sustainability focus areas with good working conditions as the foundation:

- **Diversity, equity and inclusion:** the Group targets to have more than 20 per cent. female managers at all levels by 2025.
- **Health and safety:** The Group has implemented a framework based on the ISO 45001 methodology.
- **Learning and development:** the Group aims for target groups to complete mandatory courses in the Group training curriculum within given time frames.
- **Environment:** the Group has committed to reduce absolute scope 1, 2 and 3 greenhouse gas emissions with 42 per cent. by the year 2030 from the 2022 base year.
- **Business ethics:** The Group's compliance programme, which includes business ethics compliance functions such as anti-bribery and anti-corruption, competition and anti-trust, data privacy, whistleblowing and supply chain risk management, is continuously evolving and evaluated.
- **Community involvement:** The Group collaborates closely with various organisations in the local communities where it operates.

Technology

Securitas believes that the future of security is built around a combination of global presence, connected technology and intelligent use of data. Securitas has over the past few years strengthened its business in technology, both organically and through acquisitions of, among others, Techco Security (Spain and Portugal), Fredon Security (Australia) and FE Moran Security Solutions (USA). The acquisition of STANLEY Security in July 2022, Securitas' largest acquisition in history, more than doubled Securitas' business area in technology-enabled security services.

Guarding services

The Group is one of the leading global providers of security services¹⁰ and has grown to expand its presence to support its clients where needed across the world. Guarding services accounted for 65 per cent. of the Group's total sales in 2024. Securitas is continuously working to provide high quality guarding services to its clients and to maintain the good relations that the Company has established with its clients. In 2024, Securitas had a client retention rate of approximately 90 per cent., with a large portion of these clients relating to guarding services.

Creating a global security solutions partner

Security solutions are combinations of Securitas' security services such as on-site, mobile, or remote guarding, technology, fire and safety and corporate risk management, possibly in combination with software and reporting. The combination of guarding and technology-enabled security services, through data collection and software, allows for customised services that meet and exceed the clients' current needs. As such, guarding services can be tailored into new solutions for the clients, enabling an improved offering and resource efficiency.

A part of Securitas' strategy is to grow within security solutions. The Group intends to continue strengthening its sales leadership in security solutions and exchange experiences between the Group's business segments to increase sales of security solutions. This will enable Securitas to offer tailor-made security solutions and meeting the growing complexity of the clients' security demands.

Depending on the security solution offered, Securitas can invest in technology installed at the client's site, adding further value to the clients. Securitas takes full responsibility for on-site installation and renewal or maintenance of security equipment, which Securitas believes differentiates its security solutions from the

competition. To ensure the highest quality and the best choice of technology equipment, the Company has general agreements with some of the world's major suppliers of cameras, sensors and other security technologies. Security solutions are provided to a wide range of clients in different sectors, such as aviation, construction, data centres, retail, critical infrastructure and manufacturing.

Leveraging a global platform to drive innovation

Data-driven innovations are now also changing the services that the Group can offer, giving the Group a competitive edge. Investments in the Group's technology infrastructure and in new competencies are helping the Group capture, analyse and respond to data. This increases client value and operational efficiency. At SOC, the Group has the ability to gather large amounts of data from camera feeds, sensors, incident reports and access controls that can help the Group with real-time detection and better prediction of security incidents.

As a complement to Securitas' existing value proposal, the Company has launched several smart services. In 2021, the Group launched the Risk Prediction application, which helps assess risk at client sites. The Group also launched MySecuritas, a digital channel for clients, which makes communication between the client, the branch manager and the security officers easier. Furthermore, the Company developed the service Mobile Patrol 2.0, an intelligent service that leverages artificial intelligence to offer an insight and recommendation service for clients based on existing data.

Securitas' security services are managed and coordinated through the SOCs, where operators can quickly address their clients' security needs. Security systems that are installed at client sites are also connected to SOCs which serve multiple functions, including receiving alarm activation signals which allow the SOC operator to contact the appropriate authorities as necessary (for example local law enforcement, fire brigade and Securitas mobile patrol). All of Securitas' services and solutions are controlled and managed in the SOCs, enabling Securitas to deliver support for all its different services centrally. The SOCs work as a centralised coordination unit where advanced data is analysed by trained personnel to leverage proven processes and strict protocols to deliver optimal client solutions. The information gathered by the Group's SOCs provide the clients with high-quality security along with analytics, analyses and client reports. The SOCs also allow Securitas to leverage existing data to increase proactiveness and predictiveness, rather than simply reacting to events as they occur. The SOCs seamlessly connect different security solutions, allowing Securitas to improve existing security solutions, create new security solutions and expand the security solutions offering.

Recent developments and important events

Financial targets

In connection with the acquisition of STANLEY Security, which was completed on 22 July 2022, the Group set new financial targets.

The new financial targets are aligned with the Group's strategy to become a partner for security solutions with world-leading technology and expertise, well positioned to deliver strong growth and improved margins:

- 8–10 per cent. average annual exchange-adjusted sales growth¹¹ in security solutions and technology.
- 8 per cent. operating margin¹² for the Group until the end of 2025, with the ambition of a long-term operating margin of more than 10 per cent.
- The target of an operating cash flow¹³ of 70 to 80 per cent. of operating income before amortisation remains unchanged.
- Net debt to EBITDA ratio¹⁴ under 3.0x.

¹¹ Revenue growth adjusted for changes in the foreign exchange rate.

¹² Operating income before amortisation as a percentage of total sales.

¹³ See definition of operating cash flow in the "Statement of cash flow" in the annual and sustainability report of Securitas AB for the year ended 31 December 2022, incorporated in the Offering Circular by reference.

¹⁴ Net debt in relation to operating income after amortisation plus amortisation of acquisition-related intangible assets and depreciation.

Inflation and interest rates

During the 2022 through 2024, Securitas has been impacted by external factors such as increasing inflation and interest rates, as well as disruptions in supply chains caused by changes in the geopolitical environment. This impact has continued in the period after 31 December 2024.

Credit rating

On 14 February 2024, rating of Securitas AB was upgraded to BBB with stable outlook by S&P Global Ratings based on lower leverage and strong cash flow generation.

1) The information about shareholders is based on information from Euroclear Sweden and Modular Finance, which may result in nominees being included and that the actual owners are therefore not stated.

2) Including holdings of closely related persons and affiliated companies.

As at 31 December 2024 and the date of this Base Prospectus Securitas held 475,000 treasury shares of class B (each with a quota value of SEK 1), corresponding to 0.08 per cent. of the shares in the Company. Treasury shares may, pursuant to the Swedish Companies Act, not be represented at general meetings and may, pursuant to the Swedish Annual Accounts Act (Sw. *årsredovisningslagen* (1995:1554)), not be included as an asset in the Company's balance sheet.

Shareholder agreements and pre-emption rights in respect of shares of Series A

Between Douglas and Schörling families, who control 29.57 per cent. and 11.33 per cent., respectively, of the votes in the Company, directly or via companies or related parties, there is since 2000 a shareholders' agreement according to which the parties intend to coordinate their acting with regard to, for example, the composition of the Board of Directors, the Company's dividend policy, decisions on amendments to the Articles of Association, share capital changes, material acquisitions or divestments and the appointment of the CEO. The agreement also contains a pre-emptive right in the event of either party selling shares of class A.

Board of Directors and Group Management

Board of Directors

According to Securitas' Articles of Association, the Board of Directors shall be comprised of not less than five and not more than ten members, with no more than two deputies, elected by the shareholders at the General Meeting. In addition and as required by law, employee organisations are entitled to appoint employee representatives. As at the date of this Offering Circular, the Board of Directors comprises eight members elected at the Annual General Meeting 2024 for a term of office extending until the close of the Annual General Meeting 2025 and three members and one deputy member appointed by employee organisations.

No member of the Board of Directors or the Group Management has any private interests or other duties which might conflict with their duties carried out on behalf of Securitas.

All members of the Board of Directors and Group Management can be reached through the Company's address PO Box 12 307 (Lindhagensplan 70), 102 28 Stockholm, Sweden.

The Board of Directors' working procedures

The Board of Directors is responsible for the organisation and management of Securitas and the Group in accordance with the Swedish Companies Act (2005:551), and is responsible for appointing the President and CEO as well as the audit committee and the remuneration committee. The Board of Directors is also responsible for decisions on salaries and other remuneration for the President and the CEO. The Board of Directors convenes at least six times per year. Securitas' auditors attend the board meeting in connection with the finalisation of the annual report. The Board of Directors ensures the quality of the financial report through a series of Group policies, rules of procedure, frameworks, clear structures with well-defined responsibility areas and documented authorisations, which are described in the report of internal control. The Board of Director's activities and the distribution of responsibilities between the Board of Directors and the senior executives is regulated by the board's rules of procedure, documented in written form and approved by the Board of Directors each year after the annual general meeting.

Committees

The Board of Directors has two process committees: the remuneration committee and the audit committee.

Remuneration Committee

The Board has established and appointed a Remuneration Committee to prepare decisions related to salaries, bonuses, share-based incentive schemes and other forms of compensation for Group Management, as well as other management levels if the Board of Directors so decides. The Remuneration Committee's tasks include preparing the Board of Directors' decision to propose guidelines for remuneration to the senior

management. The Committee also monitors and evaluates programmes for variable remuneration for the senior management, the application of the guidelines for remuneration to senior management as well as the current remuneration structures and compensation levels in Securitas. The members of the Committee are independent of the Company and its senior management. The CEO and other members of the senior management do not participate in the Board of Directors' processing of and resolutions regarding remuneration-related matters in so far as they are affected by such matters.

The Remuneration Committee currently consists of the board members Jan Svensson (Chair) and Gunilla Fransson.

Audit Committee

The Board of Directors has established and appointed an Audit Committee, which operates under the instructions for the Audit Committee and meets with Securitas' auditors at least four times per year. The Committee monitors the financial reporting, the effectiveness of the internal control over financial reporting, internal audit activities and the risk management system to support the Board's quality control work. The Committee also stays informed about annual statutory audits. It assesses the external auditor's independence and receives information on and approves the performance of significant non-audit services.

The Audit Committee currently consists of the board members Fredrik Cappelen (Chair), Åsa Bergman and Johan Menckel.

Disputes and other legal matters

Disputes

Brazil – Estrela Azul

In connection with the efforts of Securitas to expand its activities in Latin America, Securitas entered into an agreement in 2005 with respect to the possible acquisition of a guarding company in Brazil, Estrela Azul (the "EA Group"). The governmental approvals took much longer than anticipated to obtain and during such period the financial condition of the EA Group substantially deteriorated. Given this decline, Securitas exercised its right to withdraw from the acquisition in December 2006.

The companies within the EA Group filed for protection from its creditors under Brazilian legislation in 2007, providing for a judicial restructuring process. The companies within the EA Group were declared bankrupt in 2009 and the restructuring process was replaced by bankruptcy proceedings. The bankruptcy process continues to be led by the trustee in the bankruptcy court. Various attempts by the trustee to increase the liability of Securitas in the bankruptcy has been vigorously rejected.

The EA Group in bankruptcy has asserted claims against Securitas in the bankruptcy court trying to extend liability to Securitas for the bankruptcy and the claims in the bankruptcy. The estate has not quantified its claims. The cases are slowly moving through the Brazilian legal system.

The EA Group in bankruptcy also asserted a claim of 314 million Brazilian reals, which as of 31 December 2024, was equivalent to SEK 557 million, in the civil court against Securitas, alleging that Securitas is responsible for the company's financial failure. Securitas denies all allegations. In a decision by the first instance court in Brazil, the case was fully rejected. The judgment was appealed by the bankruptcy estate to the Brazilian Court of Appeal and the Court of Appeal decided on formal grounds to nullify the judgment and to remand the case to the first instance court for retrial (and production of evidence). The retrial has since moved slowly through the Brazilian legal system and after further delays due to the COVID-19 pandemic, the first instance court ruled in March 2024 fully in favour of Securitas. The bankruptcy estate since appealed the judgment to the Court of Appeal, where the case is currently handled. Securitas has maintained its previous position in respect of the claims.

In addition, several former employees of the EA Group have sued Securitas and other parties in labour courts and claimed, inter alia, wages and other compensations. The number of labour law cases involving Securitas

has continued to decrease and the claimed amounts are in average relatively low. Securitas denies all responsibility for such labour claims.

Spain – tax audit

The Spanish tax authority has, in connection with an audit of Securitas Spain in 2014, challenged certain interest payments and decided to reject interest deductions made for the financial years 2008–2009.

The Spanish National Court, Audiencia Nacional, issued their judgment in October 2023 regarding the years 2008-2010, implying that all challenged interest deductions for the years 2008 – 2009 were allowed. The resolution has gained legal force, and the exposure has ceased.

Further, in 2014 the tax authority decided to reject a deduction for a currency related liquidation loss in the financial year 2010, relating to a company that was acquired in 2004.

The Spanish National Court, Audiencia Nacional, issued their resolution in October 2023 that was negative. Securitas requested leave to be able to appeal the case to the Spanish Supreme Court, which was recently granted.

If finally upheld by the Supreme Court, the resolution by the Spanish tax authority regarding the liquidation loss would result in a tax of EUR 20.3 million, equivalent to SEK 224 million, including interest up to 31 December 2023 (as of 31 December 2022, this exposure was estimated to be EUR 19.8 million, equivalent at that time to SEK 220 million).

Securitas believes it has acted in accordance with applicable law and will defend its position in the Supreme Court. However, the tax resolution causes some uncertainty, and it may take several years until a final judgment will be received.

Spain – Mutua

Securitas in Spain has received a claim of EUR 6.3 million from the social security authorities relating to services allegedly received from Mutua Universal in the period 1998 to 2007. The authorities are questioning whether such services, in such case, were allowed to be provided under applicable regulations. This is a consequence of a lawsuit against some of Mutua Universal's former employees. Securitas is affected, as are over 2,000 other companies, as an indirect beneficiary of the services rendered. Securitas is convinced that the Company has acted in accordance with applicable law.

United States – Government investigation

The U.S. Government is conducting an investigation into Paragon Systems, Inc, a U.S.-based subsidiary operating under a proxy agreement as required by the U.S. authorities to be eligible for U.S. Government business. The investigation relates to alleged misconduct by certain former employees and to Paragon's relationship with various small business entities which were a direct or indirect party to contracts with the U.S. Government starting around 2012. Paragon is cooperating fully with the investigation.

Securitas provided a provision of USD 53 million in the third quarter of 2024 related to this investigation. On 14 November 2024, it was announced that a settlement was concluded at USD 52 million. In addition, other costs related to the investigation totals approximately USD 1 million. The settlement amount will be paid in 2025.

DESCRIPTION OF SECURITAS TREASURY IRELAND DESIGNATED ACTIVITY COMPANY

In this section, the “Group” refers to the group in which Securitas AB (publ) is the parent company.

General

Securitas Treasury Ireland Designated Activity Company (“STI”) is a wholly owned subsidiary of Securitas AB. STI is a limited liability company duly incorporated under the laws of Ireland on 6 December 1989. STI is registered as a designated activity company limited by shares, that is to say a private company limited by shares registered under Part 16 of the Irish Companies Act, 2014 with the Irish Registrar of companies under Number 152440. STI's registered address is International House, 3 Harbourmaster Place, IFSC, Dublin 1, Ireland. The telephone number of the office is +353 1 4350100. As at 31 December 2021, the authorised share capital of STI amounted to 30,000,000 Ordinary Shares of SEK 10 each and issued and fully paid share capital of 210,754,700, split into 11,250,000 Ordinary Shares SEK 10 each and 9,825,470 Redeemable Ordinary Shares of SEK 10 each. STI is part of the Group's treasury organisation and, in its role as internal bank of the Group, it is dependent on the performance of the other Group companies to which it provides finance.

STI's board of directors has the overall responsibility for its business. The board ensures that its management establishes and maintains an efficient system to plan and control the operations and risks of STI, as well as the compliance with regulatory requirements by STI. The risk policy established by the board sets out guidelines and quantitative limits for managing credit risk, liquidity risk, operational risk and market risk.

Business

STI, via its group treasury centre function (GTC) supports the Group by providing treasury and financial services to Securitas AB and other Group Companies, including cash management, lending to and borrowing from companies within the Group, international cash pooling and foreign exchange hedging, group liquidity/debt management, interest rate risk management, management of banking and rating agency relationships. Consolidated financial management offers better potential to utilise the Group's financial resources and professionally manage risks related to financial management. STI's operations are carried out according to centrally determined risk mandates and limits designed to minimise the credit, currency, interest rate and liquidity risks to which the Group is exposed. These risks and the manner in which the Group handles them are presented on pages 23-24 under the heading “*Financial risks*” in this Base Prospectus and in the Group Annual and Sustainability Report 2021 incorporated by reference in this Base Prospectus (see “*Documents Incorporated by Reference*” herein).

Management of STI

Audrey Deng Managing Director of STI and Group Treasurer of Securitas AB

Anne Fitzgerald Director, Financial and Operations Controller

Board of Directors of STI

The constitution of STI states that the number of directors, from time to time, shall be not less than two and not more than ten; the directors of the company however appointed, shall not be required to retire at any annual general meeting; STI may, by way of an ordinary resolution remove a director before the expiration of his period of office notwithstanding any agreement between STI and that director. The directors are:

Andreas Lindback Chief Financial Officer, Securitas AB

Audrey Deng Managing Director of STI and Group Treasurer of Securitas AB

Anne Fitzgerald Director, Financial and Operations Controller

The business address of Mr. Lindback is Lindhagensplan 70, SE-102 28 Stockholm, Sweden.

The business address of Ms Deng and Ms Fitzgerald is International House, 3 Harbourmaster Place, IFSC, Dublin 1, Ireland.

STI is not aware of any actual or potential conflicts of interest between the duties to STI of the persons listed above in the sections "*Management of STI*" and "*Board of Directors of STI*" and their private interests or other duties.

TAXATION

The statements below are of a general nature and are based on certain aspects of current tax laws, regulations, rulings and decisions now in effect, all of which are subject to change. The comments relate to the position of persons (other than Dealers) who are the absolute beneficial owners of the Notes and interest thereon but are not exhaustive and may not apply to certain classes of persons. Neither such statements nor any other statements in this Base Prospectus are to be regarded as advice on the tax position of any Noteholder or any person purchasing, selling or otherwise dealing in Notes. Prospective holders of Notes and Noteholders who are in doubt about their tax position should consult their own professional advisers.

Sweden

The following summary outlines certain Swedish income tax consequences of the acquisition, ownership and disposition of Notes and is based on the Swedish tax laws in force as of the date of this Base Prospectus. The summary does not address all potential aspects of Swedish taxation that may be applicable to a potential investor in the Notes and the summary is neither intended to be, nor should be construed as, legal or tax advice. A potential investor in the Notes should therefore consult with its own tax advisor as to the Swedish or foreign tax consequences of the acquisition, ownership and disposition of Notes. Certain categories of investors may also be exempt from income tax and/or subject to other specific tax regimes.

(i) *Non-resident Holders of Notes*

As used herein, a “Non-resident Holder” means a holder of Notes who is (a) an individual who is not a resident of Sweden for tax purposes and who has no connection to Sweden other than his/her investment in the Notes, or (b) an entity not organised under the laws of Sweden.

Under Swedish tax law, payments of principal or interest to a Non-resident Holder of Notes will not be subject to Swedish income tax unless such Non-resident Holder of Notes carries on a trade or business through a permanent establishment in Sweden to which the payment of principal or interest is attributable.

Swedish tax law does not impose withholding tax on payments of principal or interest to a Non-resident Holder of Notes.

Under Swedish tax law, a capital gain on a sale of Notes by a Non-resident Holder will not be subject to Swedish income tax unless the Non-resident Holder of Notes carries on a trade or business in Sweden through a permanent establishment to which the capital gain is attributable.

Private individuals who are not resident in Sweden for tax purposes may be liable to capital gains taxation in Sweden upon disposal or redemption of certain financial instruments, depending on the classification of the particular financial instrument for Swedish income tax purposes, if they have been resident in Sweden or have lived permanently in Sweden at any time during the calendar year of disposal or redemption or the ten calendar years preceding the year of disposal or redemption. This liability may, however, be limited by tax treaties between Sweden and other countries.

(ii) *Resident Holders of Notes*

As used herein, a “Resident Holder” means a holder of Notes who is (a) an individual who is a resident of Sweden for tax purposes, or (b) an entity organised under the laws of Sweden.

In general, payment of any amount that is considered to be interest for Swedish tax purposes to a Resident Holder of Notes will be subject to Swedish income tax. A Resident Holder of Notes will also be subject to Swedish income tax on any capital gain on the sale of Notes. Redemption of Notes is treated as a sale of Notes. Amortisation of principal is not otherwise subject to Swedish income tax.

Swedish tax law does not impose withholding tax on payments of principal or interest to a Resident Holder of Notes. However, preliminary income tax is withheld on payments of interest to individuals and estates of deceased individuals.

Ireland

The following is a summary based on the laws and practices currently in force in Ireland regarding the tax position of investors beneficially owning their Notes and should be treated with appropriate caution. Particular rules may apply to certain classes of taxpayers holding Notes. The summary does not constitute tax or legal advice and the comments below are of a general nature only. Prospective investors in the Notes should consult their professional advisors on the tax implications of the purchase, holding, redemption or sale of the Notes and the receipt of interest thereon under the laws of their country of residence, citizenship or domicile. Prospective investors should be aware that the anticipated tax treatment in Ireland summarised below may change.

Withholding Taxes

In general, withholding tax at the rate of 20 per cent. must be deducted from payments of yearly interest that are within the charge to Irish tax, which would include those made by an Irish resident company. There are exemptions from this general withholding tax obligation in Ireland's domestic tax legislation, some of which are detailed below in parts (A), (B) and (C) of this Withholding Taxes section.

Outbound payments defensive measures

As part of Finance (No.2) Act 2023, Ireland has introduced new legislative measures, which will apply withholding tax, or dis-apply existing domestic withholding tax exemptions, to certain Irish source outbound payments of interest. This new legislation is effective from 1 January 2024. To be in scope, the interest payment must be made by a company to an "associated entity" (further detail below) that is resident in a "specified territory". In this context, a "specified territory" is defined as (i) a territory that is on Annex I of the EU list of non-cooperative jurisdictions or (ii) a zero-tax or no-tax territory. A specified territory cannot be another EU or EEA country.

As noted above, the new measures can only apply to payments made by a company to an "associated entity". Two entities will be associated if there is more than a 50% relationship in terms of share capital (or ownership interests in the case of an entity which does not have share capital) voting power or entitlement to profits. Two entities will also be associated in cases where one entity has "definite influence in the management of" the other entity, or where the two entities are both associated entities of another entity. In this context, one entity (herein referred to as 'the first-mentioned entity') shall be considered to have definite influence in the management of another entity (herein referred to as 'the second-mentioned entity') where the first-mentioned entity has the ability to participate, on the board of directors or equivalent governing body of the second-mentioned entity, in the financial and operating policy decisions of the second-mentioned entity, where that ability causes, or could cause, the affairs of the second-mentioned entity to be conducted in accordance with the wishes of the first-mentioned entity.

Subject to all Noteholders being either: (i) not an "associated entity" of the Issuer, or (ii) not resident in a "specified territory", the Issuer will not be obliged to make a withholding or deduction for or on account of Irish income tax from a payment of interest on a Note so long as the interest paid on the relevant Note falls within one of the following categories.

(A) *Interest paid on a quoted Eurobond*

Section 64 of the Taxes Consolidation Act 1997 of Ireland ("TCA") provides for the payment of interest in respect of quoted Eurobonds without deduction of tax in certain circumstances. A "quoted Eurobond" is defined in Section 64 TCA as a security which:

- (a) is issued by a company;
- (b) is quoted on a recognised stock exchange (Euronext Dublin is a recognised stock exchange for this purpose); and
- (c) carries a right to interest.

There is no obligation to withhold tax on quoted Eurobonds where:

- (a) the person by or through whom the payment is made is not in Ireland; or

- (b) the payment is made by or through a person in Ireland, and
 - (i) the quoted Eurobond is held in a recognised clearing system (Euroclear and Clearstream, Luxembourg are recognised clearing systems); or
 - (ii) the person who is the beneficial owner of the quoted Eurobond and who is beneficially entitled to the interest is not resident in Ireland and has made an appropriate written declaration to this effect to a relevant person (such as a paying agent located in Ireland).

Thus, so long as the Notes to be issued by the Issuer continue to be quoted on a recognised stock exchange and are held in a recognised clearing system, the payment of interest in respect of such Notes should be capable of being made without withholding tax, regardless of where the Noteholder is resident (subject to the application of the new defensive measures on certain outbound payments summarised above). In addition to the general exclusions detailed above, the new legislation on outbound payments defensive measures includes a specific exclusion for payments of interest on quoted Eurobonds where it is reasonable to consider that the company making the interest payments is not, and should not be, aware that the interest is payable to an associated entity (as defined).

(B) *Interest paid on a wholesale debt instrument*

A “wholesale debt instrument” includes commercial paper (as defined in Section 246A(1) TCA). In that context “commercial paper” means a debt instrument, either in physical or electronic form, relating to money in any currency, which is issued by a company, recognises an obligation to pay a stated amount, carries a right to interest or is issued at a discount or at a premium, and matures within 2 years. The exemption from Irish withholding tax applies if:

- (i) the wholesale debt instrument is held in a recognised clearing system (which includes Clearstream, DTC and Euroclear); and
- (ii) the wholesale debt instrument is of an approved denomination; and in this context an approved denomination means a denomination of not less than:
 - (A) in the case of an instrument denominated in euro, €500,000;
 - (B) in the case of an instrument denominated in United States Dollars, \$500,000; or
 - (C) in the case of an instrument denominated in a currency other than euro or United States Dollars, the equivalent in that other currency of €500,000 (using the conversion rate applicable at the time the programme under which the instrument is to be issued is first publicised).

In addition to the general exclusions detailed above, the new legislation on outbound payments defensive measures includes a specific exclusion for payments of interest on wholesale debt instruments where it is reasonable to consider that the company making the interest payments is not, and should not be, aware that the interest is payable to an associated entity (as defined).

(C) *Interest paid in the ordinary course of business to certain non-Irish resident companies*

Section 246 TCA provides an exemption in respect of interest payments made by a company in the ordinary course of a trade or business carried on by it to a company (i) which, by virtue of the law of a relevant territory, is resident in the relevant territory for the purposes of tax, and that relevant territory imposes a tax that generally applies to interest receivable in that territory by companies from sources outside that territory, or (ii) where the interest is either (A) exempted from the charge to income tax under arrangements made with the government of a territory outside Ireland having the force of law under procedures set out in Section 826(1) TCA, or (B) would be exempted from the charge to income tax if arrangements made, on or before the date of payment of the interest with the government of a territory outside Ireland that do not have force of law under procedures set out in Section 826(1) TCA, had the force of law when the interest was paid, except in each case at (i) or (ii) where the interest is paid to the company in connection with a trade or business carried on in Ireland by that company through a branch or agency.

A “relevant territory” is (a) a Member State of the European Union other than Ireland; (b) not being such a Member State, a territory with which Ireland has signed a double taxation agreement that is in effect; or (c)

a territory with the government of which arrangements have been made which on completion of the procedures set out in Section 826(1) TCA will have the force of law.

(D) *Short interest*

Short interest is interest payable on a debt for a fixed period that is not intended to exceed and, in fact, does not exceed, 365 days. The test is a commercial test applied to the commercial intent of each series of Notes issued under the Programme. For example, if there is an arrangement or understanding (whether legally binding or not) for the relevant series of Notes (or particular Note within a series) to have a life of 365 days or more, the interest paid on the relevant Note(s) will not be short interest and, unless an exemption applies, a withholding will arise.

For other holders of Notes, interest may be paid free of withholding tax if the Noteholder is resident in a double tax treaty country and under the provisions of the relevant treaty with Ireland such Noteholder is exempt from Irish tax on the interest and clearance in the prescribed form has been received by the Issuer before the interest is paid.

Encashment Tax

In certain circumstances (e.g. in the case of quoted Eurobonds), Irish tax will be required to be withheld at the current rate of 25 per cent. from interest on any Note, where such interest is collected or realised by a bank or encashment agent in Ireland on behalf of any Noteholder. There is an exemption from encashment tax where the beneficial owner of the interest is not resident in Ireland and has made a declaration to this effect in the prescribed form to the encashment agent or bank.

Income Tax

In general, persons who are resident in Ireland are liable to Irish taxation on their world-wide income whereas persons who are not resident in Ireland are only liable to Irish taxation on their Irish source income. All persons are under a statutory obligation to account for Irish tax on a self-assessment basis and there is no requirement for the Irish Revenue Commissioners to issue or raise an assessment.

Interest paid on the Notes has an Irish source and therefore interest earned on such Notes will be regarded as Irish source income. Accordingly, pursuant to general Irish tax rules, a non-Irish resident person in receipt of such income would be technically liable to Irish income tax (and the universal social charge if received by an individual) subject to the provisions of any applicable double tax treaty. Ireland currently has 73 double tax treaties in effect and the majority of them exempt interest from Irish tax when received by a resident of the other jurisdiction. Credit is available for any Irish tax withheld from income on account of the related income tax liability. Non-Irish resident companies, where the income is not attributable to a branch or agency of the company in Ireland, are subject to income tax at the standard rate. Therefore, any withholding tax suffered should be equal to and in satisfaction of the full income tax liability. (Non-Irish resident companies operating in Ireland through a branch or agency of the company in Ireland to which the income is attributable would be subject to Irish corporation tax).

There is an exemption from Irish income tax under Section 198 TCA in certain circumstances. These circumstances include:

- (a) where the interest is paid by a company in the ordinary course of a trade or business carried on by it to a company (i) which is not resident in Ireland and which, by virtue of the law of a relevant territory, is resident in the relevant territory for the purposes of tax, and that relevant territory imposes a tax that generally applies to interest receivable in that territory by companies from sources outside that territory, or (ii) where the interest is either (A) exempted from the charge to income tax under arrangements made with the government of a territory outside Ireland having the force of law under procedures set out in Section 826(1) TCA, or (B) would be exempted from the charge to income tax if arrangements made, on or before the date of payment of the interest with the government of a territory outside Ireland that do not have force of law under procedures set out in Section 826(1) TCA, had the force of law when the interest was paid;
- (b) where the interest is payable on a quoted Eurobond or a wholesale debt instrument (see "*Withholding Taxes*" above) and is paid by a company to a person who is not resident in Ireland and is resident in a relevant territory (residence to be determined under the laws of that relevant territory) or to a company not resident in Ireland which is under the control, whether directly or indirectly, of a

person/persons who by virtue of the law of a relevant territory is/are resident in a relevant territory (residence to be determined under the laws of that relevant territory) and is/are not under the control of person(s) who are not so resident, or to a company not resident in Ireland where the principal class of shares of the company or its 75 per cent. parent is substantially and regularly traded on a recognised stock exchange; or

- (c) where discounts arise to a person in respect of securities issued by a company in the ordinary course of a trade or business, where that person is not resident in Ireland and is resident in a relevant territory (residence to be determined under the laws of that relevant territory).

Interest that is exempt from income tax under any of these exemptions is also exempt from the universal social charge.

Interest on the Notes which do not fall within the above exemptions are within the charge to Irish income tax (and the universal social charge in the case of a Noteholder who is an individual) to the extent that a double tax treaty does not exempt the interest or discount as the case may be. However, it is understood that the Irish Revenue Commissioners have, in the past, operated a practice (as a consequence of the absence of a collection mechanism rather than adopted policy) whereby no action will be taken to pursue any liability to such Irish tax in respect of persons who are regarded as not being resident in Ireland except where such persons:

- (i) are chargeable in the name of a person (including a trustee) or in the name of an agent or branch in Ireland having the management or control of the interest; or
- (ii) seek to claim relief and/or repayment of tax deducted at source in respect of taxed income from Irish sources; or
- (iii) are chargeable to Irish corporation tax on the income of an Irish branch or agency or to income tax on the profits of a trade carried on in Ireland to which the interest is attributable.

There can be no assurance that the Irish Revenue Commissioners will apply this practice in the case of the holders of Notes and, as mentioned above, there is a statutory obligation to account for Irish tax on a self-assessment basis and there is no requirement for the Irish Revenue Commissioners to issue or raise an assessment.

Capital Gains Tax

A holder of a Note will not be subject to Irish taxes on capital gains (at a current rate of 33 per cent.) provided that: (i) such holder is neither resident nor ordinarily resident in Ireland; (ii) in the case of a company, such company does not carry on a trade in Ireland through a branch or agency to which the Notes are attributable; or (iii) the Notes do not cease to be listed on a stock exchange in circumstances where the Notes derive their value or the greater part of their value from Irish real estate, mineral rights or exploration rights.

Capital Acquisitions Tax

If the Notes are comprised in a gift or inheritance taken from an Irish resident or ordinarily resident disponent or if the disponent's successor is resident or ordinarily resident in Ireland, or if any of the Notes are regarded as property situate in Ireland, the disponent's successor (primarily), or the disponent, may be liable to Irish Capital Acquisitions Tax (at a current rate of 33 per cent.). The Notes, if in registered definitive form, would be regarded as property situate in Ireland if the principal register of the Notes is maintained in Ireland.

For the purposes of capital acquisitions tax, under current legislation a non-Irish domiciled person will not be treated as resident or ordinarily resident in Ireland for the purposes of the applicable legislation except where that person has been resident in Ireland for the purposes of Irish tax for the 5 consecutive years of assessment immediately preceding the year of assessment in which the date of the gift or inheritance falls.

Stamp Duty

Irish stamp duty will not be levied on the issue or redemption of the Notes. A transfer of Notes in bearer form by physical delivery only, and not otherwise, will not attract Irish stamp duty.

In the event of written transfer of Notes, no stamp duty is chargeable provided that the Notes:

- (i) do not carry a right of conversion into stocks or marketable securities of a company registered in Ireland;
- (ii) do not carry rights of the same kind as shares in the capital of a company;
- (iii) are not issued at a discount of more than 10 per cent.; and
- (iv) do not carry a right to a sum in respect of repayment or interest which is related to certain movements in an index or indices.

Where the above exemption or another exemption does not apply, the instrument of transfer is liable to stamp duty at the rate of one per cent. of the consideration paid in respect of the transfer (or if greater, the market value thereof) which must be paid in Euro by the transferee (assuming an arm's length transfer) within 30 days of the date on which the transfer instrument is executed, after which interest and penalties will apply.

OECD Model GloBE Rules and the European Commission's Proposed Directive on GloBE Rules

On 20 December 2021, the Organisation for Economic Co-operation and Development ("OECD") published the draft Global Anti-Base Erosion Model Rules which are aimed at ensuring that Multinational Enterprises ("MNEs") will be subject to a global minimum 15 per cent. tax rate from 2023 ("GloBE Rules").

On 15 December 2022, the Council of the EU unanimously adopted the agreed compromise text of a directive to implement the GloBE Rules in the EU (the "Minimum Tax Directive") which introduces a minimum effective tax rate of 15.0 per cent. for MNE groups and large-scale domestic groups which have annual consolidated revenues of at least €750 million, operating in the EU's internal market and beyond. It provides a common framework for implementing the GloBE Rules into EU Member States' national laws. The Minimum Tax Directive contains an income inclusion rule (the "IIR") and an undertaxed profit rule (the "UTPR") which allow for the collection of an additional amount of top-up tax if the effective tax rate on income of an in-scope group is under 15.0 per cent. EU Member States were required to transpose the Minimum Tax Directive into domestic legislation by 31 December 2023 with the rules becoming effective for tax years commencing on or after 31 December 2023, with the exception of the UTPR, which will apply for tax years commencing on or after 31 December 2024.

Legislation implementing the Minimum Tax Directive in Ireland is included in Part 4A of the TCA (the "Irish Pillar Two provisions") and applies to accounting periods commencing on or after 31 December 2023.

A key concept in the Irish Pillar Two provisions is a "qualifying entity", being, *inter alia*, a member located in Ireland of an MNE group (or large-scale domestic group) which has consolidated revenues of more than €750 million in at least two out of the previous four accounting periods. A "group" is defined for the purposes of the Irish Pillar Two provisions as all entities which are related through ownership or control for the purpose of the preparation of consolidated financial statements by the ultimate parent entity, including any entity that may have been excluded from the consolidated financial statements of the ultimate parent entity solely based on its small size, on materiality grounds or on the grounds that it is held for sale. The Irish Pillar Two provisions are broader than the Minimum Tax Directive and can also apply a top-up tax to standalone entities (i.e. entities that are not part of a consolidated group) with annual revenues of at least €750 million in at least two out of the previous four accounting periods.

If the Issuer is at or above the €750 million revenue threshold on a consolidated or standalone basis, as applicable, for at least two of the preceding four accounting periods, and is not otherwise excluded from the Irish Pillar Two provisions, and its effective tax rate for the purposes of the Irish Pillar Two provisions is lower than the minimum tax rate of 15 per cent., it may be within scope of the Irish domestic top-up tax. There are complex rules around how the profits of a "qualifying entity" are calculated and adjusted for tax purposes, and how the tax is allocated between different members of the group.

Deductibility of Interest - EU Anti-Tax Avoidance Directive and EU Anti-Tax Avoidance Directive 2

As part of its anti-tax avoidance package the EU Council adopted the Anti-Tax Avoidance Directive on 12 July 2016 in Council Directive (EU) 2016/1164 ("ATAD 1"). ATAD 1 needed to be implemented by each EU Member State as of 1 January 2019, subject to certain derogations. On 29 May 2017 additional measures

were introduced in Council Directive (EU) 2017/952 to neutralise the effects of hybrid mismatches with third countries (“ATAD 2”). The measures introduced in ATAD 2 had to be implemented by 1 January 2020 and 1 January 2022 (to the extent relating to reverse hybrid mismatches).

ATAD 1 and ATAD 2 contain various measures that could potentially result in certain payments made by the Issuer ceasing to be fully deductible which could increase the Issuer’s liability to tax.

There are two measures which are of particular relevance to the Issuer.

Firstly, ATAD 1 (as amended by ATAD 2) provides for hybrid mismatch rules. These rules are designed to neutralise arrangements where amounts are deductible from the income of one entity but are not taxable for another, or the same amounts are deductible for two entities. These rules could potentially apply to the Issuer where: (i) the interest that it pays under the Notes, and claims deductions from its taxable income for, is not brought into account as taxable income by the relevant Noteholder, either because of the characterisation of the Notes or the payments made under them, or because of the nature of the Noteholder itself; and (ii) the mismatch arises between associated enterprises, between the Issuer and an associated enterprise or under a structured arrangement. The Irish legislation dealing with hybrid mismatches came into effect on 1 January 2020.

To the extent the Issuer is deemed to be associated with any of its Noteholders, or is engaged in certain transactions which have, as their purpose, the exploitation of hybrid mismatches, these Irish anti-hybrid rules may impact the deductibility of payments of interest by the Issuer to certain Noteholders. Associated for Irish tax purposes in this context includes direct and indirect participation in terms of voting rights or capital ownership of 25 per cent. or more than 50 per cent. in certain circumstances or an entitlement to receive 25 per cent. or more than 50 per cent. in certain circumstances of the profits of that entity as well as entities that are part of the same consolidated group for financial accounting purposes or enterprises that have a significant influence in the management of the taxpayer.

Noteholders are not currently anticipated to be persons who would be considered associated with the Issuer, merely by reason of holding Notes.

Secondly, ATAD 1 provides for an “interest limitation rule” which restricts the deductible interest of an entity to 30 per cent. of its earnings before interest, tax, depreciation and amortisation (“EBITDA”) (there is a de minimis threshold of €3,000,000 per accounting period of 12 months). However, the interest limitation only applies to the net borrowing costs of an entity (being the amount by which its borrowing costs exceed its taxable interest revenues and other economically equivalent taxable revenues). Thus, if an entity has net interest income for an accounting period (i.e. no exceeding borrowing costs, or its exceeding borrowing costs do not exceed the higher of 30 per cent. of the entity’s tax-adjusted EBITDA or the de minimis threshold), a restriction does not apply.

The Irish legislation that was enacted for the implementation of the interest limitation provision applies to accounting periods commencing on or after 1 January 2022.

The legislation provides for implementation of the ‘group ratio’ and ‘equity ratio’ of the ATAD 1 interest limitation provision and makes, *inter alia*, the equity ratio provisions available to an entity which qualifies as a “single company worldwide group” (as defined in Section 835AY of the TCA). The equity ratio permits a company whose ratio of equity to total assets in an accounting period is 98% or more of the group’s ratio for the accounting period to elect to apply the equity ratio rule and therefore disapply the interest limitation provision for the accounting period. Where a company is a “single company worldwide group” and no amount is owed by the company to its “associated enterprises” which gives rise to deductible interest equivalent, the company’s equity ratio should always be the same as that of the group so that the company could elect to apply the equity ratio and thereby disapply the interest limitation rule.

A “single company worldwide group” means a company that is not a member of a “worldwide group”, a member of an “interest group”, or a “standalone entity” (each, as defined). The Issuer would qualify as a “single company worldwide group” where it is not a member of a “worldwide group” (e.g. its results are not fully included in consolidated financial statements prepared under generally accepted accounting practice or an alternative body of accounting standards) and it does not elect to be a member of an interest group (which it could not do in any case unless it was a member of a worldwide group or an Irish corporate tax loss group). Where the Issuer qualifies as a “single company worldwide group” and the Issuer does not owe any amount which gives rise to deductible interest equivalent to an entity which is an “associated enterprise” in respect of the Issuer, the Issuer should be able to elect to apply the equity ratio and thereby disapply the

interest limitation rule. These provisions may mean the implementation of the ATAD 1 interest limitation provision in Ireland has no material impact on the Issuer irrespective of whether the Issuer has annual exceeding borrowing costs in excess of the higher of 30 per cent. of its tax-adjusted EBITDA or €3,000,000.

If however the Issuer receives income that is not considered interest or equivalent to interest in excess of €3,000,000 in any year, and the Issuer is not a “single company worldwide group” (for example because a Noteholder and the Issuer are included in the same consolidated financial statements other than as a “non-consolidating entity”), then the Issuer’s liability to corporation tax in Ireland may increase. An increase in the Issuer’s Irish corporation tax liability in these circumstances may constitute a tax event under Condition 6(b) (*Redemption for taxation reasons*). If a tax event were to occur, the Notes may be redeemed in accordance with Condition 6(b) (*Redemption for taxation reasons*) in whole but not in part at the option of the Issuer, subject to (i) the Issuer having failed to cure the tax event and (ii) certain minimum notice periods.

FATCA Implementation in Ireland

The governments of Ireland and the United States have signed an Agreement to Improve International Tax Compliance and to Implement FATCA (the “Ireland IGA”). The Ireland IGA is of a type commonly known as a “model 1” agreement. In July 2014, Ireland enacted Financial Accounts Reporting (United States of America) Regulations 2014 (the “Irish FATCA Regulations”).

The Ireland IGA and Irish FATCA Regulations provide for the automatic reporting and exchange of information in relation to accounts held in Irish “financial institutions” by U.S. persons and the reciprocal exchange of information regarding U.S. financial accounts held by Irish residents.

The Issuer expects to be treated as a reporting “Financial Institution” for FATCA purposes and intends to carry on its business in such a way as to ensure that it is treated as complying with FATCA pursuant to the terms of the Ireland IGA and the Irish FATCA Regulations. Unless an exemption applies, the Issuer shall be required to register with the IRS as a “reporting financial institution” for FATCA purposes. In order for the Issuer to comply with its FATCA obligations it will be required to report certain information to the Irish Revenue Commissioners relating to Noteholders who, for FATCA purposes, are specified U.S. persons, non-participating financial institutions or passive non-financial foreign entities (“NFFEs”) that are controlled by specified U.S. persons. Any information reported by the Issuer to the Irish Revenue Commissioners will be communicated to the IRS pursuant to the Ireland IGA. It is possible that the Irish Revenue Commissioners may also communicate this information to other tax authorities pursuant to the terms of any applicable double tax treaty, intergovernmental agreement or exchange of information regime.

The Issuer or its agents shall be entitled to require Noteholders to provide any information and documentation regarding their FATCA status, identity or residency required by the Issuer to satisfy its FATCA obligations. Noteholders will be deemed, by their subscription for or holding of Notes to have authorised the automatic disclosure of such information by the Issuer or any other authorised person to the relevant tax authorities.

The Issuer should not generally be subject to FATCA withholding tax in respect of its U.S. source income for so long as it complies with its FATCA obligations. However, FATCA withholding tax may arise on U.S. source payments to the Issuer if the Issuer does not comply with its FATCA registration and reporting obligations and the IRS specifically identified the Issuer as being a ‘non-participating financial institution’ for FATCA purposes. In addition, the Issuer may be unable to comply with its FATCA obligations if Noteholders do not provide the required certifications or information.

If an amount in respect of FATCA withholding were to be deducted or withheld either from amounts due to the Issuer or from interest, principal or other payments made in respect of the Notes, neither the Issuer nor any principal paying agent nor any other person would, pursuant to the conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding. As a result, investors may receive less interest or principal than expected.

Noteholders should consult their own tax advisors as to the potential implication of the reporting requirements imposed on the Issuer by FATCA before investing.

The Common Reporting Standard

On 21 July 2014, the Standard for Automatic Exchange of Financial Account Information in Tax Matters was published by the OECD and this includes the Common Reporting Standard (the “CRS”). The CRS provides that certain entities (known as Financial Institutions) shall identify “Accounts” (as defined, broadly equity and

debt interests in the Financial Institution) held by persons who are tax resident in another CRS participating jurisdiction. That information is then subject to annual automatic exchange between governments in CRS participating jurisdictions.

Directive 2014/107/EU on Administrative Cooperation in the Field of Taxation (“DAC II”) implements the CRS in a European context and creates a mandatory obligation for all EU Member States to exchange financial account information in respect of residents in other EU Member States on an annual basis.

Ireland has provided for the implementation of CRS through Section 891F of the TCA and the enactment of the Returns of Certain Information by Reporting Financial Institutions Regulations 2015 (the “CRS Regulations”). Irish Financial Institutions are obliged to make a single return in respect of CRS and DAC II.

The Issuer is expected to constitute a Financial Institution for CRS purposes. In order to comply with its obligations under CRS and DAC II, the Issuer shall be entitled to require Noteholders to provide certain information in respect of the Noteholder’s and, in certain circumstances, their controlling persons’ tax status, identity or residence. Noteholders will be deemed, by their holding of the Notes, to have authorised the automatic disclosure of such information by the Issuer (or any nominated service provider) to the Irish Revenue Commissioners. The information will be reported by the Issuer to the Irish Revenue Commissioners who will then exchange the information with the tax or governmental authorities of other participating jurisdictions, as applicable. To the extent that the Notes are held within a recognised clearing system, the Issuer should have no reportable accounts in a tax year.

Provided the Issuer complies with these obligations, it should be deemed compliant for CRS and DAC II purposes. Failure by the Issuer to comply with its CRS and DAC II obligations may result in it being deemed to be non-compliant in respect of its CRS obligations and monetary penalties may be imposed pursuant to the Irish implementing legislation.

SUBSCRIPTION AND SALE

The Dealers have, in an amended and restated programme agreement (the "Programme Agreement") dated 11 February 2025, as amended or supplemented from time to time, agreed with the Issuers and the Guarantor a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under "*Form of the Notes*" and "*Terms and Conditions of the Notes*". In the Programme Agreement, the Issuers and the Guarantor have agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

United States

The Notes and the Guarantee have not been and will not be registered under the Securities Act, or the securities laws of any state or other jurisdiction of the United States, and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from or not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder. The applicable Final Terms (or Pricing Supplement, in the case of Exempt Notes) will identify whether TEFRA C rules or TEFRA D rules apply or whether TEFRA is not applicable.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Notes (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S of the Securities Act. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Prohibition of Sales to EEA Retail Investors

Unless the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) specifies "*Prohibition of Sales to EEA Retail Investors*" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by the Base Prospectus as completed by the Final Terms (or Pricing Supplement, as the case may be) in relation thereto to any retail investor in the EEA. For the purposes of this provision:

The expression "retail investor" means a person who is one (or more) of the following:

- (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
- (ii) a customer within the meaning of Directive (EU) 2016/97 (the "Insurance Distribution Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or

- (iii) not a qualified investor as defined in the Prospectus Regulation.

If the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) specifies “*Prohibition of Sales to EEA Retail Investors*” as “Not Applicable”, in relation to each Member State of the EEA, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms (or Pricing Supplement, in the case of Exempt Notes) in relation thereto to the public in that Member State except that it may make an offer of such Notes to the public in that Member State:

- (i) at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;
- (ii) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the relevant Issuer for any such offer; or
- (iii) at any time in any other circumstances falling within either Article 1(4) or Article 3(2) of the Prospectus Regulation,

provided that no such offer of Notes referred to in (a) to (c) above shall require the relevant Issuer or any Dealer to publish a prospectus pursuant to Article 8 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression an “offer of Notes to the public” in relation to any Notes in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

Prohibition of Sales to UK Retail Investors

Unless the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) specifies “*Prohibition of Sales to UK Retail Investors*” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by the Base Prospectus as completed by the Final Terms (or Pricing Supplement, as the case may be) in relation thereto to any retail investor in the UK. For the purposes of this provision:

The expression “retail investor” means a person who is one (or more) of the following:

- (i) a retail client as defined in point (8) of Article 2 of Regulation (EU) No. 2017/565 as it forms part of domestic law by virtue of the EUWA; or
- (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement the Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (8) of Article 2(1) of Regulation (EU) No. 600/2014 as it forms part of domestic law by virtue of the EUWA; or
- (iii) not a qualified investor as defined in Article 2 of the UK Prospectus Regulation.

If the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) specifies “*Prohibition of Sales to UK Retail Investors*” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base

Prospectus as completed by the Final Terms (or Pricing Supplement, in the case of Exempt Notes) in relation thereto to the public in the UK except that it may make an offer of such Notes to the public in the UK:

- (i) at any time to any legal entity which is a qualified investor as defined in Article 2 of the UK Prospectus Regulation; or
- (ii) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Article 2 of UK Prospectus Regulation) in the UK, subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the relevant Issuer for any such offer; or
- (iii) at any time in any other circumstances falling within section 86 of the FSMA,

provided that no such offer of Notes shall require the relevant Issuer or any Dealer to publish a prospectus pursuant to section 85 of the FSMA or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation.

For the purposes of this provision, the expression an “offer of Notes to the public” in relation to any Notes means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

United Kingdom

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (i) in relation to any Notes which have a maturity of less than one year, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (b) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of Section 19 of the FSMA by the relevant Issuer;
- (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the relevant Issuer; and
- (iii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the UK.

Sweden

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that no Notes will be offered to the public in Sweden nor admitted to trading on a regulated market in Sweden unless and until (A) a prospectus in relation to those Notes has been approved by the competent authority in Sweden or, where appropriate, approved in that Member State and such competent authority has certified to the competent authority in Sweden that the prospectus has been approved with respect to the Prospectus Regulation; or (B) an exemption from the requirement to prepare a prospectus is available under the Prospectus Regulation or the Act on Supplementary Rules to the EU Prospectus Regulation (Sw. *lagen (2019:414) med kompletterande bestämmelser till EU:s prospektförordning*) or any other Swedish enactment.

Ireland

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (i) it has not offered, sold, placed or underwritten and will not offer, sell, place or underwrite the issue of any Notes otherwise than in conformity with the provisions of the European Union (Markets in Financial Instruments) Regulations 2017 (S.I. No. 375 of 2017) (as amended) and any codes of conduct issued in connection therewith, the provisions of the Investor Compensation Act 1998 (as amended) and the Investment Intermediaries Act 1995 (as amended) and it will conduct itself in accordance with any codes and rules of conduct, conditions, requirements and any other enactment, imposed or approved by the Central Bank with respect to anything done by it in relation to the Notes;
- (ii) it has not offered, sold, placed or underwritten and will not offer, sell, place or underwrite the issue of any Notes other than in conformity with the provisions of the Central Bank Acts 1942-2018 (as amended) including any codes of conduct rules made under Section 117(1) of the Central Bank Act 1989 (as amended), the Central Bank (Investment Market Conduct) Rules 2019 (S.I. No. 366 of 2019) and any regulations issued pursuant to Part 8 of the Central Bank (Supervision and Enforcement) Act 2013 (as amended);
- (iii) it has not offered, sold, placed or underwritten and will not offer, sell, place or underwrite the issue of any Notes in Ireland otherwise than in conformity with the provisions of the European Union (Prospectus) Regulations 2019 (S.I. No. 380 of 2019), the EU Prospectus Regulation 2017/1129 and any rules issued under Section 1363 of the Companies Act 2014 (as amended) by the Central Bank;
- (iv) it has not offered, sold, placed or underwritten and will not offer, sell, place or underwrite the issue of any Notes in Ireland otherwise than in compliance with the provisions of (A) the Market Abuse Regulation (Regulation EU 596/2014); (B) the Market Abuse Directive on criminal sanctions for market abuse (Directive 2014/57/EU); (C) the European Union (Market Abuse) Regulations 2016 (S.I. No. 349 of 2016) (as amended); and (D) any rules issued by the Central Bank pursuant thereto and/or under Section 1370 of the Companies Act 2014 (as amended);
- (v) it has not offered, sold, placed or underwritten and will not offer, sell, place or underwrite the issue of any Notes otherwise than in compliance with the provisions of the Irish Companies Act, 2014; and
- (vi) it has not offered, sold, placed or underwritten and will not offer, sell, place or underwrite the issue of any Notes with a maturity date of less than 12 months except in full compliance with Notice BSD C 01/02 issued by the Central Bank,

as each of the foregoing may be amended, restated, varied, supplemented and/or otherwise replaced from time to time.

Prospective Irish investors are recommended to seek their own independent financial advice in relation to the opportunity described in this document from their own suitably qualified stockbroker, bank manager, solicitor, tax advisor, accountant or any other independent financial adviser.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended, the “FIEA”) and each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that it will not offer or sell any Notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)), or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, a resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

France

Each of the Dealers and the Issuers has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold and will not offer or sell, directly or indirectly, Notes to the public in France, and has not distributed or caused to be distributed and will not distribute or cause to be distributed to the public in France, this Base Prospectus, the applicable Final Terms (or Pricing Supplement, in the case of Exempt Notes) or any other offering material relating to Notes, and that such offers, sales and distributions have been and will be made in France only to (a) providers of investment services relating to portfolio management for the account of third parties, (b) to qualified investors

(*investisseurs qualifiés*) and/or (c) a restricted group of investors (*cercle restreint d'investisseurs*), all in accordance with, Articles L.411-1, L.411-2, D.411-1 and D411-4 of the French Code monétaire et financier.

Belgium

Other than in respect of Notes for which "*Prohibition of Sales to Belgian Consumers*" is specified as "Not Applicable" in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Notes), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that an offering of Notes may not be advertised to any individual in Belgium qualifying as a consumer within the meaning of Article I.1 of the Belgian Code of Economic Law, as amended from time to time (a "Belgian Consumer") and that it has not offered, sold or resold, transferred or delivered, and will not offer, sell, resell, transfer or deliver, the Notes, and that it has not distributed, and will not distribute, any prospectus, memorandum, information circular, brochure or any similar documents in relation to the Notes, directly or indirectly, to any Belgian Consumer.

Singapore

Each Dealer has acknowledged that this Base Prospectus has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that it has not offered or sold any Notes or caused the Notes to be made the subject of an invitation for subscription or purchase and will not offer or sell any Notes or cause the Notes to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Base Prospectus or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Notes, whether directly or indirectly, to any person in Singapore other than (i) to an institutional investor (as defined in Section 4A of the Securities and Futures Act 2001 of Singapore, as modified or amended from time to time (the "SFA")) pursuant to Section 274 of the SFA or (ii) to an accredited investor (as defined in Section 4A of the SFA) pursuant to and in accordance with the conditions specified in Section 275 of the SFA.

General

Each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that it will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Notes or possesses or distributes this Base Prospectus and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and none of the Issuers, the Guarantor or any other Dealer shall have any responsibility therefor.

None of the Issuers, the Guarantor or any Dealer represents that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

GENERAL INFORMATION

Authorisation

The update of the Programme and the issue of Notes have been duly authorised by the resolutions of the Board of Directors of Securitas AB dated 5 February 2025, and by the resolutions of the Board of Directors of STI dated 7 February 2025.

Listing, Approval and Admission to Trading

Application has been made to the Central Bank to approve this document as a base prospectus. Application has also been made to Euronext Dublin for Notes issued under the Programme to be admitted to trading on the Regulated Market and to be listed on the Official List. The Regulated Market is a regulated market for the purposes of MiFID II.

Documents Available

For the period of 12 months following the date of this Base Prospectus, copies of the following documents will, when published, be available for inspection during normal business hours from the registered offices of the Issuers and from the specified office of the Issuing and Principal Paying Agent for the time being in Luxembourg, and on the Group's website at <https://www.securitas.com/en/investors/>:

- (vi) the Sustainability-Linked Finance Framework, the Second Party Opinion and any other second party opinions issued in relation to the Sustainability-Linked Finance Framework;
- (vii) the Sustainability Performance Report(s), Verification Assurance Certificate(s) and Limited Assurance Report(s); and
- (viii) any future offering circulars, prospectuses, drawdown prospectus, information memoranda, supplements to this Base Prospectus and Final Terms and Pricing Supplements (in the case of Exempt Notes) (save that Pricing Supplements will only be available for inspection by a holder of such Note and such holder must produce evidence satisfactory to the relevant Issuer or the relevant Paying Agent, as the case may be, as to its holding of Notes and identity) and any other documents incorporated herein or therein by reference.

Clearing Systems

The Notes have been accepted for clearance through Euroclear and Clearstream, Luxembourg (which are the entities in charge of keeping the records). The appropriate Common Code and ISIN for each Tranche of Notes allocated by Euroclear and Clearstream, Luxembourg will be specified in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Notes). If the Notes are to be cleared through an additional or alternative clearing system the appropriate information will be specified in the applicable Final Terms or Pricing Supplement, as applicable.

The address of Euroclear is Euroclear Bank S.A./N.V., 1 Boulevard du Roi Albert II, B-1210 Brussels. The address for Clearstream, Luxembourg is Clearstream Banking S.A., 42 Avenue JF Kennedy, L-1855 Luxembourg.

Conditions for determining price

The price and amount of Notes to be issued under the Programme will be determined by the relevant Issuer and each relevant Dealer at the time of issue in accordance with prevailing market conditions.

Significant or Material Change

There has been:

- (A) no significant change in the financial position or financial performance of (i) Securitas AB or the Group since the date of the most recent financial statements of Securitas AB and the Group incorporated by reference in this Base Prospectus, and (ii) STI since the date of the most recent financial statements of STI incorporated by reference in this Base Prospectus; and
- (B) no material adverse change in the prospects of each of the Issuers since the date of the last audited financial statements of the Issuers incorporated by reference in this Base Prospectus.

Litigation

Except as described on pages 121-122 under the heading “*Disputes*”, neither of the Issuers nor any other member of the Group is or has been involved in any governmental, legal or arbitration proceedings (including such proceedings which are pending or threatened of which either of the Issuer is aware) in the 12 months preceding the date of this document which may have or have in such period had a significant effect on the financial position or profitability of either of the Issuers and/or the Group.

Material contracts

Neither of the Issuers have entered into any material contracts outside of the ordinary course of business, which could result in any member of the Group being under an obligation or entitlement that is material to the ability of relevant Issuer to meet its obligations to the Noteholders in respect of the Notes.

Auditor

The consolidated financial statements of Securitas AB for the two financial years ended on 31 December 2022 and 31 December 2023, have been prepared in accordance with International Financial Reporting Standards as adopted by the EU and audited without qualifications in accordance with generally accepted auditing standards in Sweden by Ernst & Young AB. Ernst & Young AB is associated with FAR, the institute for the accounting profession in Sweden. The auditor of Securitas AB has no material interest in Securitas AB. The address of Ernst & Young AB can be found on the last page of this Base Prospectus.

Yield

In relation to any Tranche of Fixed Rate Notes, an indication of the yield in respect of such Notes will be specified in the applicable Final Terms. The yield is calculated at the Issue Date of the Notes on the basis of the relevant Issue Price. The yield indicated will be calculated as the yield to maturity as at the Issue Date of the Notes and will not be an indication of future yield.
